MANY DEAD, HURT IN COLLISION OF TRAINS!

PRESIDENT COOLIDGE, in speaking to industrial leaders at Chicago today, drew his text from the story of Joseph and the Israelites and the seven years of famine as unfolded in the book of Genesis

Warning By Coolidge

NEW GOLDEN RULE TOLD BUSINESS CIRCLES

Give More Thought to Those Who Produce, President's Advice In Address

By GEORGE E. DURNO
For International News Service.

CHICAGO, Dec. 4.—On his first trip west as chief executive, President Coolidge today propounded a new industrial golden rule, which he declared must be applied between agriculture and commerce if the former is to survive and the latter is to continue to prosper.

"Prosperity cannot be divorced from humanity" was its burden.

The president's message to these two great industries was delivered at a luncheon tendered him by the Chicago Commercial club, the industrial leaders of this mammoth national market place.

He urged the commercial and industrial side of the nation to pay less attention to "wheat and corn and hogs, to their transportation and their prices" and to give more thought to the men and women who produce them.

Foreign Relations

"Do you wish to maintain a system which will contribute both to their welfare and your own," he challenged his luncheon hosts, "or to permit, even unintentionally, methods of doing business under which their want and distress will ultimately result in the failure of your own success and prosperity? You people of commerce, you people of the city, are an integral part of the life of agriculture, of the life of the country."

Mr. Coolidge applied the same principle to America's foreign relations. He warned that, in the long course of events, this nation could not hope to enjoy a permanent level of superiority in material wealth over other people of the earth.

"In the long course of affairs," he said, "and in a world which has become little more than a

$18,500 IN CASH IS TAKEN BY BANDITS

Four Robbers Hold Up Gas Company Employes In San Francisco

SAN FRANCISCO, Dec. 4.—While scores of pedestrians passed on both sides of the street, four daring bandits held up two employes of the Pacific Gas & Electric Co., in front of the company's office in the downtown district at noon today and escaped with $18,500 in cash. A handbag containing $23,000 worth of negotiable bonds, was dropped by the bandits as they fled the scene.

W. A. Johnson and Harris O'Lague, messengers, were about to get into an automobile in front of the office to take the money and bonds to a bank when the four bandits jumped out, thrust revolvers in their faces and ordered them to hold up their hands.

Johnson resisted and was struck on the head with the butt end of a revolver. O'Lague was also struck with a revolver when he attempted to run back into the office.

Mrs. Charlie Chaplin Must Go Back to Her School Books

LOS ANGELES, Dec. 4.—Lita Grey must go back to her books. School days for Charlie Chaplin's bride have not ended, according to Mrs. Edna R. Sheldon, special investigator of the department of compulsory education and child welfare of the Los Angeles Board of Education, who declared today Mrs. Chaplin had agreed to hire a tutor.

"Mrs. Chaplin must spend four hours a day in study with her tutor, bride or no bride," said Mrs. Sheldon. "This is the requirement of the law of California for minors and Lita Grey is no exception."

The actress has complied with the law in the past and avowed her intention to the Board of Education to continue to do so, according to Mrs. Sheldon. Last year Mrs. Chaplin secured a permit to work in pictures with the understanding that she would employ a tutor.

"Investigation has been made and showed that Mrs. Chaplin complied with the law," said the special investigator. "That is the only interest the board had in the Chaplin wedding. Mrs. Chaplin is 16 years old. Our records show that."

WHITE HOUSE BREAKFAST POLITICAL

Coolidge Has His Reason For Inviting Lawmakers to Early Morning 'Feed'

By DAVID LAWRENCE
Special Correspondent of The Glendale Evening News, Copyright. 1924

WASHINGTON, Dec. 4.—"Breakfast at 8 at the White House" may some day make the reporters wake up early with a suspicion that such unaccustomed beginnings of a congressional day are really significent of something impending, but thus far the only meaning the conferences between President Coolidge and the Republican members of the United States Senate is social, get together, personnal and indicative of the anxiety of the executive to get on terms of fellowship with his party colleagues.

Mr. Coolidge sat for three years on the rostrum of the Senate and gazed silently into the faces of the senators but said nothing himself. Beyond the natural comments, that go with a social visit, the White House breakfasts have developed no talkativeness on legislative measures by the president. In other days not so long ago a Roosevelt might have punctuated the conversation with staccato comment on everything going on in the official and unofficial world. A Wilson would have disclosed in dignified phrases a serious attitude toward party leadership or initiative. A Harding would have told the latest story he had heard or enjoyed the telling of the new ones by his visitors.

But Mr. Coolidge is different. First of all, he has his conferences at breakfast at the incomprehensible hour of 8. But if the truth

POLICEMEN ARRESTED

WEEHAWKEN, N. J., Dec. 4.—Eighteen members of the Weehawken police department, and Captain Charles McNamee were arrested today, charged with conspiring to violate the prohibition enforcement law.

FARMER NOW IN WEALTH OF WHEAT

Northwest Enjoying Greatest Prosperity Experienced In Past Five Years

By ALFRED FRANCIS
Special Correspondent of The Glendale Evening News, Copyright. 1924

MINNEAPOLIS, Minn., Dec. 4.—The northwest now offers a thrilling and melodramatic story, replete with figures revealing that facts are indeed stranger than fiction; that the "from rags to riches" formula works out in real life; and that the unloved stepchild sometimes does blossom into the plumed and bejeweled prince.

Six months ago the northwest was literally ragged. Its farmers were in dire straits and its business men were whistling in the dark to hide the fact that affairs were on an extremely ragged edge. Appeals were being made to the government for aid for wheat growers and discontent was general. The sheriff was literally at the door, the old homestead was about to be sacrificed, and the child cast out into the cruel world.

Today a crop valued at $1,058,000,000 has been heaped upon platter licked painfully clean. The deluge has come with a suddenness that has left the northwest, the states of North and South Dakota, Montana and Minnesota, —a trifle bewildered.

How thorough-going has been the change is perhaps best illustrated by the story bankers at Surrey, N. D., tell of a farmer who left his half section of land and went to California because of rebuffs in the last three years.

Typical Example

A "volunteer" wheat crop appeared on this man's farm this season and a neighbor wrote him to come back and harvest it. He did, goes the story, and paid off $5,500 in obligations, and had $1,500 in cash to bank.

In six short months the spectacle of banks closing with the

Jap Peaceful Invasion Of Colorado to Stop

SACRAMENTO, Dec. 4.—Legislation to halt the "peaceful invasion" of Colorado by Japanese will be sought at the next session of the Colorado state Legislature, according to governor-elect of that state, Clarence J. Morley, who is here studying California anti-alien land laws. Blocked in their attempts to colonize California, Japanese are now trickling into Colorado and settling on farm lands there, Gocernor-Elect Morley said.

Paris 'Reds' Give Big Soviet Agent Welcome

PARIS, Dec. 4.—A thousand Paris communists, singing the Internationale, shouting "Viva Le Soviet," "Vive Krassin," today welcomed the arrival of Leonid Krassin, Russian soviet ambassador to France. Krassin made his official entry to Paris at the North station.

French Claim Stand on War Debts Misstated

PARIS, Dec. 4.—The French attitude toward inter-allied debts has been misstated and the figures mentioned in press reports are inaccurate, the foreign office said today in announcing a communique would be issued tonight on the subject.

Mid-West Swept by Wintry Blasts and Heavy Snow Storm

DENVER, Dec. 4.—Transcontinental communication was severely hampered today following the winter's worst storm to date in Colorado and the Rocky mountain region.

Sweeping down from the northwest the storm covered Colorado with a blanket of snow varying in depth from four inches, in Denver, to nearly a foot in some of the mountainous districts. Today dawned clear and cool in Denver with the storm having disappeared to the east. Reports from Omaha and Lincoln indicated that a heavy driving sleet was prevailing in Nebraska with its center around North Platte.

The precipitation in Colorado broke a long drough and the moisture is expected to be of tremendous benefit to winter wheat growers and to the soil in general.

CHARGES OF FRAUD ON PETITION

Attorney Stephenson Urges City Council to Delay San Fernando Paving

Charges of fraud and misrepresentation were hurled before the City Council this morning by Attorney Dwight W. Stephenson, a former Glendale councilman, who was representing property owners along San Fernando road in a protest against the improvement of this artery with National pavement, as called for in a majority petition filed with the city clerk November 17.

Attorney Stephenson filed with the city clerk affidavits sworn to by R. B. Mullen, said to be a city trustee of Burbank, and by Mrs. Mary D. Michel of Glendale, charging that their signatures appearing on this petition are not their own and are forged.

On the strength of these affidavits, Attorney Stephenson presented a petition requesting a continuance of the matter for two weeks. Councilman C. E. Kimlin moved to grant the request, but his motion was not seconded.

Makes Protest

Mr. Stephenson at this leaped to his feet, declaring:

"This petition is tainted with fraud and I have filed with your honorable body affidavits proving it. Does this council of fiive honorable men signify by its silence that it wishes to be connected with such a petition?"

Councilman S. A. Davis: "Now Dwight, you sat on this council long enough to know better than——"

Mr. Stephenson (interrupting): "I sat on this council long enough to know a lot of things!"

Mayor Spencer Robinson: "Do you know anything wrong of this council?"

Mr. Stephenson: "I didn't say anything was wrong. You heard what I said. I will repeat it. I sat on this council long enough to know a lot of things."

Councilman S. S. Gilhuly: "This argument isn't getting us anywhere. I'll bring this matter to a head."

Moves to Proceed

Councilman Gilhuly then moved that the city attorney be instructed to prepare proceedings for the improvement of San Fernando road in accordance with the majority petition, which calls for a six-inch concrete base, with a 1½-inch National pavement top dressing.

Mr. Stephenson: "The council put in National pavement on Glen-

MELLON ASKS REFORM IN TAX LAW

Treasury Secretary Seeks Publicity Clause Repeal And Other Changes

By ROBERT S. THORNBURGH
For International News Service.

WASHINGTON, Dec. 4.—Declaring that the revenue act of 1924 has failed to provide necessary changes in the tax system that will assure national prosperity, Secretary of the Treasury Mellon, in his annual report to Congress today, recommended a far reaching program of reform.

While the real fight of the new Coolidge administration for its reorganization of the taxation system is not expected to be launched until the Sixty-ninth Congress, Mellon took occasion to outline to the short session what he considers the dangerous flaws in the 1924 law.

These provisions, said to be "inconsistent with economic laws," follow:

1—Excessive surtaxes.

2—Confiscatory estate tax rates.

3—Unworkable gift tax alleged to "unduly hamper legitimate business."

4—Publicity provisions of law characterized as "a mistake of policy" and "detriment to revenue."

In his tax recommendations Mellon particularly assailed the 37½ per cent surtax on large incomes. He stood for a reduction to a point lying between 15 and 25 per cent, on the ground that such a tax would yield more to the government in the long run.

The secretary urged that a tax system be adopted that does not put too heavy a handicap upon industry and trade, saying that the readjustment in Europe will put the industry of those countries, with lower wage and living standards, on a better basis to compete with the United States.

The publicity feature of the 1924 revenue act makes tax avoidance inevitable, according to Mel-

'BABE' HERMAN TO PLAY ON SEATTLE

Glendale Ball Player Is Secured by Killefer for Coast League

SEATTLE, Dec. 4.—"All colorful players" was the brief description of four new additions to the Seattle Baseball club contained in a telegram last night from Manager Wade Killefer at Hartford, Conn.

The most important was the sale of Jimmy Welsh for a cash consideration and three players including Pitchers Stryker and Yeargin for immediate delivery, and an unnamed player to be delivered before April 25. Killefer also announced the purchase of Pitcher Miljus, Outfielder First Baseman Babe Herman and Elliott, first baseman of the Chicago Cubs.

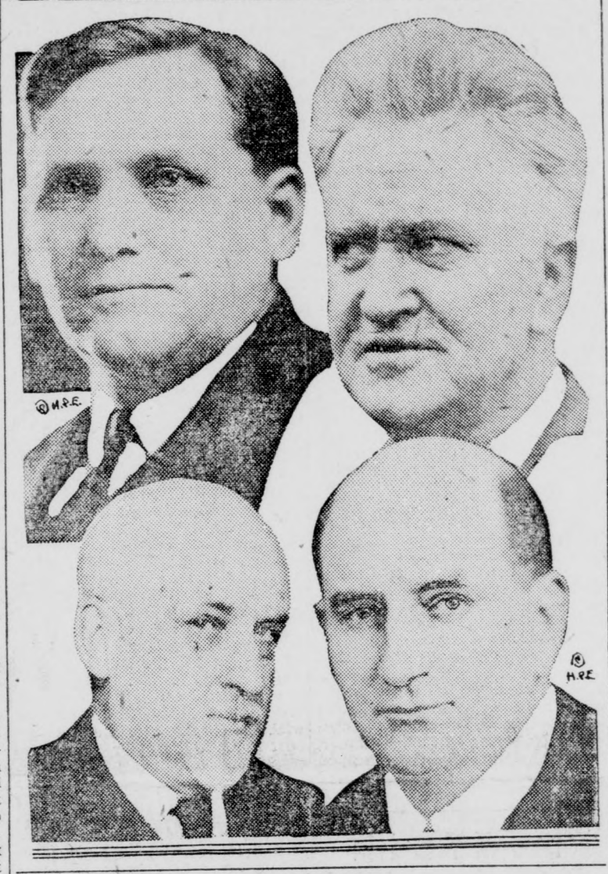
"Babe" Herman mentioned in Seattle press despatches as having been sold to the Seattle club of the Pacific Coast league, is a Glendale boy who has attracted the attention of big league scouts during his few years of professional ball playing. "Babe" starred at first base for the Little Rock club of the Southern association last year. Towards the close of the season in the southern circuit Herman became dissatisfied with the treatment accorded him by the management and upon his return to the coast immediately opened negotiations with Manager Killefer, who has always taken a keen fancy to the Glendale lad's prowess with the bat.

Herman will work hard to fill Jimmy Welsh's shoes at the initial corner for Indians, and it is known that Killefer holds to the belief that the local boy has the makings of a big leaguer with the proper handling. The Boston Red Sox at one time exercised an option on Babe's services after he led the Southern association in batting a season or two back.

Herman is also a former Glendale high star athlete. He was the outstanding football player of the high school squad several years ago.

Read Out Of Party

Above: SMITH W. BROOKHART (left) of Iowa, and ROBERT M. LA FOLLETTE of Wisconsin. Below: EDWIN F. LADD (left) and LYNN J. FRAZIER, both of North Dakota. These senators have been read out of the Republican party as a result of their part in the "third party" movement in the recent election. The action was taken by Republican senators meeting in caucus in Washington.



LA FOLLETTE PLAYS HERO IN SENATE

Stormy Petrel of Wisconsin Greets Smilingly Ones Who Ousted Him

By ROBERT T. SMALL
Special Correspondent of The Glendale Evening News, Copyright. 1924

WASHINGTON, Dec. 4.—There is no telling where he may stand at the end of this short session of the Senate, but certainly at the opening, Fighting Bob La Follette is the real hero. No man ever seemed so thoroughly to enjoy being thrown out of his party, lock, stock and barrel. The cat that ate the canary, the tiger that made off with the lady inside, both rolled into one, could not approach the smile that wreathes the rugged features of the stormy petrel from Wisconsin. At the opening session of the Senate he greeted his "executioneers" with as much gusto as he did his friends and his most recent running mate, the Hon. Burton K. Wheeler, still a democrat, of Montana.

"George, old fellow, how are you; bless your old soul; come here and give me both your hands!"

That was La Follette's salutation to the Hon. George H. Moses, senator from New Hampshire, as the Honorable George formed in line to greet the erstwhile candidate of the progressive party for president. Mr. Moses was one of the most enthusiastic of the "throw 'em out" bloc in the Republican conference. But that made no difference. He had helped to give Fighting Bob another hour in the sun. So George and Bob stood there in the Sen-

Noted Restauranteur Passes Away In Frisco

SAN FRANCISCO, Dec. 4.—Camille Mailhebusu, picturesque pioneer San Francisco restaurauteur and Bohemian, known to tourists the world over, is dead at his home here today. He was a native of France.

ACCIDENT ON KEY ROUTE LINE AT OAKLAND

Railway Electric Ploughs Its Way Half Through Crowd of Commuters

OAKLAND, Dec. 4.—Six persons are known dead, many others are reported to have been killed and scores were injured here this morning when a Sacramento-San Francisco Railway electric train telescoped a crowded Key Route ferry train.

The accident occurred on the Key Route mole when the heavy train plowed half way through the ferry train from the rear during a heavy rainstorm and thick fog.

At noon the Key system officials issued a statement announcing that formal inquiry to fix responsibility for the accident will be started tomorrow.

A revised list of the dead:

Frederick J. Gibson, 65, marine engineer, Goat Island.

C. C. O'Loughlin, Sequoiah, Contra Costa county.

Frank B. Hoppe, 3738 Rhoda avenue, Berkeley.

Charles M. Doughty, 744 East 12th street, Oakland.

Lillian Johnson, 18, 1352 East 28th street.

Unidentified woman, about 35 years of age.

Caught in the tangle of splintering wood and ripping steel, scores of passengers in the rear of the Key Route car were crushed. Several were killed outright, according to reports, and others so mangled that they died within a few minutes.

Cause of the collision has not been determined. The trestle to the Key mole is operated under what is called the safety block system in existence. It is supposed to be fool proof.

Every available hospital facility in Oakland and Berkeley was taxed to the limit by the streams of injured rushed in by hastily organized rescuers.

Hospital and police ambulances were augmented by a fleet of private automobiles offered by owners, who left their business to lend aid.

Saved From Death

In their frantic efforts to release victims pinned in the wreckage, rescue workers performed heroically. One man's life was saved by a fellow passenger who held his hands around the injured man's throat for an hour while awaiting medical assistance. This act prevented him from bleeding to death through two deep gashes in his throat.

Among the dead is believed to

(Turn to page 11, col. 7)

Senator Ladd, Insurgent, Is Off Committee

WASHINGTON, Dec. 4.—Following the edict of their conference that insurgents must not be considered in making new committee assignments, the name of Senator Ladd of North Dakota has been omitted from the Republican steering committee, it was learned today.

The new committee, with Ladd off, is expected to be named shortly, probably tomorrow, by Senator Curtis, Republican of Kansas, Republican leader of the Senate.

Curtis and Watson, Republican, Indiana, vice-chairman of the Republican conference, also are to be relieved from membership. They made this request themselves.

Senator Wadsworth, Republican of New York, is slated for the chairmanship.

ROD MURPHY SOLD

LOS ANGELES, Dec. 4.—Rod Murphy, first baseman of the Vernon club of the Pacific Coast league, was sold today to the Atlanta club of the Southern league.

LATEST NEWS

INSANITY BASED ON REFUSAL TO WORK

SACRAMENTO, Dec. 4.—Is refusal to work a symptom of insanity? This was the question confronted today by a jury in the superior court here, called to decide whether Judah Benjamin, Folsom prison's "mystery man," is sane. Benjamin, who was convicted of killing an Oakland police officer, has refused to work or take physical exercise during his seven years of confinement.

AVIATOR REPORTED KILLED IN CHILE

WASHINGTON, Dec. 4.—William Trend, an American soldier, who has been in Chile investigating the reported existence of a prehistoric monster of the dinosaur type, has been killed while flying over the Andes, according to private cable advices received here today. The message said that Trend's airplane was seen by Indians to fall in flames. He is 34 years old and a native of San Francisco.

MUSCLE SHOALS FIGHT STARTS IN SENATE

WASHINGTON, Dec. 4.—A finish fight over disposition of the government's $100,000,000 Muscle Shoals water power project was launched in the Senate this afternoon when Senator George W. Norris, Republican, of Nebraska, opened debate in defense of his government-ownership plan. Norris urged the Senate to create a government corporation to own and operate the project. This plan, approved last spring by the agriculture department, was offered as a substitute for the bill passed by the House, which accepted Henry Ford's offer for the site.

SUPPORT IS PROMISED ORATORIO

Glendale Organizations to Co-operate With Music Club on 'Messiah'

Glendale organizations are again lending hearty support to a presentation by the Oratorio department of the Glendale Music club. According to Mrs. Mattison B. Jones, a full house is anticipated for "The Messiah," December 16, at Broadway High school.

"We are greatly gratified and truly appreciative of the co-operation all organizations are giving us," said Mrs. Jones. "The majority of them have endorsed the presentation of the oratorio and have set aside that night in order that their members may attend."

At the rehearsal held Tuesday night at Harvard High school, John Smallman, director, and the singers were most happy to receive a letter from the Glendale Chamber of Commerce, stating that the forum dinner planned for December 16 had been postponed, and pledging the support of the Chamber. The letter read:

Chorus of 200

"A representative of the Glendale Music club appeared before the board of directors of the Glendale Chamber of Commerce Tuesday night, November 25, asking that the December forum meeting be changed from December 16 to another date. Yesterday a meeting was held with the City Council, who were also to be hosts at the next forum meeting, and it was unanimously decided to dispense with a forum gathering in December, holding the next one January 19. We are pleased to inform you of this change as the chamber wishes to assist in every reasonable way in the preparations for the production of 'The Messiah.'"

A dance planned for December 16 has been postponed by the Tuesday Afternoon club. The oratorio will be given by a chorus of 200 voices, the majority of singers being from Glendale. There will be a small group of specially picked voices, Mr. Smallman's Los Angeles chorus, and four talented soloists.

Tickets fo rthe concert can be obtained from members of the oratorio department. Mrs. Helen I. Campbell is in charge of patron tickets for non-club members. Mrs. Warren Roberts is handling patron tickets for members of the Music club.

By Southland News Service.

ANOTHER COURT ASKED

SANTA BARBARA, Dec. 4.—Santa Barbara County Bar association members have endorsed the establishment of a second department of superior court here. It must be passed upon by the legislature and governor and another judge elected before the court becomes operative, it is said.

BEACH RESORT PLANNED

SAN LUIS OBISPO, Dec. 4.—G. M. Scott, Los Angeles capitalist, has bought the Oilport track at Pismo Beach, near here, where more than a million dollars' worth of development already has been done. He will improve the property for a beach resort, rumors have it.

RIOT OF FALL COLORS

SANTA YNEZ, Dec. 4.—For those easterners who yearn for the riot of autumnal colors of their old home state, Santa Ynez valley on the coast line route between Los Angeles and San Francisco, presents the scene with its cottonwood and other foliage tinged by the first frost of the season.

CUT BUILDING COST

SAN BERNARDINO, Dec. 4.—A. G. Kendall has been re-elected to his third term as chairman of the county Board of Supervisors here. He also serves as ex-officio county purchasing agent. A slash of $50,000 in the cost of construction of a new courthouse was announced today by bidders who brought their price to $200,000, it is reported.

BLOOD CLOT SAVES LIFE

SAN BERNARDINO, Dec. 4.—F. M. Poole, victim of an autocar crash, will live, it was announced at the Ramona hospital, although his jugular vein was severed. A blood clot formed after physicians' effort to stop the gaping wound had failed. This saved his life.

NEW YORK CLOSING

By W. S. COUSINS
For International News Service.

NEW YORK, Dec. 4.—A broad upward tendency in railroad stocks, which embraced practically all of the listed rails from Atlanta, Birmingham and Atlantic from 3½, to Atlantic Coast line at 149¾ featured the stock market today. Prices in many of the popular rails jumped as sensationally as in any of the active post-election sessions of the market, while specialty stocks like United States Realty, United States Distributing and Mallinson Silk exceeded the best previous records of the year.

Stock sales totaled today 2,403,200 shares; bonds $25,034,000.

Revival Services at Church Will Continue

Revival services at the Broadway Methodist church will continue until Sunday night. Rev. O. D. Conrey, assistant superintendent of the Union Rescue mission in Los Angeles, will be the speaker at the services tonight and Harlan Roper of Carthage, Mo., who has been assisting with the music at the revival, will speak tomorrow night. Rev. Maurice M. Johsson, pastor of the church, left this morning for Fort Worth, Texas, where he was called by the serious illness of his father.

SOUTHLAND RADIO BROADCAST BEST

Alfred B. C. Scull Praises Concerts Presented by Stations In L. A.

The best programs presented by radio broadcasters in America come from Los Angeles, according to Alfred B. C. Scull of San Francisco, district sales manager for the Radio Corporation of America. He addressed the Glendale Rotary club at the Tuesday Afternoon club house today at the request of J. A. Newton of the electrical firm here bearing his name.

Late developments of the radio as exhibited at the show now being held at the Ambassador hotel, Los Angeles, were discussed by Mr. Scull, who revealed that New York City is to the radio world what London is to cables. America leads in the development of air communication, he pointed out.

It was announced that the Christmas day luncheon meeting of the Rotary club would be dispensed with, while New Year's night a meteing for Rotarians and their wives would be held.

Seeks Membership

Paul Carson's absence for the last few meetings was explained by William Edward Carson's application to a junior membership. Mr. Carson told of William A. Howe being ill. A code of ethics was presented to Leslie La Velle, president of the Glendale Union High school student body, by Paul E. Stillman on behalf of the club. Numerous reports were made at the call of President J. Herbert Smith. Singing was led by R. Ernest Tucker.

Visitors today included Ed Merrill, Theodore Schlueter, Harry A. Ungar, Fred Ortman, James Costello, Sam J. Brown, Sim Baldwin, E. F. Twomey, all of Los Angeles; Frank J. Wiffler, Monrovia; Fred McCargar, Salinas; L. Langstroth, Modesto; L. R. Tanner, Brainard, Minn.; Don C. Preston, Bakersfield; A. A. Fillback and Bert A. Cross, Burbank.

Charges of Fraud In Petition for Road Work

(Continued from page 1)

dale avenue when the people didn't want it. Now they are going to do it again. If I had been sitting on the council when these affidavits were presented, I would have demanded an investigation.

Councilman Davis: "You want to pass the buck to us but we will pass it right back to you. Let the property owners protest out this improvement if they don't want it. We will be governed by a 51 per cent protest."

Council Agrees

Mr. Stephenson (addressing every member of the council): "Do you mean that?"

All: "Absolutely."

Mr. Stephenson: "Very well, then I withdraw, if I may, my petition to have the hearing continued two weeks. We will take you at your words and present a majority protest, when the time comes."

Councilman Gilhuly's motion was then seconded by Councilman Davis and was passed with Councilman Kimlin's vote the only voice of dissent.

The council then passed an amendment ordering that the width of the pavement be left to the discretion of the city engineer. Inasmuch as a group of San Fernando road property owners, including L. H. Wilson and Daniel Campbell, met last night and adopted a resolution opposing National pavement and also opposing the paving of this artery from curb to curb, it was felt that this action of the council indicated a desire to respect the wishes of the property owners represented by Attorney Stephenson.

The resolution adopted last night by this group of San Fernando road property owners follows:

"Resolved, That the majority of property owners on the San Fernando road within the city of Glendale do not want National paving or any other type of patented paving.

"That a great deal of misrepresentation has been made by the National Paving Co. in securing signatures to the petition which they filed November 17, and even forgeries in some cases as evidenced by the two affidavits submitted. Many people were told that they were signing a widening petition, others, in that the National petition called for a concrete base, were told that they were signing a petition for all concrete, etc.

"That the property owners do not want San Fernando road paved from curb to curb as called for by the National petition, at this time, forty feet being sufficient until after the widening has been done. This will enable the property owners to secure more help from the county of Los Angeles and very likely from the state as well."

PROSPERITY SEEN FOR COMING YEAR

New C. C. Directors Speak At Luncheon; All Predict Unusual Growth

Newly elected officers and members of the board of directors of the chamber of commerce prophesied for the coming year in short addresses at the weekly meeting of the Greater Glendale Luncheon club held today at noon at the Masonic temple.

President D. H. Smith pledged his best efforts to the upbuilding of Glendale in 1924.

"I see no reason why Glendale will not keep on growing as it has in the past two or three years, I firmly expect that it will," he said.

First Vice-President George B. Karr said it would be possible to prophesy anything for Glendale and in his mind it would be true for 1925. He expressed the hope that a great community friendliness would develop to function through the chamber of commerce.

Stresses Civic Pride

Second Vice-President Frank L. Fox urged an awakening of civic pride. He predicted that with greater civic pride Glendale will aspire and reach even greater heights. He touched on the proposed industrial survey for Glendale. He prophesied a great industrial expansion.

Treasurer W. G. Lauderdale suggested the slogan, "Try Glendale First,;" to be adopted in the campaign for the greater patronage of Glendale merchants.

Secretary Howard I. Wood prophesied great success for the Chamber of Commerce Luncheon club during 1925.

Sees 75,000 Population

Director Arthur Campbell predicted great advancement of the chamber under President Smith and Secretary Wood and that within a year Glendale will have 75,000 population.

Director Lyman P. Clark predicted prosperity over the whole nation which he said would bring thousands to California. He said when these thousands got here the chamber of commerce would endeavor to have industries to employ them and a campaign to educated them to buy at home.

Director George Lyons praised the past work of the chamber of commerce and prophesied a greater chamber membership in 1925. He urged that everyone work 100 per cent for the chamber.

Praises Secretary

Percy J. Hayselden batted for Director Harry G. MacBain, who was absent. Mr. Hayselden praised the work of Secretary Wood since he became connected with the chamber. He urged support for the chamber and predicted success for 1925.

Director W. L. Truitt predicted the next five years will put the growth of the past in the shade.

Dr. T. C. Young, new director, declared the present Chamber of Commerce organization is on a solid and lasting basis.

Orgibet Presides

Chairman George F. Orgibet presided at today's luncheon.

Director Fred Deal said that in 1906 Glendale had sixty telephones, while today the city has over 7,000 phones. He said the net gain during 1924 has been 1,600 phones. The company plans 1,700 for 1925.

It was announced that Charles Bayer of the Los Angeles chamber will be next week's speaker.

Mayor Spencer Robinson spoke briefly, pledging the co-operation of the city with the Chamber of Commerce. Councilman Sam Davis was also introduced.

John Watson won the attendance prize which was a week's supply of gasoline and oil, donated by H. L. Coleman.

Special Offer Made In Radio Equipment

A special offer in radio equipment is being made by H. O. Stanton, 121 South Central avenue, and a selective, non-radiating, pure-toned radio receiver, equipped with genuine A tubes, Ever Ready B battery and loud speaker is being sold complete for $59.35. Mr. Stanton says this is the biggest buy in Southern California and since advertising this offer many sets have been sold.

Cereal King Expected On Visit to Glendale

W. K. Kellogg, cereal manufacturer of Battle Creek, Mich., who has been spending a few days with his wife and son at Palm Springs, will visit his brother, Dr. P. S. Kellogg of Glendale, Saturday.

Beef, Lamb Prices Are Expected to Increase

CHICAGO, Dec. 4.—Higher beef and lamb prices are anticipated this week. The beef market has improved due to scarcity of first class animals forcing prices up to $13.75 for prime yearlings. Decrease in lamb arrivals forced prices up $1 a hundred pounds.

DEATHS - FUNERALS

JAMES BRAIN

The body of James Brain, who died Sunday in San Francisco, will lie in state from 10 to 11 o'clock tomorrow morning at the Jewel City Undertaking parlors on North Orange street. Interment will take place in Grand View Memorial park.

BURBANK SINGERS TO APPEAR HERE

Choral Club to Be Hosts to Visiting Artists; Give Program at School

The first public appearance of the Burbank Choral club in Glendale will occur tomorrow night, December 5, in the Harvard High school auditorium, a particularly fine program having been announced by the visiting singers. The entertainment, to begin at 8 o'clock, will be open to the public, with the Glendale Choral club as host. No admission will be charged.

About fifty singers are expected from Burbank, many of the club members being musicians of ability beyond the average. The chorus will be directed by Charles LeRoy Munro, with Myrtle Radcliff Hart and Zefer Algots Sparrow as accompanist and pianiste, respectively.

The program will include the following numbers:

Hunting Song ..... W. W. Gilchrist
Dawn ..... Pearl Curran

La Follette True Hero When Senate Convenes

(Continued from page 1)

ate chamber with their arms on each other's shoulders and beamed and beamed and beamed.

All Down Line

It was that way all down the line. Standing at his desk, which is on the front row, center aisle of the senate—quite a prominent locality, as it were—La Follette greeted his friends and foes alike, grinning from ear to ear. He wore the smile that wouldn't come off. It was "hello Jim" to Watson of Indiana; "Hello Mac" to Medill McCormick, of Illinois; "Hello Pat" to Harrison of Mississippi; Hello Charlie" to Curtis of Kansas, with an additional: "So glad to hear you have been made leader of my former associates, Charlie." There were many Rooseveltian "dee-lighteds" interspersed with the rest of the greetings.

It was Bob's busy day. His friend Mr. Coolidge, in the White House, has got to wait until March 4.

Senator La Follette's associates in party adversity—the Honorables Brookhart, of Iowa; Ladd and Frazier, of North Dakota; did not appear near so happy as the leader of their set. But then they have not been in the senate so long and haven't so many intimate friends. All the senators made it plain to La Follette that they were chastising him not through any personal dislike, but merely as a matter of party discipline. Bob thanked them all kindly. Bob has been in the senate for twenty years and apparently can stay there just as long as he wants, call him by whatever name you will. Just at the moment he seems to be in excellent health and spirits.

Curtis in Lodge Seat

Senator Curtis has taken up the role of successor to Henry Cabot Lodge as majority leader in the most natural and veteran-like manner. He knows the ways of the senate. He has had 16 years experience in the body and has been the "whip" of his party during a great part of that time. Senator Lodge used to sit in the front to the left of the presiding officer. Senator Curtis is retained for the time being his old desk in the back row. He proceeds to the center aisle to make his announcements. It was strange not to see Senator Lodge on the floor. He was there for 31 years. Senator Curtis is a symbol of the western control. Senator Lodge was the last of the old New Englanders. Senator McLean, of Connecticut, has become the New England veteran and he has been in the senate only a matter of 13 years. Senator Warren, of Wyoming, tops the list now with 29 years of continuous service and a total of 32.

New Comers

The new senator of Massachusetts, Chairman William M. Butler, of the Republican national committee, took his swearing in with the calm coolness of a Coolidge. Senator Metcalfe, of Rhode Island, was a little nervous as he signed the members' book. Senator Means, of Colorado, gave a touch of color to the swearing in proceedings. He wore a suit of bright brick dust hue. Senator David Walsh escorted Senator Butler to the rostrum. Two years from now he hopes to wallop Butler to a fare-you-well.

Senator David Walsh had a busy day. He paid an impromptu tribute to Senator Lodge. He also referred to the Senate as an "exalted body." First time it had been called that in many a long day.

Boy Scout Executive To Speak About Boys

Harvey R. Cheesman, Boy Scout executive, will speak tomorrow afternoon before the Grand View school. His subject will be "Boys." The meeting will be from 1 to 3 o'clock.

LOS ANGELES

For Southland News Service.

LOS ANGELES, Dec. 4.—The body of a man, believed to be C. C. Kuns, of Milan, Mich., was found floating in the ocean here today with a bullet hole through the head.

Because a supervisor failed to obtain a car when one was needed from the county's fleet, an order was issued yesterday placing all machines owned by the county in a transportation department. Two emergency cars will be assigned to the sheriff's office, but, in case of a riot, it will be necessary for them to wait until requisitions have been signed, countersigned and highsigned, it is said.

Little Johnnie Jones, erstwhile Edward Peil, Jr., is $2050 ahead today as a result of Judge Harry Hollzer's decision against the J. K. McDoanld Productions Co., in a suit over a film contract for the boy's services as a star.

Supervisio nof the Pacoima and Big Santa Anita dams being built for the county flood control department will be in charge of B. F. Jacobson, named by the board of supervisors to assist County Flood Control Engineer J. W. Reagan.

Mrs. Charles Maigne, known to film fans as Anne Cornwall, is recuperating at her Hollywood home from an attack of pneumonia superinduced by a hard cold contracted while playing in snow scenes on Mount Rainier in Washington state.

Radio fans are having their inning at the auditorium in the Ambassador hotel, where a commercial exhibition of the latest equipment is to be viewed the balance of the week.

An average of $2000 daily is being collected in fines from motorists by Los Angeles police court this week. Arrests number about 200 a day, according to Captain Cleveland Heath of the traffic bureau.

Bringing completion of the new Hall of Justice building one step closer, the granite sheathing of the magnificent structure is now being placed. Cornerstone rites will be held January 1, it is announced.

Patrolman Herbert Hache, "hooch hound" of the San Pedro police division, hung up another record when he haled to court Mrs. Serapia Huncia, aged 102, as a bootlegger. She was given a suspended sentence with the admonition, "you are old enough to know better."

Legislators elected from Southern California districts will confer Friday and Saturday at the Chamber of Commerce to formulate a program for the Sacramento session the first of the year.

Wheat Farmer Rolling In Northwest Wealth

(Continued from page 1)

rapidity of paper boats sinking in a gale at sea has changed to one where hundreds of banks in the northwest have so much cash on hand that they are advertising for loans.

Farmers who could not get a sack of flour at the country store and who had mortgaged every bit of property they possessed to its utmost farthing, find themselves back taxes and store bills paid, with chattel mortgages, interest, and in hundreds of cases a share, if not all of the first mortgages on their lands cleared up.

Business is booming under this last minute transfusion of blood and the northwest finds itself suddenly in better shape than it had been in five years.

This magical transformation is the result of the greatest small grain crops in the history of the territory, coupled with prices which a few months ago, were thought impossible.

North Dakota Record

North Dakota, which last year raised 58,000,000 bushels of wheat and had to sell it for 86 cents per bushel on an average, this year raised 115,000,000 bushels of hard wheat and is selling it for from $1.26 to $1.50. Montana, where thousands of farmers deserted their farms and left in despair last year has made a comeback equally as startling. Business has jumped 50 per cent within 30 days in South Dakota, where every crop, except corn, broke all previous records. The northwest part of Minnesota, still a big grain territory, was equally fortunate.

In northwest North Dakota, centering at Minot, crops of wheat, barley, rye and flax, were commonly raised this year which exceeded the value of the land. Land in this district is listed at from $25 up an acre. This year an average of better than 21 bushels of wheat to the acre was made. The crops were so heavy that threshing has just been completed, flax shocks being pulled out of snow drifts.

Banks Overloaded

At Fargo the big banks are advertising for loans for the first time in seven years. All lines of business are reported booming.

At Aberdeen, S. D., the farmers have not yet had time to come into town to settle with their bankers as they are still busy finishing hogs for fall shipment. But northwest South Dakota alone has been paid $50,000,000 for its spring wheat. At Great Falls, Montana, banks are financing farmers in big sheep projects as the result of the grain crop.

The new agricultural wealth of which North Dakota alone will receive $432,000,000, has reduced the loans of the federal reserve bank of the ninth district to $5,630,000 the lowest figure since the war, and a drop of $110,000,000 during the past four years.

The average prairie quarter section returned $4,000 in grain crops.

EXPAND ON GLENDALE AVENUE

Fifty Business Locations Opened In Past Year, Says J. K. Todd

Nearly fifty business locations have been opened on Glendale avenue within the last year, according to James K. Todd of the Todd Realty Co., 130 South Glendale avenue.

Two fundamental reasons for this extensive development are given by Mr. Todd. One is that business has been brought by the numerous improvements that have come in approximately a year, including the extension of the Glendale-Montrose Railway Co. and the building of their new station at 135 North Glendale avenue, the paving of Glendale avenue, preparations now under way to install ornamental street lights, construction of a Union Pacific passenger station at Glendale and California avenues, erection of a six-story hotel at Glendale avenue and Broadway, and other important construction along the street.

The other reason assigned by Mr. Todd for the "coming into its own" of Glendale avenue, within the past year, is that business men are finding that lower rentals make it possible to earn more money there on smaller investments.

Frontages Selling

"Glendale avenue frontages are moving and will continue to move," he says. "This is the best money-making boulevard in Glendale and the facts bear me out. With the completion of the new hotel and the extensive developments that are bound to follow, Glendale avenue can well look to 1925 with brilliant prospects."

Within the past year, according to Mr. Todd, the following projects have located along Glendale avenue, from Verdugo road on the north to Los Feliz road on the south:

Glendale avenue and Broadway, the Glendale hotel, class A construction, six stories; Glendale avenue, first block north of Broadway, Glendale-Montrose Railway Co. station, Terminal market; Glendale avenue, second block north, Litchfield Lumber Co., store; Glendale avenue, Lexington drive, service station; Glendale avenue, sixth block north, store building; Glendale avenue and Verdugo road, service station; Glendale avenue and Windsor road, service station; Glendale avenue and Raleigh street, market and barber shop; Glendale and Elk avenues, two large apartment buildings; Glendale avenue and Colorado boulevard, market and drug store; Glendale avenue and Harvard street, service station, garage, battery station; Glendale avenue, first block south of Broadway, market, Ingledue building, two plumbing shops, Todd building, Caldwell building; Glendale avenue and Los Feliz road, serv-

Approval Given by Press Chairman on Publicity In News

Recognition of the fine publicity given by The Glendale Evening News to the recent presidents' council of Los Angeles district, California Federation of Women's clubs at the Tuesday Afternoon clubhouse, comes in a note from Mrs. E. R. Maule, district press chairman. She writes to The News:

"The publicity you gave the third presidents' council is a splendid record, which we will be very proud to include in our clipping book covering affairs in the Los Angeles district for this year."

WALLACE I. HODGE ELECTED MASTER

Officers of Masonic Order Chosen; Installation on Wednesday Night

Wallace I. Hodge was elected worshipful master of Glendale lodge, No. 544, F. and A. M., at a meeting last night in the Masonic temple on South Brand boulevard.

Other officers elected are: Alfred R. Ireland, senior warden; Richard C. Montanye, junior warden; Alexander H. Lapham, secretary; George T. Harness, treasurer; Henry J. Miller, senior deacon; George A. Campbell, junior deacon; Jack L. Hale, senior steward; Leon J. Crooker, junior steward; George W. Mishler, marshal; W. H. Flynn, chaplain; Charles J. Wolfe, trustee for three years.

Installation will be held Wednesday night, December 17, and will be open to master Masons only. The lodge is to arrange a watch party for Wednesday night, December 31, at the temple. All Masons and their families are invited to attend.

Braum's Quartette Will Sing for Club Concert

Braum's quartet will give a concert at the Ebell club in Los Angeles on December 12, and a number of Glendale people are planning to attend. The quartet is composed of 'cello, flute, piano and voice. Miss Ruth Ellen Miller, soprano, is a cousin of Mrs. James F. Armstrong of 120 North Adams street. Mrs. Alexander Nibly of Los Angeles entertained recently at a reception for the quartet, and Glendale people who attended were Mr. and Mrs. James F. Armstrong, John Stephen McGroarty, Dr. and Mrs. Bion S. Warner, Mr. and Mrs. George Bradshaw and Mr. and Mrs. Harry A. James.

A small flame from a kerosene lamp is used to turn a fan at about 500 revolutions a minute and cool the rooms of houses not supplied with electricity.

AID FOREIGN CHILDREN IN SCHOOL

Americanization Work for Pupils Described by Noted Educator

"Daughters of the American Revolution are our examples in American citizenship; in them we see our only salvation in bringing Americanization into the schools," said Miss Graf, principal of the Albion Street school, Los Angeles, where there are 815 pupils, only twenty-five of whom are Americans.

Miss Graf was honored guest and speaker yesterday at the meeting of General Richard Gridley chapter, D. A. R., at the First Congregational church. For several years the Albion school has been one of the interests of the chapter, and the members were greatly interested to hear Miss Graf. She, in turn, told the women how appreciative of contributions coming from Glendale, and of the American Christmas provided the foreign children by the Glendale chapter.

For nine years Miss Graf has been principal of the school, and has been instrumental in aiding the foreign children and their families in acquiring education and adapting themselves to American customs and ways. Yesterday she told of the organization of an adult class for foreign men. The women are also enrolled for school work.

Unemployment Large

"Never in the nine years I have been principal of the school have I known the unemployment problem to be as big as now," she declared. "This particularly affects Mexicans, due to the recent epidemic in Los Angeles. Because of that epidemic one nationally known oil company discharged every Mexican employe. Charity can't take care of all these men and their families, and they don't want charity; what they want is work."

A nursery is one of the thriving units of the school. Work done by the children is of unusual interest. Miss Graf illustrated her talk by cleverly illustrated booklets made by the pupils. She also told of the children's small contributions to welfare work. She showed dolls made by the older girls for the smaller ones, dolls and toys made for children in the juvenile ward of Los Angeles General hospital, and dolls made for women at Angel island.

"It is this happy service that makes the children more appreciative of what they receive," said Miss Graf.

Collect Magazines

She stressed the right attitude she desired from both teachers and pupils, and from her radiant personality and enthusiastic interest in her work, it may well be said she inspires those desired attitudes in all with whom she comes in contact, be they foreign, old or young.

The General Richard Gridley chapter has Mrs. M. L. Baird as

Traffic Rerouted On Los Feliz Road As Central Paved

Traffic west from Brand boulevard, on Los Feliz road, is now being diverted south to Eulalia street and thence north over San Fernando road to Los Feliz road, by order of Chief John D. Fraser of the Glendale police department. This diversion is made necessary by reason of the torn-up condition of Central avenue, which is being paved. Traffic east on Los Feliz road is being diverted north and South at San Fernando road, for the same reason.

OAKMONT CLUB TO ELECT DIRECTORS

Election Committee Selects Nine Candidates to Run For Offices

The members' election committee of the Oakmont Country club has placed in nomination a group of nine club members as candidates for 1925 directors, at the forthcoming annual election of Saturday, January 3, it was announced by George E. Leaton, secretary, today. The nominees are:

Charles C. Bowerman, president of the Bowerman Lumber Co.; Len C. Davis, president of the Grand View Memorial park; A. R. Eastman, president of the Glendale State bank; E. U. Emery, vice-president of the Federal Commercial & Savings bank; T. H. Menk, of T. H. Menk & Co., realtors; R. A. Puffer, wholesale egg broker; Marvin Smith, president of the Gibraltar Finance corporation; J. S. Thompson, retired; and J. I. Wernette, real estate and insurance broker.

Selections Praised

The committee believes that another group of members could not be found who could better carry on the business of the club during the coming year than these nominees, who are pledged to give their earnest and untiring time and attention to all activities of the Oakmont Country club.

"The position of director is not one to be willingly sought," Mr. Leaton said, "but this committee has, after careful consideration, prevailed upon the nine men mentioned to accept the nomination. Members who cannot be present in person at the election should at once sign a proxy and forward it to me in order that as wide an expression of opinion as possible may be obtained."

Proxies should be mailed to George E. Leaton at his office, 212½ West Broadway, Glendale.

Xmas Buying Greatest In History of South

ATLANTA, Dec. 4.—The full movement of Christmas buying in the south now is on. General business conditions, employment, the stocks of merchants and even the weather are favorable to the greatest period of holiday buying experienced in this section since the war. The first freeze of the year stimulated sales of clothing along with gift merchandise. Automobiles, jewelry, furs and radio equipment are moving freely and the trend is indicative of liberal spending for the next three weeks. The textile industry in the south is improving noticeably.

Bakery Merger Upsets Flour Market Normal

KANSAS CITY, Dec. 4.—The great bakery merger is an unsettling factor in the flour market at present. Independent bakers are buying only for immediate needs. Good shipping directions have been received on old contracts however, and the output of local mills is increasing.

Union Pacific Agent Takes Annual Vacation

C. A. Redmond, Glendale representative of the Union Pacific railroad, will spend the latter part of this week in San Francisco, on his annual vacation.

FINGERPRINT KNOWN TO ANCIENTS

Sergeant Williams of City Police Force Explains Origin of Method

Back in Babylon, 400 B. C., the fingerprint method of identification was used on legal and state documents, according to Sergeant F. C. Williams, fingerprint expert of the Glendale police department. This is proved by specimens of fingerprints found impressed on clay documents that have come down through the centuries.

For nearly 2000 years this practically infallible system of identification lay dormant, finally to be revived by the Chinese. So nearly impossible is it that the impressions from the fingers of two individuals could be identical, according to Sergent Williams, that such a phenomenon would not happen, mathematically, in less than 318,000 years.

"Presuming that we divide an impression into twenty parts," he says, "there being five characteristic points in a fingerprint known to the science; and presuming we use the first and give it a fraction of five, as any one of these characteristics or all of them may or may not appear in the same impression; then, applying this rule to the twenty characters, the combination will give us a fraction of 5x5x5x5, until the twenty characters have been worked out, a total of over 95,000,000,000,000 possible combinations.

World's Population

"Presuming the world's population to be 1,500,000,000, and each person to have ten fingers, it is seen that there is a possibility of 15,000,000,000 impressions. Dividing this by the possible combinations, the mathematical estimate of 318,000 years to produce a duplication is obtained.

"To go a step farther presuming that the life of the average person is fifty years, it would be approximately 6360 generations before duplication could take place. This bears out the fact that the different fingerprint patterns now on record in the various identification bureaus, are beyond the layman's comprehension. The U. S. army alone has 5,000,000 prints, the U. S. navy 1,500,000 and no two prints have been found alike, or anything approximating alike. No two prints have ever been found alike in the world.

Commercial Houses

"Commercial houses, banks, hospitals and a hundred other institutions are already using the fingerprint method of identification to great advantage, and the time is fast coming when the dead as well as the living will be identified by this method, thus ending forever the horror of a nameless grave.

"Man cannot change those little identifying marks nature placed on his fingers, though he can change his name, his appearance and his mode of living. From birth to death, the fingerprint method is the only certain, speedy

(Turn to page 8, col. 3)

Coal Mines Open First Time in Half Century

POTTSVILLE, Pa., Dec. 4.—Work has been resumed on the peach orchard anthracite veins near here which have been idle for fifty-six years. With present high prices of coal, operations again have become profitable.

Nazarene Society Now In Charge of Mission

The Young People's society of the First Nazarene church will have charge of the services at the Fifth street mission in Los Angeles tomorrow night.

Woolen Mill Opens Full Time Labor Schedule

OAKLAND, Maine, Dec. 4.—The American Woolen mill after a summer of idleness is resuming operations this week on full time schedule.

BUDWIG RADIO—Jensen's Palace Grand Shops

The Evening News Only Paper To Give Message By President Coolidge

The Glendale Evening News yesterday demonstrated once more that it is the ONLY publication in Glendale capable of giving the public the news, for it was the ONLY newspaper to print President Coolidge's message to Congress in full.

But that's not all, for The Glendale Evening News "scooped" the Los Angeles evening newspapers on printing the complete text of the message. The Los Angeles newspapers served Glendale with extracts from the message; The Glendale Evening News published it in detail, although the message was not received in this office until 7 o'clock yesterday morning. However, this newspaper is equipped to handle news while it is news—and conclusively demonstrated the fact yesterday, as it has at other times in the past, Los Angeles morning newspapers today "play up" the president's message. The Glendale Evening News did all that YESTERDAY. Other newspapers yesterday either ignored the president's message entirely or, as was the case in Los Angeles, published extracts only. All of which means that if you want world news, national news and local news, with exclusive pictures and features, there's only one newspaper in Glendale giving that service—and that's The Glendale Evening News. Telephone Glendale 4000 and subscribe, if you are not already one of The Glendale Evening News' big family of regular readers.

Association Meeting To Be Held at School

Election of officers for the coming year and discussion of plans for the proposed Colorado street bridge across the Los Angeles river are on the program for tonight's meeting of the Colorado Improvement association to take place at the Harvard High school auditorium, starting at 7:30 o'clock.

Another improvement matter which will be taken up will be the appointment of a committee to investigate the city-made street light standards which have recently been adopted by the city.

R. Belcher, in announcing the meeting for tonight, urged that all Colorado street property owners attend. He declared that with properly directed growth and improvement, Colorado street can become the main business artery of Glendale within a few years.

Try Glendale Merchants first.

Field Secretary for Coast to Speak Here

Rev. Middleton S. Barnwell, field secretary representing the National Council of Episcopal churches in the province of the Pacific, will be the speaker at the annual parish gathering of St. Mark's Episcopal church, to be held tonight at the church. Rev. Barnwell was rector of the Episcopal church at Birmingham, Alabama, for a number of years. He will assist the church in the annual every-member canvass which will start Sunday morning. The every-member canvass is to raise funds for the parish support and for the church at large. Dinner will be served at 6:30 o'clock by members of St. Mark's Episcopal guild.

Chinese department stores are introducing aluminum kitchen utensils with the hope of inducing some of the better class Chinese to use them.

SPANISH WAR VETERANS ELECT

Frank E. Peters Is Chosen Commander; Auxiliary Officers Named

Frank E. Peters will assume command of Glendale camp of Spanish war veterans, following election held last night in the K. P. hall on South Brand boulevard. At the same hour as the camp meeting, the Women's auxiliary met in the same building, electing Mrs. Alberta Merrihew as president.

Other officers of the camp are A. C. Merrihew, senior vice-commander; Herbert E. Gray, junior vice-commander; Nels Johnson, officer of the day; Alexander Schmitt, officer of guard; Dr. W. C. Mabry, W. H. Reeves, L. D. Pike, trustees.

For the auxiliary the officers are Mrs. Merrihew, president; Mrs. Lena Pike, senior vice-president; Mrs. Lena Teter, junior vice-president; Mrs. Hedy Schmitt, chaplain; Mrs. T. W. Long, conductor; Mrs. Rose Harness, assistant conductor; Mrs. Martha E. Warren, guard; Mrs. Katherine Lipstreu, assistant guard; Mrs. Hilda M. St. Martin, patriotic instructor; Mrs. Elizabeth Hall, historian.

Install Next Month

Both organizations will install officers at the first meeting in January at the K. P. hall.

Plans are progressing for the Christmas party to be held for members and families Wednesday night, December 17, at the K. P. hall. The children will be special guests at the Christmas tree. At the close of the meeting last night refreshments were served, a feature being ice cream, sent as a surprise by Mr. and Mrs. O. C. Wheeler, whom the camp assisted in building a home.

THE PRESIDENT'S MESSAGE

Economy in government, which was President Coolidge's campaign slogan, was also the theme of his message to the Sixty-eighth Congress at its closing session yesterday. He touched a responsive chord in the hearts and the purses of his people when he reminded Congress that a continued policy of economy will bring about that confidence necessary to prosperity. And he struck a note that should make us stop and think when he said that state and municipal governments are not following the lead of the federal government in the matter of economy. He said adherence to the budget will make possible a gradual reduction of taxes and remove the burden under which business initiative is laboring. He renewed his fight against the publicity feature of the income tax law, and expressed hmself as opposed to any cancellation of foreign debts, as such a course would strike at the foundation of international credit.

Recent statements by Secretary Weeks and Secretary Wilbur would lead us to believe that our national defense is being neglected in the budget, but the president's reference to the army and navy should set our minds at rest on that point. He believes the navy should be maintained at full treaty strength and that the country should take advantage of all modern improvements by way of aircraft for national defense. And it is his desire that other countries regard our armed forces, not as enemies, but as our contribution to the maintenance of peace and security in the world.

Hope for a better understanding with other nations which may lead to universal peace is seen in the president's attitude on the question of foreign relations. He would deal with other nations through friendship and understanding and not by terror and force. He continues to oppose our membership in the League of Nations, but points out that we are glad to help other countries through unofficial channels. The Dawes plan is evidence of this. He will not call another disarmament conference until it is seen what the outcome of like proposals made by other governments will be. He advocates our fullest support of any movement to outlaw war and urges co-operation with our Latin-American neighbors. The inhumane features of our immigration law, he thinks, should be eliminated, making it not so difficult for aliens in this country to secure the admission of members of their own families.

As was expected, the president brought up the matter of a world court. He believes that membership in such a court, safeguarded by the Hughes reservations from involvement in the League of Nations, would be beneficial to us and to other nations. He also advocates our support of the efforts that are being made to codify international law.

The president has heretofore made it clear that he does not believe legislation to be the panacea for all the ills of the farmer. He proves his point by stating that agriculture is $3,000,000,000 richer from its crops this year than it was three years ago, and this all through natural causes. Distribution and not production is the problem of the farmer. He expects that the commission which he appointed to study the agricultural situation will be ready to make recommendations before the adjournment of Congress.

Recommendations were made by the president that the authority of the Interstate Commerce commission be broadened to permit reception of voluntary proposals of railroads for consolidation, believing that consolidation offers the greatest hope for the country's transportation system; also that management of all government ships be immediately transferred to the emergency fleet corporation as an efficiency measure.

Even the president's worst enemies will call down blessings on his head for a recommendation that he makes to Congress which will, if carried out, cut government red tape and promote both economy and efficiency. He asks Congress to provide for the reorganization of government departments in accordance with a scientific plan that will group all like activities under one head.

Congress is asked to give consideration to the legislative recommendations of the American Legion, although the president believes the disabled veterans are sufficiently provided for through legislation.

Suggestions were made that would speed up the work of the supreme court, create a national police bureau, establish a reformatory for first offenders, give constitutional rights to the negro, place first, second and third class postmasters and prohibition agents under civil service and give the parties equal representation on election boards.

The rivers and harbors bill was in the main approved by the president. He recommended that Muscle Shoals be sold or leased to some private corpbration, the government reserving the right to dispose of the surplus water power. In the event that no satisfactory bid is received, the government should run the plant itself.

The president's message, like all his communications, was to the point. He touched concisely on every matter of importance in which Congress is or should be interested, and it must be conceded that his attitude on these questions vindicates the judgment of the people at the recent election.

OVERCOMING SLANDER

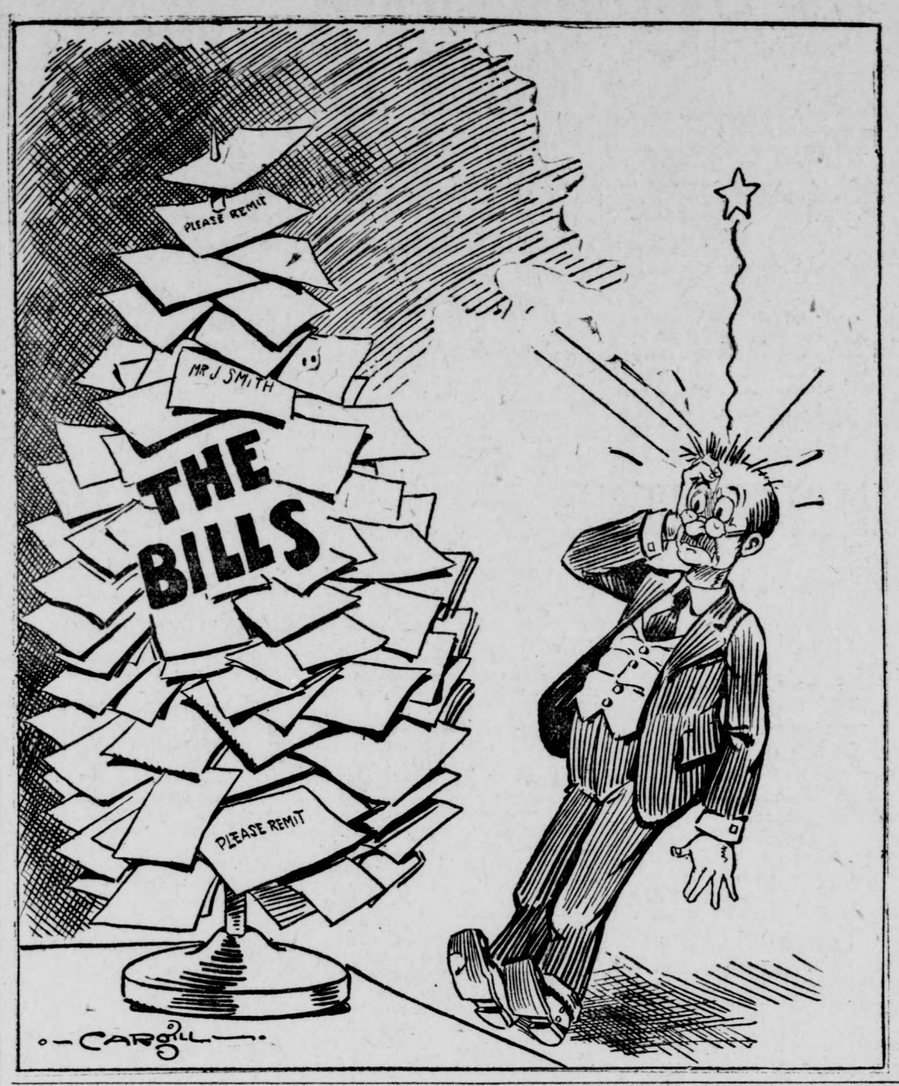
The world is envious of Southern California. That is why it is so quick to exaggerate any reports of unfavorable conditions here and to distort or manufacture out of whole cloth, stories that show this section in a bad light. If only we had a fund with which to send our real estate orators out over the country with their stories of "My Home Town," we could overcome a good deal of this undesirable propaganda.

Harry M. Barratt, assistant secretary of the Hollywood Chamber of Commerce, is giving an address at points in this vicinity that is tending to overcome the libelous stories that have gone out in regard to Hollywood.

An eastern minister is said to have told a friend that his daughter had gone to Hollywood. "Oh, is she going to be a movie star?" he was asked. "No," was his reply, "she has gone as a missionary."

Mr. Barratt is picturing Hollywood just as it is, a city of homes, gardens, churches, schools and artists, "a gem upon the forehead of Los Angeles," and not the Hollywood of salacious and false stories that have gone out from the pens of unscrupulous writers.

DAD'S CHRISTMAS TREE



The Perfect Host

By DR. FRANK CRANE

What is a perfect host?

That is, how can a man be described who is best qualified to take one person, especially a woman, to dinner?

He must be one who knows where one would like to dine, or can at least make a proper suggestion. He can always secure a table at the proper dining place. He must realize that, in spite of being a woman, she may still have an appreciation of good cooking. He is always pleasant to the waiter without familiarity.

He notices his companion's frock.

He assumes that one has at least primitive intelligence.

He can indulge in small talk pleasantly and amusingly without egotism.

He has strength of character enough to make his conversation interesting without abusing absent friends.

He is not always scanning the room in search of a prettier face.

He can always find a taxi and refrain from flirting when in it.

He does not treat his companion as a superior being nor as his inferior, but as an equal.

These are modest requirements, but they are rarely found. It is a question what kind of woman a man prefers as his guest.

Someone has said that no woman would ever admit she is hungry, and no man ever believes her.

At least a woman should manifest a reasonable appreciation of good food and should be willing to "try anything once."

She should not carry her likes and dislikes, which were acquired in Emporia, Kansas, to London or Paris. Her taste should be subject to expansion.

Most restaurants are arranged with especial attention to parties of two. It is rare to find the man and woman who can measure up to the requirements of the place.

Perhaps the greatest defect is the inability to indulge in small talk or in aseptic subjects of conversation and not be too personal.

No one likes to talk about himself or to have himself talked about, but he has no objection to discussing his neighbor's affairs in a harmless way.

The dinner should be more than a function merely for partaking of food. It should include those elements of the spirit which linger long in one's memory and make the event a perfect one.

Horoscope

Astrologers read this as an unfortunate day, for Uranus, Venus, Saturn and Jupiter are all in malefic aspect.

Women should be especially cautious about all that concerns them while this rule prevails. In business and romance they should delay making decisions.

The moon today enters Aries, a masculine sign ruled by Mars and governing the head and face. The aspect tends to delays, disappointments and losses.

It is well to attend to health measures at this time when there may be much depression and nervousness.

Warning is given of sinister signs affecting the young of the nation who should be safeguarded against the results of bad influences through books and motion pictures.

The seers prophesy that many boys and girls will suffer from the conditions that make the world a difficult place in which to dwell.

There are signs indicating continued use of narcotics and drugs of various osrts and the young will imitate what their elders do.

Merchants have the prognostication of feverish trade the last two weeks of this month when the aspects will incline persons to spend their money.

An American astrologer of note predicts a change in solar currents this month which affects national and international conditions.

High winds on both the Atlantic and Pacific oceans may be expected this month when wrecks are forecast.

This is not an auspicious sway under which to begin ocean voyages or any hazardous adventures.

In making Christmas plans it is well to remember that for various parts of the country a terrific storm in which there is high wind is forecast.

Persons whose birth date it is should not speculate in the coming year, which may bring many problems, trying but possible to solve successfully.

Children born on this day may be rash, headstrong and very difficult to manage. These subjects of Sagittarius are often generous to excess, but they are able to make plenty of money.

The Best of Advice

By CLARK KINNARD

THE 'BEST BOOKS'

"What are the ten best books?"

This, in effect, is the impossible-to-answer question asked by a reader of this column. He sends a list headed "The World's Best Books," containing a hundred titles, with the explanation, "Books are hard to get in my locality, and I haven't the money to buy, or the time to read, all these. Woul dyou mark those you think the best, and return the list to me?"

While it is idle to attempt to name the "best books," it is still possible to mention some of the works with which every cultivated man should be familiar.

Shakespeare. No particular book can be specified. Forget that everybody says he is the greatest of the great, read him for the beauty of his poetry, and use your imagination.

Balzac. Again no particular book can be specified. He is surely one of the master writers of all time. Recommended: Cousin Pons, Lost Illusions, Human Comedy, Pere Goriot.

Spoon River Anthology, by Edgar Lee Masters.

L'Abbe Jerome Coignard, Le Livre de mon Ami, by Anatole France, the greatest literary artist of our time.

Horace's Odes.

La Rochefoucauld's Maxims.

Goethe's Faust.

Ibsen's "The Wild Duck," an introduction.

* * *

Emerson's Eessays.

Walt Whitman's Leaves of Grass. The complete, unexpurgated edition.

Don Quixote, by Cervantes. Skip the tedious passages.

Moby Dick, by Herman Melville.

Toilers of the Sea, by Victor Hugo.

Thackeray. Take your pick; Vanity Fair, The History of Henry Esmond.

Charles Dickens. Almost any of his novels.

Judge the Obscure, by Thomas Hardy. To follow it up: Tess of the d'Urbervilles, The Return of the Native, The Mayor of Casterbridge.

A Shropshire Lad, poems by A. E. Housman.

Joseph Conrad. Under Western Eyes, The Secret Agent.

* * *

George Bernard Shaw. Any or all of his plays. Man and Superman, Saint Joan, Androcles and the Lion, in particular.

Alice in Wonderland, by Lewis Carroll.

John Galsworthy's The Forsyte Saga.

Of Human Bondage, by W. Somerset Maugham.

Arnold Bennett's Old Wives Tale.

The list is in no sense complete. It will be noticed that no attention is paid to Twain, Poe, Flaubert, Huxley, Nietzsche, Herbert Spencer, De Maupassant, Wilde, Boccaccio, Zola, Schopenhauer, Montaigne, Havelock Ellis or a score of others who would have to be represented in any list of "best books."

* * *

If the correspondent who inspired this list had asked for one book, I would write: La Rochefoucauld's Maxims.

Today's Poem

"YOU WERE THE SORT THAT MEN FORGET"

You were the sort that men forget;
Though I—not yet!—
Perhaps not ever. Your slightest weakness
Adds to the strength of my regret!

You'd not the art—you never had
For good or bad—
To make men see how sweet your meaning,
Which, visible, had charmed them glad.

You would, by words inept let fall,
Offend them all,
Even if they saw your warm devotion
Would hold your life's blood at their call.

You lacked the eye to understand
Those friends offhand
Whose mode was crude, though whose dim purport
Outpriced the courtesies of the bland.

I am now the only being who
Remembers you.
It may be. What a waste that Nature
Grudged soul so dear the art it's due!

—Thomas Hardy.

RED FINGER NAILS

NEW YORK, Dec. 4.—This is a red season, even for finger nails. The latest finish imparted to the almond shaped nails of fashion's favorites is not really red, but rose. The same tint without the polish can be attained by making homemade wine in the Italian fashion.

Loans are also made on well-located courts, flats, apartment, and business properties.

Applications accompanied by the necessary information will be given prompt attention.

MORTGAGE Guarantee Company
626 South Spring Street
Los Angeles, Calif.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. —Advertisement.

New German Oil Sold Under Written Guarantee Rubs Out Rheumatism

A remarkable new discovery of German Chemistry, called Buhler Oil, for the relief of Rheumatism, Gout and Neuralgia, is astonishing the medical world. This marvelous oil seems to kill rheumatic pains just as effectively as these other German pain killers—Novocain for painless dentistry and Aspirin for headache pains.

Rheumatism in very many cases is due to internal abscesses (such as a blind pus pocket in a tooth) which give off poisons, and which are carried in the blood to the joints and muscles. Buhler Oil when applied to the affected parts, seems to quickly penetrate and be absorbed by the body tissue. Even in the most severe and stubborn cases almost instant relief has been obtained.

So remarkable have been the results from the use of Buhler Oil that the American distributors have authorized local druggists to dispense it to rheumatic, gout and neuralgia sufferers in this city with a positive written guarantee to return the full purchase price of the first bottle if it does not bring wonderful relief. All sufferers should promptly take advantage of this guarantee. For sale at Lexington Drug Co., Roberts & Echols, Geo. E. Black, Owl Drug Store.—Advertisement.

FROM EAGLE ROCK

EAGLE ROCK, Dec. 4.—Title guarantees, deeds, maps, profiles and elevations for the extension of Avenue 51 from York boulevard to Colorado boulevard are now in the hands of the Los Angeles city engineer for final checking and report, and it is expected that actual work on the improvement will start before the first of the year.

The low spot in the hill, through which the new road will come, is almost directly in line with Avenue 51, extended from the south, and the summit is here reached with less than a 13 per cent grade. On the north side, the Eagle Rock valley is nearly sixty feet lower than the valley of York boulevard to the south, and the descent is therefore much steeper. To negotiate the north slope of the hill, it has been necessary to swing Avenue 51 300 feet to the west and back again. By this treatment the grade is reduced to less than 15 per cent maximum, which is easily taken by an auto and is below the maximum of 20 per cent grade permitted for city streets. In fact some of Los Angeles streets south of Sunset boulevard and west of Broadway, in the vicinity of the new Belmont High school, are said to have a rise of 22 feet in every 100.

The bazaar and chicken dinner given by the women of the Methodist church Tuesday afternoon and night was a big success, reports Rev. E. J. Bradner, large quantities of cooked foods, candies and dolls being sold, and scores of people served at the tables.

The Epworth league is planning a fine Christmas for the Mexican orphans this year. Miss Irene Miller is in charge of the event. She plans that the sick and shut-in shall be visited early Christmas morning and carols sung. Ray Sanders is fostering a league skate, on December 16. Every Sunday night at 6:30 o'clock the league, under the direction of Miss Frances Hodgson, holds an interesting devotional meeting. Claire Morrow is the president.

The Women's guild of the Presbyterian church met today at the church. Mrs. C. A. Kinney had charge of the program, of which the subject was "The Southern Mountaineers." Mrs. Kinney gave a review of the book "The Land of the Saddle-Bags."

BURBANK NEWS

BURBANK, Dec. 4.—Ground has been broken for an extension of the building at the northeast corner of San Fernando boulevard and Olive avenue. L. W. Gregg of Lankershim is the owner.

The building is to be 70x100 feet in size, one story high, with basement, Mr. Gregg states, and will be constructed of the same material as the corner store. The building will be divided into four store rooms, and will fill up the gap between the corner building and the Building and Loan association building.

Mrs. Nancy P. Wilson, who died Tuesday, December 2, 1924, at the home of her daughter, Mrs. Mary J. Spencer, 411 Orange Grove avenue, aged 98 years, was one of the oldest pioneers of this part of the country. The family at one time owned and lived on a ranch of forty-nine acres in the heart of what is now Hollywood being near the present site of the Hollywood High school with Sunset boulevard passing through the place.

The West Burbank Improvement association has named the following committee to work toward the widening and straightening of that portion of San Fernando boulevard lying to the west end of the city: A. A. Schuler, George Grismer, Roy Arnold, F. S. Krupp and J. F. Crockett.

J. Miller, of Pawnee, Okla., brother of Mrs. Woods of Sheldon avenue, has arrived and is with relatives on Sheldon avenue. A year ago Mr. Miller left Roscoe for Oklahoma. Both trips were made by auto.

Mr. and Mrs. Charlie Brown former residents of Wicks avenue, now located at Albequerque N. M., write that they expect to return in February and purchase property here.

AT LA CRESCENTA

LA CRESCENTA, Dec. 4.—An interesting program was given by the pupils of the lower grades at the La Crescenta school auditorium yesterday afternoon at the regular monthly meeting of the P.-T. A. The school orchestra, organized two weeks ago, played "America," the mothers singing. This orchestra is under the direction of Mrs. Helen Brown, who was added to the teachers' staff two weeks ago. Singing a number of the Christmas carols the pupils of Miss Flink received well-merited applause. Two merry little folk dressed as clowns tumbled about doing clever acrobatic stunts before singing their clown songs, accompanied by Mrs. Brown. A clever little playlet entitled "Mrs. Santa Claus" was well done by the wee folk from the first grade. Pupils of Miss Flink sang some of the popular children's songs while little June Reynolds was applauded for her clear tones in singing "Jingle Bells" as a solo. Members of this class also sang and acted out the song of "Six Little Mice," with June Reynolds as the naughty Pussy. Dressed to represent the dolls of various nations as well as the old favorite rag dolly, the pupils of Mrs. Keppel's room did fine work showing ability in the playlet entitled "The Dolls Take a Hand." Closing the program, the orchestra played "Battle Hymn of the Republic" and "It Ain't Goin' to Rain No More," as an encore.

Introducing Mrs. C. V. Phillips as an artist who has traveled widely and studied deeply, Mrs. W. C. Angier said it was a privilege for the members of the P.T. A. to be able to hear Mrs. Phillips tell of the Madonnas in art. Mrs. Phillips carried her listeners back to medieaval days when men worked for the love of their work and not for commercial gain, when so many of the famous Madonnas were painted by the great artists of the times. Her descriptions of the beautiful wayside shrines in the old world were exquisite word pictures painted by the speaker who lived in the atmosphere of the old masters for several years while studying abroad. After this address Mrs. Angier had minutes of the last meeting read by the secretary, Mrs. W. Sprinkle. Mrs. Hobensack reported ten subscriptions to the National magazine had been procured. Mrs. Vernon Hall distributed papers from the Mothers' Congress. Thanks were extended Mrs. B. Farmer, who has made a gift to the P.-T. A. of a book on child training. Forty dollars will be donated by the P.-T. A. to buy the turkeys for the dinner to be given the children on the last day of school, at the nominal cost of 10 cents per plate, pies and ice cream being extra. Sixty pies were donated by the mothers present for the dinner, which will be given on the 16th of December. No grown-ups will be allowed to come to the dinner.

The reading circle will be held at the home of Mrs. Le Mar on Montrose avenue every Wednesday during the opening month. Mesdames E. Burt, W. Stine and G. Hobensack officiated at the tea table.

Harold Nuzum has purchased a lot in the Ellen Allen tract owned by Mrs. E. Farmer. Mr. Nuzum, who will erect a home here, is assistant to Michael Hallian, attorney in the Hellman bank of Los Angeles.

Montrose Community church will give the second of its annual dinners this evening in the church building at the corner of Montrose and Florencita drive. Tickets will be 50 cents per cover.

SUNLAND NOTES

SUNLAND, Dec. 4.—An improvement of particular interest to Sunland will be asked in a petition being circulated among property owners from Sunland to Roscoe. The petition asks for the paving of Roscoe road with a twenty feet wide surface, six inches thick in the center and nine inches at the edges. Most of the road is inside the city limits of Los Angeles. Organizations of the several districts affected by the condition of Roscoe road have for a number of years endeavored to have the authorities pave the thoroughfare, which is one of the oldest in the Verdugo hills. It was over this road that many of the earliest residents of Tujunga and Sunland traveled from the San Fernando valley. It was originally a wagon road and travelers declare it is still very original in this respect.

Reports of oil prospecting activity in the neighborhood of Sunland and the Big Tujunga wash recur with the regularity of an intermittent alarm clock and, like the clock, keep ringing until turned off. The latest stir, if any, is caused by the erection of a standard drilling rig in the mouth of the canyon. Several rigs have been erected at various times in the past, but no satisfying reports have as yet been given out. Reports also give the information that the work on the Girdlestone ranch north of Sunland is progressing and the original standard rig has been replaced by a rotary at considerable depth.

Dr. Ashby Shaw has opened dental offices on Michigan avenue between First and Second streets. Dr. Shaw was formerly practicing in Los Angeles.

Mr. and Mrs. Curt Myers have leased the McCarty house on Oleander drive.

VELVET TEA GOWNS

LONDON, Dec. 4.—Every English hostess offers her afternoon guests tea and she usually wears a Lyons velvet tea gown with the small saddle and panel front and a traiin. One has to train to pour tea as the English do.

SULPHUR IS BEST TO CLEAR SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Rowles Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.—Advertisement.

Also includes a small group of velours. Don't delay, come early for best selection, as our hat sales are well known and they always go quickly. Sale continues 2 days only! Never again such an opportunity. The very best creations from eastern manufacturers. Must make room for new hats arriving daily.

Millinery Dept.—Second Floor

GREAT DECEMBER GARMENT SALES

Two Days---Friday and Saturday

What could be more timely than our annual garment sale which occurs now when new garments are most wanted just before Xmas? No need to wait for January clearance sales—buy now at clearance prices, which are one-third to one-half less than regular.

Coats at $17.50

Good serviceable utility coats in tan, rust and taupe, lined with figured linings. An excellent garment in every way and greatly underpriced.

Dresses at $14.95

There are only 60 dresses in this assortment, but each one is brimful of style and quality and are offered during this sale at about ½ their regular price. Satin crepe and satin canton, poiret and charmeuse are the materials used. Some have touches of fur, others use buttons for trimming. Regular values to $29.50.

Coats at $24.75

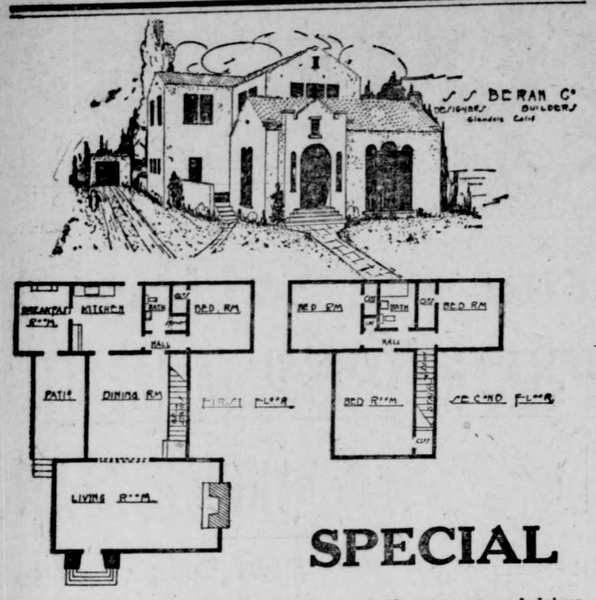
These coats are of unusual quality and are fur trimmed —all the new colors, particularly the best liked tans and browns. Both dress and sport models, coats that sell regularly up to $45.

COATS —at— $39.50

Button trimming, selected furs and silk linings are features of this coat assortment, and as they were formerly much higher priced, you will marvel at the values.

COATS —at— $69.50

A before-Xmas coat sale that will be appreciated, and especially this wonderful lot whose former prices were $85, $100 and $125. Made by America's best known coat makers whose tailoring and materials leave nothing to be desired. Furs are of the choicest baby fox, mink and muskrat.



SPECIAL

This house can be built for $10,500.00, including garages and drives, tile baths, tile mantel, best hardwood floor, oil decorated walls, laundry room in basement, with unit system of heating. Let us figure with you on this home, or any other home, store, apt. or factory. No job too large. Bonds, if necessary.

COUNCIL PASSES BUCK IN PARKING

City Officials Put Matter Of Auto Problem Up To C. C. Directors

The City Council this morning refused to be injected into the business zone one-hour parking controversy, and met the parry of a request from the Glendale Exchange club for a two-hour limit by a neat thrust that puts the problem up to the newly-elected Chamber of Commerce directors for solution.

"We have no preference in the matter," said Councilman Sam Davis, in moving to have the city clerk reply to the Exchange club communication requesting that the matter be investigated by the new Chamber of Commerce directorate. "We will give the people of Glendale just what they want. What we want to be sure of, before taking action, is that we know beyond doubt what they do want, and not what some little handful happens to desire."

'Messiah Night'

The council voted to make the night of Tuesday, December 16, "Messiah Night," on request of Mrs. Mattison B. Jones, president of the Glendale Music club. Mrs. Jones thanked the council for contributing $150 to the support of this event, and requested that aid be lent in getting additional bus service to and from the Broadway High school on that night. She was told that Virgil B. Stone, city manager, already has the matter up with the bus company.

The council passed the rooming house ordinance, which regulates moral and sanitary conditions within the city limits. An ordinance was passed dedicating certain property near the old Verdugo park for public street purposes.

Ordinances were offered setting aside as commercial districts the corner of Sycamore Canyon and Verdugo roads, and Glenoaks boulevard between Grand View and Ruberta avenues; and an ordinance was offered prohibiting heavy traffic on Canada boulevard.

Mule Parking Permit

The council granted Peter L. Ferry a sixty-day permit to quarter twenty mules on a lot 200 feet east of Acacia avenue and Verdugo road.

Resolutions were adopted instructing the city attorney and city engineer to prepare proceedings for the paving of Ruberta avenue; approving the Glendale avenue assessment district for ornamental street lights; approving the Sycamore Canyon road assessment district for sidewalks; accepting plans for lights on Harvey drive and stating intention to improve this street with lights; and a resolution of intention to pave Raleigh street was adopted.

The council voted to appropriate funds to build a fence around the Patterson avenue park tennis courts. The sum of $400 was voted to be transferred to the health department budget for laboratory and stationery expenses.

The bid of the Southern California Edison Co. for a twenty-five-year franchise to install and operate a "high line" on Broadway, Wilson avenue and Howard street was opened and referred to the city attorney to draft an ordinance granting the franchise.

Bids for the paving of Hillside drive and other streets were opened and referred to the city engineer for checking and report. Bids for the improvement of Glendale Heights with sewers were opened and referred to the city engineer for checking and report.

All protests were denied at the hearing on improvement of Verd Oaks drive and other streets, and a resolution was adopted ordering the work. All protests were likewise denied at the hearings on issuance of bonds for water pipe on Columbus avenue, and on the assessment for improvement of Broadway with ornamental street lights; resolutions were then adopted ordering the issuance of the bonds and approving the assessment.

Prayer Meeting Held At Church Draws 120

The prayer meeting service at the First Methodist church last night was attended by 120 persons, filling the prayer service room. The attendance at the services has been more than 100 for the past several months. Dr. Lincoln A. Ferris, pastor of the church and for seven years pastor of the First Methodist church at San Diego, had charge of the services. His subject was "The Master in the Midst." The official board of the church was well represented. The Young People's department was led by Miss Elizabeth Hendricks, who took as the subject, "America Finding Her Soul." Thirty attended this service. Young people between the ages of 16 and 25 are cordially invited to attend the midweek services.

Report on National W.C.T.U. Meet Planned

A report of the National W. C. T. U. convention, which closed at Chicago two weeks ago, will be given by a state officer at the meeting of the local union, to be held tomorrow afternoon at 2 o'clock in the home of Mrs. Lillie Richardson, 1856 South Brand boulevard.

AUTOMOBILE SECTION

GLENDALE, LOS ANGELES COUNTY, CALIFORNIA, THURSDAY, DEC. 4, 1924

NEW STATE HIGHWAYS TO OPEN SCENIC WONDERS

CULVER CITY READY FOR BIG RACE

New Million-Dollar Track To Stage Classic of 250 Miles Sunday

With the greatest cast of racing stars ever assembled in the history of the sport, the new million-dollar board speedway at Culver City, said to be the fastest track in the world, will be inaugurated with a 250-mile championship classic on Sunday afternoon, December 7.

The cream of American and European drivers has been entered in the classic. New cars and great drivers are expected to make the race the fastest ever run, but the greatest aid to speed will be the track itself. Designed differently from any other speed oval, the Culver City auto arena is a marvel of engineering skill. There is not a sharp angle to its entire length of a mile and a quarter. The turns are so perfectly constructed and so steeply banked that drivers say they are able to negotiate them with engines wide open.

Pietro Bordino, "the Mad Mullah" of Italy, heads the invading foreign contingent. Bordino will drive his famous Fiat, "the fastest car in Europe." This is Bordino's second trip to this country. He first raced in California in 1922 when he was a sensation at the old Beverly bowl track. Bordino will find the speed game at Culver City far faster than when he was in Los Angeles before, but the Italian throttle pusher is expected to be able to hold his own with the best of them. Antoine Mourre, French speed demon, also is entered. Ralph DePalma, Italian racing idol, will return to big-league competition after a year's absence and will pilot a supercharged Miller Special. Peter DePaola, DePalma's nephew, will drive a super-charged Duesenberg.

Tommy Milton Set

Tommy Milton, who holds the present 250-mile record, having averaged 118.17 miles an hour in the recent race at Charlotte, will head the American contingent that will resist the foreign invasion. He will be aided by such great speed artists as Earl Cooper, Eddie Hearne, Harry Hartz, Bennett Hill, Cliff Durant, Jerry Wonderlich, Phill Shafer, Fred Comer, Bob McDonagh and Wade Morton.

Durant will drive a front wheel powered car, the first of its kind ever to be used on a board track.

Gas Tax Revenue Totals 13 Million, Says Controller

SACRAMENTO, Dec. 4.—Revenues from the 2-cent per gallon gasoline tax during its first year of operation in California total $13,068,168.15, according to State Controller Ray L. Riley. From this sum must be deducted $842,122.64 refund to persons who bought this fuel for purposes other than use on public roads.

The second half of the collection amounting to $6,503,289.45 is being divided between the state and several counties, the state taking $3,296,129.72 and the counties a like sum, all of which must be expended on maintenance of highways. Los Angeles county leads with an apportionment of $1,317,180.92, based on a motor vehicle registration of 512,374. Alameda county is given $223,469.39 on a registration of 86,929 machines; San Francisco, $353,349.16, registration 99,718; Fresno $125,614.13, registration 48,863; San Diego $109,909.47, registration 42,754; Sacramento $83,597.91, registration 32,130.

Alpine county is at the foot of the list with an allotment of $107.97, based on a registration of 42 machines.

Commenting on this new tax, Riley said: This is one of the most economical taxes ever levied, insofar as cost of collection is concerned. Expenses of collecting from October 1, 1923 to September, 1924, were only a few dollars.

Bethlehem Steel Mills Starts on Full Time

LEBANON, Pa., Dec. 4.—The Bethlehem Steel company resumed full time operations at its concentrating plant of the North Lebanon mills and will spend $350,000 for construction of a continuous mill at its main plant here.

Printing Mills Operate On Full Time Schedule

BOSTON, Dec. 4.—The Pacific mills have placed the entire battery of fifty printing machines in operation for the first time in six months. The Columbia, S. C., plant is working night shifts on new wide sheetings and pillow tubings.

Try Glendale Merchants first.

ROADS OFFER STATE BIG PROBLEM

Where to Get Funds When $200,000,000 Job Is Begun Is Question

Where is California to get funds for needed new highway construction?

Will the motorist be asked to contribute additional gasoline tax for this purpose?

Will Southern California, which has been paying more than 50 per cent of the total cost for state highways and receiving 34 per cent of the expenditures, get a more equitable deal in the future?

While the answers to these questions rest primarily with the next Legislature, which will meet in January, it is expected that the state law-making body will be governed largely by the demands of the people. The situation in which the state finds itself is that the $73,000,000 state highway bond issues and the $17,000,000 of federal aid money available have either been spent or allotted to existing contracts so that new funds must be provided if the highway program is to go ahead.

Northern Counties Act

Already some of the northern counties in the state have gone on record as favoring an addition of one or two cents a gallon to the gasoline tax as a means of raising funds for new construction. Those opposed to this plan declare that it is unfair to place the burden of financing both construction and upkeep of the highways upon the motorists who represent only one-third of the state's population. The remaining should pay its portion of the by highways, and it is contended two-thirds is equally benefited cost. Motorists already are paying some $12,000,000 a year for maintenance of existing highways, and this year will pay approximately $22,000,000 into the state treasury, a sum two and one-half times as great as their taxation two years ago.

Southern California motorists have reason to be interested in the situation in view of the fact that they comprise 57.2 per cent of the motor vehicle owners of the state. Although having a preponderance of numbers of automobiles, the thirteen southern counties have not been favored

(Turn to page 8, col. 5)

Single Front Wheel Self Stabilizing Car For 1950 Model

According to automotive engineers, the car of 1950 will be very different from that of today. It will be a thing of graceful curves to resist the action of the wind, but its heavy construction will prevent it from being a thing of beauty. There will be a single wheel in front, self stabilizing, and all wheels will be fitted with very large tires.

There will be no gear shift, this being rendered unnecessary by the use of a forty-eight-cylinder engine; unbreakable glass in all windows, disappearing step, air filter to protect the mechanism, cushioned to prevent damage by collision, and will be equipped with a radio set and a loud speaker.

M. H. SMITH NOW MOON AGENT HERE

Secures Suitable Location at 246 South Brand; Heavy Demand for Cars

M. H. Smith, formerly located at 406 East Colorado boulevard, has been appointed exclusive Moon dealer for Glendale and contributory territory, and has moved to 246 South Brand boulevard, where larger and better facilities will enable him to care for Moon sales.

Since the price reduction announced by the Moon factory last week Moon sales have taken a decided upward trend, according to Mr. Smith, and with the added equipment the 1925 Moon is the biggest buy on the market he says. The new models have full size balloon tires, hydraulic four-wheel brakes and Duco finish.

350 Roadsters Sold

Regular Moon equipment on open models include front bumper, bronze bar cap, motometer, combination stop and tail light, plate glass windshield wings, extra full balloon tire and tube; closed car equipment being practically the same.

According to Jack P. Horning, of Don P. Smith, Southern California Moon distributors, 350 roadsters have been sold in Los Angeles territory in ninety days; the Moon factory made a net profit of $596,000 in the first nine months of 1924; production for 1924 will be over 24,000 cars and the factory has added twenty-six new dealers in the past sixty days. Moon sales in Southern California, stated Mr. Horning, increased 316 per cent in 1923 over 1922, and 160 per cent in 1924 over 1923. Mr. Horning was in Glendale this week inspecting the territory with Mr. Smith and is enthusiastic over the 1925 outlook for Moon sales.

MOTOR TOURISTS SET NEW RECORD

Increase of 50 Percent Is Noted In Cars Entering Southland Section

An increase of 50 per cent in the number of motorists entering the state during the next ninety days over last year's record is indicated in figures compiled by the touring bureau of the Automobile Club of Southern California. The first touch of near winter in the eastern states and the appearance of cold weather and snow storms have caused the trend of travel to head for this section. The last check indicated over 250 cars a day entering the state over the Bankhead highway, the Old Spanish trail and the Sunkist trail. In addition the National Old Trails continues to contribute a large share of incoming motorists.

There also is heavy traffic pouring into the state from the north. Many of these motorists are planning to spend their entire winter in the sunshine belt. It is estimated that with the completion of many miles of pavement in the Sacramento River canyon, the total number of out-of-state cars entering California will reach more than 700 daily before Christmas.

Motoring never has been more enjoyable in this section, according to the auto club, as the highways have been placed in fine condition. Many miles of new road have been opened and the reconstruction work which is now under way is being carried on in such a manner that it does not affect the motorist.

FOREIGN CAR IS CLAIMED INFERIOR

American Manufacturer In Comparison of Models Here and Abroad

For the first time, a specific comparison is here drawn by a leading American manufacturer just back from Europe, between foreign and American cars, which makes clear the reasons for American superiority of manufacture.

By A. R. ERSKINE
President, the Studebaker Corporation.

Two of the world's greatest automobile shows were held in October at the Grand Palais, Paris, and Olympia, London. The number of firms exhibiting at both shows exceeded considerably the number which exhibit at our anual shows in Chicago and New York, but the character and quality of their automobiles, bodies, parts, and accessories were certainly not superior to ours.

Different conditions in Europe and the United States explain the numerical superiority of the foreign shows.

With the exception of two or three manufacturers in both France and England, all producers of motor cars are assemblers who purchase their bodies and parts from different makers of such things, and consequently, there are a host of such makers competing for this business. The ownership and operation of foundries, forge shops, stamping plants, and body factories by car producers is quite limited.

Numerous manufacturers sell more chassis than they do complete cars, and retail buyers of chassis purchase their bodies from the body makers direct. Then again, the Paris and London shows contain many cars of foreign make, whereas our New York and Chicago shows house only cars produced in the United States.

More Exhibition

At the Grand Palais, a commodious, beautiful building, 122 different makes of motor cars were on exhibition, including eighty-seven French, ten Italian, twelve American, eight Belgian and five British makes.

Olympia had 134, including seventy-five English, twenty-two American, twenty-two French, ten Italian, and five Belgian makes. At Paris, fifty-three makers of commercial vehicles and trucks, seventy-eight makers of bodies, 128 motorcycle and bicycle manufacturers, and over 3,000 makers of parts and accessories exhibited their products. About the same number of similar manufacturers were present in London.

The number of body, motorcycle, bicycle and parts and accessory manufacturers in the United States is much smaller than in either France or England, and of these, only parts and accessory manufacturers are permitted to exhibit at our national shows. Our motor car companies are, furthermore, real manufacturers to a greater degree than in any other country.

The attendance at both Paris and London was enormous. People from all over the world attended the Paris show, and London had numerous foreign visitors. It was estimated that over 100,000 people visited the Grand Palais on each of two Sundays upon which the show was open, and 700,000 during the eleven days it continued. The same interest prevailed in England. Such attendance proves that public interest in motor cars is as keen in Europe as it is with us. Both shows were an unqualified success from every standpoint.

Most Cars Tiny

Another marked difference between the automobile industry in Europe and America is in the size of cars produced.

Perhaps three-fourths of all European makers produce small cars. Many of these cars are of short wheelbase and of treads as narrow as 46 inches, against the American standard of 56 inches. Small tires and low road clearance are common, as are open cars seating two and three people, with quite flimsy tops.

Small bore motors with high compression, under speeds of from 3,000 to 4,000 r.p.m. prevail. Owners are accustomed to climbing hills in second gear which American cars breeze over on high.

Andre Citroen, the Ford of France, has five plants in Paris which are now producing 300 cars per day and are being enlarged to produce 500 per day. He is producing over half the cars sold in France. His product consists of a 5 h.p. car, the three-seater—which sells for 11,800 francs, and a 10 h.p. priced at 16,500 francs. He will sell perhaps 50,000 cars this year. Renault ranks next, with an output of

(Turn to page 8, col. 4)

Wintry Blasts Send Eastern Motorists Toward California

With the first touch of winter in the eastern states and the increase in cold weather and snowstorms, the trend of motor travel now points to Southern California, and from the figures recently received from the touring bureau of the Automobile Club of Southern California, the total number of cars which will enter the state from eastern and middle western states in the next ninety days should exceed last year's figures by nearly 50 per cent.

At the present time there are well over 250 cars a day entering this state over the Bankhead highway, Old Spanish trail and Sunkist trail, while the National Old Trails still continues to carry a large share in addition to the above-mentioned routes.

The Pacific highway is also pouring into the state far more motorists who are planning to stay for the winter months than ever before. With the rapid completing of many miles of pavement in the Sacramento river canyon, the total for out-of-state cars entering California will undoubtedly reach over 700 a day before Christmas.

Considering the class of motorists coming west, more money will be spent this winter by visitors in touring this state than ever before.

FRANKLIN NICKS SALT LAKE TIME

Record for Run Is Lowered One Hour Four Minutes By Stock Car

Another record has been hung up by the Franklin when a stock touring car made the run over the Arrowhead trail between Los Angeles and Salt Lake City in the record time of twenty-four hours and thirty-seven minutes. This lowers the best previous record by one hour and four minutes, according to E. S. Beggs, Glendale Franklin distributor, 406 East Colorado boulevard.

The distance covered was 871 miles, Las Vegas being reached from Los Angeles in nine hours and fifty-four minutes. The drivers were forced to detour fifty miles and lost seventeen more miles through wrong directions. The former record over this road was made in July, 1923, the time having been twenty-five hours and forty-one minutes.

The Franklin car was perfectly stock, if a heater and special radiator cap emblem be excepted.

PRESENT PROGRAM CALLED LARGEST EVER UNDERTAKEN

Several Millions of Dollars Being Spent by Commission in Constructing Roads Motorists Will Enjoy Using Soon

By GIL A. COWAN
Written for The Evening News.

Highway building is the topic most dear to the hearts of the motorists, particularly those who have exhausted the scenic beauties of the Southland and are looking for new fields to conquer.

Within two years what the writer pleases to call the "Silver Spray" route between Oxnard and Santa Monica and then continuing south to the coast highway south to San Juan Capistrano, by way of Newport Beach, will be available, according to the plans of the California Highway commission. It is the largest program ever undertaken, not forgetting the Ridge route which is world famed.

Currently there are $2,000,000 being spent by the state on projects vital to the motorist in Ventura county, according to S. V. Cortelyou, Los Angeles division engineer, and Frank B. Durkee, Bulletin editor of the highway commission, who accompanied a party of newspaper men on a two-day inspection tour of the "Silver Spray" route.

Replace Sea Wall

The J. H. Tillman Co. of Portland, Ore., has a pile driver, industrial railway and large crew of men working on the construction of a sea wall to replace the wooden causeways along El Rincon between Ventura and Santa Barbara. That job alone, exclusive of highway building on the sand-fill, will make a $400,000 dent in the state highway funds.

Engineer Cortelyou pointed with pride to the early expenditure of gasoline taxes in the rebuilding of Ventura Blvd. during the past season in which it was necessary to use the "calcium chloride" process of curing when water became scarce. Like the Hatfields' rainmaking scheme, this chemical draws the moisture from the atmosphere and laboratory tests revealed that the concrete was 97 per cent as strong as the water cured pavement.

Also, a black asphalt line in the middle of the new pavement gives a guide to drivers by night and day as to their half of the road and super-elevated curves and turns over the Conejo and Chalk Hills grades make driving comparatively simple at the prescribed speed of 15 miles per hour. This improved boulevard has brought Ventura county people a half-hour nearer Los Angeles, according to a check of average driving time.

Among many projects visited yesterday by the writer in company with N. T. Edwards, California Highway commissioner who resides at Orange, was the Laguna Beach-Corona Del Mar link which will tie with the Serra-Laguna Beach route from the south in opening many beautiful beach subdivisions. Heavy fills, culverts, bridges and other work will carry the program into the next year before completion.

From Corona Del Mar into Newport Beach another link will tie with the now completed concrete highway to Huntington Beach, halving the distance between the last two points to three and one-half miles. A broad boulevard through Huntington Beach continues to state highway skirting Seal Beach and connecting with Long Beach.

Built Upon Sand

The latter road is built on a bed of sand pumped into the sloughs which are being drained and developed as Venice district of Los Angeles county was more than twenty years ago.

In later articles the comprehensive improvements already made and projected work of the California highway commission will be told. Straightening of the coast route in San Diego county and the elimination of curves and grades is nearly completed by Jahn & Bressi, who hold the contract, it might be mentioned for those motoring to the border city.

GOLD IN SLIPPERS

NEW YORK, Dec. 4.—There is a great deal of gold in the evening slippers for winter. Some are entirely of gold kidskin, while others combine black and gold in a sumptuous brocade.

Police Sergeant Tells Of Fingerprint Method

(Continued from page 3)

and efficient method of identification. Fingerprints never lie.

"Strangely, the average person connects fingerprint identification with detectives and police. We are only the pioneers. Already the method has outgrown the police departments of the world and is spreading into commercial fields everywhere. As science advances, the fingerprint method of identification, a scientific method, will more and more come into its own."

Ordinary minnows in Florida are considered to be worth $1 apiece, according to their ability to destroy mosquitoes.

AMERICAN MODELS BEST, IS CLAIMED

Foreign Cars Are Inferior To Yankee Product, Is Builder's Belief

(Continued from page 7)

about 35,000. The total French output will approximate 100,000 cars.

Morris-Cowley is the Ford of England. Their small cars, 11.9 h.p., four-seater, sells for £195, and his 14 h.p. for £285. This concern is probably producing one-half of the cars made in England. Numerous other concerns in France, England, Belgium, Italy and Germany are producing small cars.

America produces nothing comparable to these European small cars, as the reasons which compelled European manufacturers to make them do not exist in America.

Taxes Govern Size

Europe was forced to build them because of the basis of taxation, which generally is a high tax on horsepower. The French tax is 36 francs per h.p. on cars of 10 h.p. and less, 44 francs per h.p. for those from 10 to 20 h.p. and 52 francs per h.p. for those above 20 h.p. The Belgian tax is 30 francs per h.p. and the English £1 per h.p. flat. France has also a 10 per cent luxury tax on the retail price. These taxes compare with something like 25 cents per h.p. in the United States.

The mathematical formula used by practically all countries to determine horsepower rating is admitted by all engineers to be grossly inaccurate, and yet the governments use it as a tax basis. Without attempting to describe the formula, it can be said that the actual horsepower of an engine can be determined only by test, and cannot be arrived at by formula, because it involves not only bore, stroke and speed, but the additional factors of compression ratio, valve size, valve lift, timing, weight of reciprocating parts, and the nature of ignition; also manifold design, density of gas, and frictional resistance.

Citroen advertises 20 h.p. as the effective power of his 5 h.p. car.

Morris-Cowley advertise 30 h.p. as the effective power of their 11.9 h.p. car.

High Speed Motors

They actually get the higher power from these small engines by running them fast under high compression, but buyers pay tax on the formula rating. American cars like the Ford, Chevrolet and Overland have much bigger, slow speed, normal compression motors, whose buyers must pay much higher taxes. Consequently, the European small cars have a big advantage.

Large European cars with slow speed, normal compression motors, comparable to American made motors, come within the luxury class, and buyers pay about the same taxes as American cars of the same kind carry.

These cars, like Buick, Studebaker, Nash and others, are marketable in Europe in competition with the local product, while our small cars which appeal to buyers of limited means suffer by comparison. All European countries except England have a tariff on motor cars, which is 45 per cent in France and Italy, and American manufacturers have this disadvantage. Gasoline is from 50 per cent to 100 per cent higher in Europe than it is in our country.

Quietness, durability, comfort and performance are vital factors in motor car satisfaction. They are impossible of attainment by high speed, high compression motors. Slow speed, moderate compression American motor cars afford them in high degree. Our cars are likewise unsurpassed in the world in design, quality and appearance.

State Highways Offer Legislative Problem

(Continued from page 7)

with a majority of state road expenditures. It is a natural inclination on the part of motorists in this section to look for a more even break for their money.

$200,000,000 Job

Another chief consideration for Southern California motorists is the completion of the trunk line roads of the state to connect with the systems of Oregon, Nevada and Arizona. In fact, one of the policies long advocated by the Automobile Club of Southern California has been to bring about this improvement, and it is believed that this organization will urge tremendously that ways and means be devised for its accomplishment.

To complete all the roads now within the state system will cost in excess of $200,000,000 and many years of time to do the job. However, if the plan of first completing the major trunk lines can be carried out, travel can find its way from one end of the state to the other over well improved roads within the next two years.

Expansion Is Rapid On Glendale Avenue

(Continued from page 3)

ice station; Glendale and Cypress avenues, service station; Glendale and Palmer avenues, drug store, grocery store, dry goods store; Glendale and Acacia avenues, drug store and market; 821 South Glendale avenue, garage and showroom; 824 South Glendale avenue, large bungalow court; 838 South Glendale avenue, market, grocery store, barber shop and shoe repairing shop; tenth block south, used car market.

In addition, twelve realty offices have been opened along Glendale avenue within the past year, according to Mr. Todd, and several other shops of various kinds have opened, showing that the development along this street has been phenomenal since it was electrified and paved.

Insects are regarded as living a "social life" if the parents live with their offspring and care for them.

CONSTIPATION OVERCOME

The use of FOLEY CATHARTIC TABLETS will bring speedy relief from constipation if taken promptly. They are purely vegetable and act on the liver. Mr. John D. McComb, Lucas Co Home, Toledo, Ohio, writes: "Have used Foley CATHARTIC TABLETS in severe cases of constipation to which I am subject and found them beneficial." FOLEY CATHARTIC TABLETS are easy to take, leave no unpleasant after effects. Try them.

Xmas Toy Buyers Get Busy Early This Year

SAN FRANCISCO, Dec. 4.—Department stores and novelty shops report Christmas buying well under way. This year's toy demands are said to exceed by 20 per cent those of any other year.

Ability to negotiate muddy roads, mountain grades and rough detours, low gasoline consumption and easy handling, was aptly demonstrated during a 4000 mile trip made to Wichita, Kan., and back by F. A. Beach and wife, 327 Riverdale drive, in a 1922 Willys-Knight roadster. Upon his return to Glendale Mr. Beach called at the salesrooms of B. W. Sloan, Inc., 905 South Brand boulevard, local Willys-Knight and Overland dealers, and gave some facts about the trip.

Mr. and Mrs. Beach were gone just thirty days and covered 1750 miles via the Santa Fe trail on the trip east. One quart of oil was used and the gas consumption was 21¼ miles to the gallon. Seven days were consumed and the roads found in good condition except for a sixty-eight mile detour east of Flagstaff, Ariz., and 150 miles of deep, sticky mud in Kansas.

The return trip was made via El Paso and took seven and one-half days. No records were kept of gas and oil for the return trip, but as heavy winds were encountered Mr. Beach is of the opinion the average was not quite so good. For the 4000 miles only two quarts of water were used. No mechanical trouble of any kind was experienced and the trip was made with only four punctures and one blowout.

Over 1,000,000 Michelin Balloon Comfort Cords prove a new tire era is here

A year ago Michelin introduced the first Balloon Tire for present rims. Motorists everywhere have been waiting to see what these tires would do in actual service. Now the facts are known. Over a million Michelin Balloon Tires are running! They have made a record which proves that a new tire era is here.

They have demonstrated that they give:

Unsurpassed Service

Wonderful riding comfort

Greatly increased car-life

You can take advantage of these remarkable improvements at once without buying new tire equipment all around. *Begin with a pair* of Michelin Balloon Comfort Cords on your rear wheels. No change of rims or wheels is needed. One of your old tires makes a satisfactory spare and can be temporarily used opposite a Comfort Cord if necessary.

OAKLAND CAR AT ASCOT SPEEDWAY

Forced Out of Position Near Top by Accident, Driver Avoids Crash

One of the surprises of the Turkey Day Road race at Ascot was the remarkable showing of the strictly stock Oakland six driven by a non-professional driver, declares John Neuschaefer, 420 East Colorado street, Oakland dealer in Glendale.

The Oakland was one of the cars to actually qualify for the big event and its speed merited for its position number 9 in the line-up, according to the reports of the scorers.

When the real event was staged the Oakland proved its right to this position by setting a pace that for a time looked like it would carry the car over the finish line in first place, according to Harry Neville who watched the car's performance from a point of vantage. However, fate intervened with a mishap that was changed from a potential fatality into a piece of mere hard luck by the efficient working of the Oakland's mechanical four wheel brakes. In seeking to avoid an accident whch would have meant death, John Vickers, the driver of the car, was forced to slide his car around in a manner which exerted a severe side stress on the car and this loosened up the gas tank and twenty minutes were required to refasten it to the chassis in order to keep the car in the race.

"The only change in the Oakland was the shortening of the frame in order to negotiate the steep curves," says Mr. Neuschaefer, "otherwise the car was as stock as any car that any Oakland owner is driving on the streets today, and it was entered and driven by the Pomona dealer for the Oakland, assisted by a man in the Pomona sales organization."

Try Glendale Merchants first.

FOLEY PILLS REACHED THE SORE SPOT

Mrs. Ellen Reighard, South Fork, Pa., writes: "I had been suffering with my kidneys and nothing seemed to touch the aching spot until I procured FOLEY PILLS, with wonderful results." FOLEY PILLS, a diuretic stimulant for the kidneys, gently and thoroughly flush and cleanse the kidneys and help to eliminate poisonous waste matter. Try a bottle today and you will be well pleased with the relief obtained The use of FOLEY PILLS increases kidney activity.

CHRYSLER MAKES RECORD ON HILL

Stock Car Covers 76 Miles From San Diego to Top In One Hour 52 Min.

The Chrysler Six hung up another startling performance for strictly stock cars a few days ago when it climbed from San Diego to the summit of Palomar mountain, a distance of seventy-six miles, in one hour and fifty-two minutes. What makes the performance of the car more remarkable and noteworthy is that it was carrying four passengers, declares Lyman P. Clark, of the Glendale Motor Car Co., 124 West Colorado street, Chrysler and Maxwell distributor. The top of the car had been removed for the trip, but otherwise it was just as it had come off the dealer's floor a few days before.

"Forty-seven miles of the distance was driven through a dense fog," reports Mr. Clark. "On the Palomar grade there are twelve miles of turns and twists, of which 162 are regular hairpin turns. According to those who observed the car on the trip, there was no boiling, eighty-two degrees being the highest that the water in the radiator reached on the climb. Oil showed no breaking down, and no water, the observers claim, was used.

"The car showed both remarkable speed and endurance in making the climb at the fast clip at which it was driven, and five watches were used to check the car and each of these in turn was checked by the Western Union Telegraph Co., before the run started."

Cleveland Sends Out Call for Skilled Labor

CLEVELAND, Dec. 4.—There is a growing demand here for skilled labor. Superintendent Seiple of the State City Employment bureau said today:

"Shops which have not been heard from for months have applied for men. We have had 500 common laborers in line on some days last week, however, who probably will be hard to place. I look for marked improvement next year."

Philly's Xmas Trees Supplied from Quebec

PHILADELPHIA, Dec. 4.—The first consignment of Christmas trees has arrived here. This shipment totaled 4000 and came from Quebec.

4 BALLOON TIRES GIVEN FOR NAME

C. A. Good Offers Set to One Suggesting Best Title for Station

A set of four C. T. C. balloon cord tires for a name, is the offer being made by C. A. Good, manager of the garage and serviee station at Glendale avenue and Harvard street.

Mr. Good opened a garage near this corner some months ago and the rapid growth of his business called for an expansion program that has resulted in an investment of $20,000. The entire corner is now occupied by a super-service station, tire service, garage, rest rooms, and other departments of a modern station.

Mr. Good wants to change the name of his station and believes that someone in Glendale can suggest the right one. As a reward for suggesting a name he will give the winner a set of four C. T. C. balloon cord tires free.

Here are the contest rules: Call at the station, investigate the facilities for repairing and servicing cars, then register your name, address and make of car at the office; write your suggested name on two separate sheets of paper, on one of them writing the name only and on the other your name and address, then mail to post office Box 896. All names must be submitted by noon, Thursday, December 18, and the winner's name will be announced in The Glendale Evening News on Monday, December 22.

NEW CADILLAC IS ON DISPLAY HERE

Court Motor Co. Extends General Invitation to Visit Showrooms

Celebrating the initial showing of the new Cadillac custom built enclosed car bodies, made in the recently established Fisher custom body department, together with several of the standard enclosed Cadillas models, Court Motor Co., Cadillac dealers, 901 South Brand boulevard, is holding open house this week in honor of the first of the beautiful new models which now head the Cadillac line.

The single mechanical change in the standard V-63 chassis on which the new custom built models are mounted is the addition of six inches to the wheelbase length, bringing it up to 138 inches for all of the custom built models except the two passenger coupe, which remains 132 inches in length in common with the standard Cadillac models.

An unlimited range of color combinations, and choice of interior finish is obtainable in the custom built models.

The handsome walnut moulding is a distinctive feature of the interior finish, while the toilet and smoking set equipment is unusually complete. The windshield is of the one piece type, and can be raised or lowered to furnish any desired degree of ventilation.

Americanization Work In Schools Described

(Continued from page 3)

chairman of Albion street work, and she is soliciting magazines for the children, and making plans for the American Christmas party, sponsored by the Glendale chapter.

Miss Ida D. Myers, regent, presided over the meeting yesterday. Mrs. S. C. Leppelman gave a report on the recent state conference. Endorsement was given the coming presentation of the oratorio, "The Messiah," by the Glendale Music club. It was unanimously decided to pay the chapter's quota for the markers for the Old Trails road.

Mrs. E. M. Kennedy, historian, gave a most interesting account of a trip she and Miss Myers and Mrs. Mabel Franklin Ocker took on Monday in search of the oak tree on the old Verdugo rancho, under which General Pico is said to have camped a few days before his surrender, January 13, 1847, to General Fremont. It is possible that General Richard Gridley chapter will mark this historic spot with a fitting marker. On their trip they also visited Manita Verdugo, 100 years old, living at Sparr Heights.

Mrs. E. W. Gilliland, chairman of co-operation with ex-service men and women for the Tuesday Afternoon club, represented Mrs. Henry T. Wright, chairman of that department of the Los Angeles district, California Federation of Women's clubs. Mrs. Gilliland told something of plans for bringing Christmas cheer to ex-service men. In anticipation of Christmas, Miss Vera Schlotzhauer sang two Christmas songs. She was accompanied by Mrs. W. Q. Widdows. Mesdames William McMillan and B. O. Holbrook were hostesses during the informal social hour later.

COMMENT by GIL A. COWAN

It may interest the people of the state of California to know that the spirit of economy, as well as the word, is actually seen by newspapermen. Accompanying the Los Angeles division engineer on his regular inspection trip of projects under construction by the California Highway commission the writer had occasion to see an incident revealing that the regime of Friend W. Richardson has had its effect.

Commissioner N. T. Edwards, who accompanied the engineers through his home county of Orange, endeavored to pay for one meal—a 75-cent lunch—at San Juan Capistrano. Strange to relate, every member insisted and did pay for his own lunch, the newspaper and magazine representatives charging it to their expense accounts; the highway engineers charging it to their expense accounts; and, in the matter of cigars, Mr. Edwards found only two in the party who accepted his proffered perfectos——not one of the three highway commission employes smoking at all!

Frank M. Durkee, who edits The Bulletin for the commission which lets workers of each division know what is going on by way of construction, arranged the trip when it was convenient for F. V. Cortelyou, division engineer, to inspect the work in his jurisdiction. Engineer E. T. Scott, maintenance superintendent, who escorted another carload, was in conference several times with his chief as problems needing attention were viewed. He also took camera pictures of several construction jobs for Mr. Durkee, who was obtaining information first hand.

Necessity for additional highway construction between rapidly developing Southern California points is apparent to the person who travels over dirt and sand roads. Verily, this state depends on its pavements for progress and prosperity.

When one views the hundreds of acres of virgin land in Orange and Ventura counties now used for grazing or grain which would be available for early vegetables if transportation were available; sea shore which would be available to the general public for playgrounds and summer cottages; villages which will blossom into cities when they are linked to the metropolitan area—then one knows that the next legislature and the California highway committee, which is due to report thereto, holds the key to the greater development of the southland.

Look to Orange county for some wonderful development in the next few years, particularly along the coast line. Oilfields at Seal Beach and Newport Beach are being brought in; Huntington Beach has taken on new life from its oil boom and built a broad boulevard that equals Brand boulevard of Glendale, except the former fronts on the ocean; Laguna Beach and adjacent territory is blossoming forth with new highway connections which will make that section a summer paradise.

As Los Angeles and Long Beach harbors develop Newport Harbor with its yachting, not to mention Orange county commerce, is going to forge to the front. Far-sighted government engineers already are looking to its future.

Few people in Glendale and proportionately fewer Los Angeles people realize what is in store for Southern California. So far the surface has only been scratched insofar as practical potentialities are concerned.

ADVENTIST MEET DRAWS TO CLOSE

Four States Represented At Three-Day Session Of Fifteen Bodies

Numerous committee meetings occupied today's session of the efficiency commission, Pacific Union conference, held at the Glendale sanitarium, Chairman F. E. Corson of Loma Linda presiding. Its was the windup of the business that has for the past three days occupied the fifteen Seventh Day Adventist representatives of conferences and denominational institutions present from Arizona, Utah, Nevada and California. As president of the Pacific Union conference, which is the mother body under which all these fifteen organizations function, Elder J. L. McElhany presided. Other local Adventists prominent in sessions of the efficiency commission are B. M. Emerson, secretary-treasurer of the Pacific Union conference; F. T. Oakes, auditor, and Dr. A. W. Truman, medical superintendent of the Glendale sanitarium.

FREE SERVICE NOT IN DODGE POLICY

Glendale Dealer Explains Why Anything 'Free' Not Practical

There is a certain amount of magnetism in the word "free," and a natural human gravitation in the direction of anything that appears to be free, but in spite of this it is not difficult to convince the average auto buyer that paid service is usually preferable to so-called "free" service, according to R. E. Corrigan, 116-18 West Colorado boulevard, Glendale Dodge distributor.

"Doubtless we are helped materially," he added, "by the fact that Dodge Brothers have publicly announced repeatedly that they do not believe in so-called 'free' service.

Free Service Idea

"Consequently the man who seems inclined to talk about 'free' service usually begins by saying that there must be some good reason for not giving 'free' service, or Dodge Brothers would not take such a definite stand against it.

"Whereupon it becomes a simple matter for us to explain how Dodge Brothers assumed that when a man set out to buy a car he was interested primarily in getting a good car, the most car, in fact, that he could get for a given sum. What might be thrown in with the car in the way of 'free' accessories and 'free' service was of secondary consideration. In fact, these items were of such absurdly minor consequence, compared with the chief objective—that of getting a car that represented real dollar-for-dollars value—that they deserved no consideration whatever."

Doll Hospital Gives Aid to Broken Toys

Every ailment known to dolldom has a satisfactory treatment at the doll hospital, presided over at 113 East Chestnut street, Room A, by Mrs. D. W. Husted "Patients" are even sent from afar to have broken heads and hands mended. Each one receives expert attention and is soon able to leave the hospital as good as new. Mrs. Husted has received "patients" for her hospital from Honolulu, Havana, Nome, Quebec and other distant places.

Returns to Seattle After Visit In City

Robert S. Walker, banker, of Seattle, Wash., who has been the guest of F. C. Wolter of 315 North Orange street, left last night for his northern home. Mr. Walker was very much impressed with the progressive spirit of Glendale.

LEGION NOTES

W. H. Regelin, now first vice-commander of Glendale Post No. 127, American Legion, is favored as winner in the race for commander to succeed Joseph A. Wilson, according to a canvass of the former service men who are members of the post. The annual election will be held Friday night when the members meet at Legion hall, 610 East Broadway. E. W. Gilliland, now second vice-commander, is picked to fill the position now held by Regelin. W. H. Richards and D. M. Hammond are the contestants for second vice-commander's office. Other offices to be filled are: Treasurer, chaplain, historian, sergeant-at-arms, executive committeemen, trustees and delegates to the county council.

C. C. Secretary Hears Speakers at Meeting

Secretary Howard I. Wood of the Glendale Chamber of Commerce attended both meetings of the United States Chamber of Commerce in honor of chamber secretaries yesterday.

At noon, President Grant of the U. S. chamber was host to the secretaries at lunch and explained to them why a better understanding between the body of which he is head, and Southern California chambers, would be of direct benefit to the individual organizations. Secretaries from virtually every city of any size on the Pacific coast were in attendance.

Last night the secretaries were guests of Henry M. Robinson, member of the Dawes reparation commission, at a dinner at the California club, Fifth and Hill streets. Mr. Robinson praised the work being accomplished by the United States chamber in his address.

Guy Moore to Talk on Thought, Efficiency

Guy Moore is to speak on "Thought and Efficiency" at the meeting at 8 o'clock tonight of the Success club at 113 South Orange street. Following the lecture Mrs. Eva Richardson, club pianist, is to play "Prelude in G Minor" (Rachmaninoff).

Industrial Survey In City May Be Delayed

Possibility that Glendale's industrial survey will have to be put off for a period of from four to six months loomed today when it was learned by Frank L. Fox, chairman of the special industrial survey committee of the Chamber of Commerce, that the services of C. E. Alderman, the statistican who is to make the survey, will not be available for that length of time.

Up until the early part of this week, Mr. Alderman, who made both the Burbank and Los Angeles surveys, was ready to come to Glendale upon call. Monday, however, he signed a contract with the city of San Bernardino to make a survey there, and, unless an agreement can be reached between San Bernardino and Glendale to permit the local work to be done first, it is likely that no survey will be started here for six months.

Secretary Howard I. Wood, of the chamber, declared that the services of Mr. Alderman were vital to the Glendale survey as he would be able to save this city thousands of dollars and much time, having already gathered a lot of the information through his connection with the work in Burbank and Los Angeles.

Following a meeting late today between members of the industrial committee and the statisticon, a definite decision to the matter will probably be reached.

Ex-French Officer Is Held as 'Red' Worker

PARIS, Dec. 4.—The French Communist, Jacques Sadoul, who was a captain of the French army in 1917 and became a naturalized Russian citizen and later a Soviet official after being sent on a French mission to Russia, was arrested at his hotel at noon today. Sadoul was condemned to death for desertion November 8, 1919. His arrest was made as French Communists were bidding a noisy welcome to Leonid Krassin, Soviet ambassador to France.

Because of its chilling effect on air containing much water vapor, icebergs are frequently enshrouded in fog.

Association Plans to Increase Membership

A membership drive to increase the enrollment of the Glendale Advancement association was planned at the meeting held today noon at the Harriett Mae tea room. Mrs. M. L. Tight, chairman of the membership committee, was authorized by President C. W. Ingledue to select additional committee members.

J. K. Todd, J. F. Chandler and T. A. Menk were named members of a committee to secure signs on Broadway, Verdugo road and San Fernando road pointing to the business section of the city. W. E. Mercer and George Harness were named to question merchants of East Glendale relative to a district publication to be issued weekly. Mr. Harness reported the proposed sign on Verdugo mountain would cost between $4000 and $8000.

A male bustard, Europe's largest bird, weighs from thirty to forty-two pounds, is four feet long has a wing spread of about seven feet.

Many Dead or Injured In Collision of Trains

(Continued from page 1)

be V. C. Brubaker, engineer of the flyer. While most of the injured were commuters in the rear of the Key Route car, crushed as if by a juggernaut, the front part of the rear train was smashed in.

Brubaker was not seen after the collision and it is feared that he was killed in the crash.

Worst In Bay History

The collision is declared by officials of the Key system traction company to be the worst in east bay history.

A score of injured were taken to the Berkeley General hospital, it was learned later. Two died on arrival.

Many other injured have been removed to the Oakland emergency hospital and Fabiola hospital.

At the emergency hospital here one of the injured men told doctors that several persons in the forepart of the first car of the Key Route train were killed outright.

Autos Rush to Scene

Hundreds of automobiles began racing through the downtown streets to the scene of the accident.

Police reserves were called out by Chief of Police James Drew to assist in rescue work and to restrain the crowds.

Calls were sent out for additional physicians and nurses. Police patrol wagons, ambulances and private automobiles were impressed into emergency service.

United States postoffice department has let a contract for the government for 140,000,000 official envelopes at a cost of $178,061 for next year's supply.

The Wrath To Come

By E. PHILLIPS OPPENHEIM, Copyright 1924

CHAPTER XXXVI

"Look here," he said. "You two are sensible men. I'm sure of that. I want to tell you that Mr. Slattery is playing a very dangerous game. He is pretending to be broken down to keep this gentleman, Baron Funderstrom, from attending the Nice Conference tomorrow."

"Aye, aye," the engineer observed. "He has some good reason, no doubt."

"I am not going to threaten you with what may happen if this conspiracy is persisted in," Blunn went on. "I want to put the matter to you another way. Start your engines up and get us to Monte Carlo before morning and you shall have a draft for five thousand pounds, during the day."

"Five thousand pounds!" the captain echoed.

"It's an enormous sum," the former declared.

"It is yours, if you'll do as I have asked," Blunn assured them.

"What's the matter with Mr. Slattery giving me my orders?" Nicholson demanded.

"Mr. Slattery has already given you his orders, and we don't approve of them," Blunn replied.

"It's a pity, that," the chief engineer regretted, "for Mr. Slattery's are the only orders that are likely to receive any attention on board this ship."

"If to that five, I were to add another two?" Blunn suggested.

"Seven thousand pounds! Why, man alive, it's a tremendous sum," the other gasped. "I'd not know what to do with such a fortune."

"That is for you to decide," Blunn said impatiently. "You can make your own arrangements with the captain. All we ask of you is to start your engines, and of the captain, to take us into Monte Carlo. Come! This shall mean your fortunes, both of you. It shall be ten thousand pounds between you, paid in cash tomorrow morning."

"Ten thousand pounds!" the engineer repeated. "Did you hear that, Captain Martin? Five thousand apiece! Why, mon, the money would be a temptation to us. Like as not we would stay on land and get drunk, instead of coming to sea, like decent seafaring men should."

"Will you do it, or won't you?" Blunn demanded, suddenly suspicious of the other's attitude.

The chief engineer knocked the ashes from his pipe.

"I'm thinking," he said, "that neither of you gentlemen are much used to the sea and the ways of seafaring folk, or you'd know that there isn't a self-respecting officer born who'd take his orders from any except his skipper. You're simply wasting your time here, gentlemen. If you'll excuse me, I'll be getting along. I've a fancy for a word with Mr. Slattery."

"You'll stay here for the present," Blunn declared coolly. "Don't make a fuss about it, please. No one wants to hurt you, but there's a great deal at stake, and a few men's lives won't make much difference."

The engineer looked in blank and genuine amazement down the black muzzle of Blunn's automatic.

"Take your finger off that trigger, you blithering idiot," he shouted. "Don't you know it might go off at any minute?"

"It's very likely indeed to go off if you move," Blunn assured him. "Just as you are, please, both of you."

Baron Funderstrom stepped backwards, and Blunn followed his example. Outside, they shut the door and locked it. The two officers stared at one another open-mouthed.

"So that's the game," the engineer exclaimed. "We're keeping that warmed-up corpse of a lop-eared German from going to the Conference. Abductors! That's what we are."

The captain helped himself to whisky and passed the decanter.

"Fill up, Jim," he invited, "and then you'd better press the bell."

Nicholson did as he was bid. Then he shook his head.

The fat chump wasn't quite such a flat as all that," he remarked. "Wire's cut outside."

Captain Martin leaned back in his chair and laughed.

"If this doesn't beat the band!" he exclaimed. "To think that I've been going to sea for thirty years, and have never been in a hold-up before! Drink up, Jim, and we'll get busy. There must be something we can do."

The chief mate, Henry Fosbrooke, was standing, his back to the rail, watching the somewhat erratic antics of an uncertain wind in his main-sail. The yacht being for a watch under his control, he was indulging in some mild speculation as to the reason for the curious instructions he had received. To him, out of the gloom, came Blunn, bulky, ponderous, slow-footed, followed by Funderstrom, grey and cold, silent as a dead man.

"Are you the officer in charge?" the former asked.

"I am, sir, for my sins," was the civil reply. "We're giving you a queer sort of entertainment tonight."

"My friend here, Baron Funderstrom, and I are the victims of a practical joke," Blunn continued. "We have a proposition to make to you."

"A proposition," the officer repeated, watching the slow bellying of his sail. "If it is anything to do with getting busy down in the engine room, I shall be glad to hear it, anyhow. I don't fancy this flopping about like a lame duck, with squalls in the offing."

"To tell you the truth, neither do we," Blunn declared. "We want to turn the tables upon Mr. Slattery. Is there a second engineer on board?"

"There he is, sir," the mate answered, pointing to a gloomy figure standing with his hands in his pockets a few yards away.

"I should like to speak to him for a moment. Please call him."

The appearance of the second engineer, who at once obeyed the summons, was distinctly encouraging. He was a youngish man, with shifty eyes and a furtive manner.

Colored goldfish were found in Japan as early as 1500.

Views and Previews Theatres News Notes From Studios

Compiled by Members of The Evening News Staff

PITTS PLAYERS

"The Crimson Nemesis" continues to send shivers up and down the spines of hundreds of theatre-goers nightly, while delighting them with its gripping drama and clever comedy. The location is the tent theatre at San Fernando boulevard and Cedar street, Burbank. The curtain rises at 8:15 o'clock.

The cast comprises a talented group of artists who have already won the hearts of Glendale and Burbank theatre-goers with their excellent production of "The Fortune Hunter." Seeing Pitts Players is becoming a popular nightly pastime of hundreds of local people. The management assures all patrons that ample parking space for cars has been provided and that the tent has many special features for the comfort of those who desire to see a play under the most advantageous circumstances.

DOBINSON PLAYERS

"Mamma's Affair" is now playing its second week at the Tuesday Afternoon club theatre, with Gertrude Kellar in the leading role. The play is presented by the Dobinson Players, with a full professional cast. The curtain rises nightly at 8:15 o'clock. Miss Kellar's part is that of a selfish mother who prides herself on her great love for her daughter, yet who invariably thinks first of herself.

Joseph McManus, an actor of prominence, both here and in the east, portrays the role of Dr. Jansen, whose candid diagnosis of wealthy neurotics is severe, is a character of perfect interpretation, and his scenes with Eve Orrin hold the audience spellbound.

"Mamma's Affair" is from the pen of Rachel Barton Butler, once a student in Professor Baker's celebrated "English 47" class at Harvard university. The play was selected from among fifty as the most worthy to receive the prize of $500 offered by Oliver Morosco for the best play of the year.

THE GATEWAY

The Gateway theatre feels proud to offer Thomas Meighan, latest productions, in "The Alaskan" the latest production in "The Alaskan" the picturization of James Oliver Curwood's famous book of that name. This picture will be shown today, Friday and Saturday.

"The Alaskan" is a tale of a new empire which has come into being in the far north during the last thirty years. It is a picture well worth seeing.

THE GLENDALE

"Racing for Life" concludes today at the Glendale Theatre. Friday and Saturday the picture is Viola Dana in "Seeing's Believing."

THE T. D. & L.

Harold Lloyd in "Hot Water" continues at the T. D. & L. Theatre.

STATE SOCIETIES

Colorado society, Saturday night, December 6, Flower auditorium, 1720 South Flower street, Los Angeles.

Holland Dramatic club, Saturday night, December 6, 8 o'clock, Fraternal Brotherhood hall, 845 South Figueroa street, Los Angeles.

Uncle Wiggily

By HOWARD R. GARIS

UNCLE WIGGILY'S BIG JUMP

One day the Fox knocked on the door of the dark, dismal cave wheer the Wolf lived.

"What do you want " growled the Wolf, for he was rather cross, not having had any breakfast.

"I'm hungry! I want something to eat," barked the Fox.

"Pooh, that's nothing! So am I hungry!" snarled the Wolf. "I have no breakfast for myself, so how can I give you any?"

"Listen to me," said the Fox, "and I will tell you a way so we may each have a good breakfast off Uncle Wiggily's ears!"

"How?" asked the Wolf.

"It's a new trick," whispered the Fox. "Listen, I'll tell you about it," which he did. So that, a little later, the Fox and the Wolf went over the hill together toward the hollow stump bungalow, where the rabbit gentleman lived.

"Now, you hide behind this bush," said the Fox to the Wolf, "and I'll play the trick on Uncle Wiggily." So the Wolf hid behind a bush and the Fox went up on his tiptoes and tapped on the door of the hollow stump bungalow.

"Why, the idea! What do you mean, so boldly coming to my house?" asked the rabbit gentleman. "I shall call the Police Dog!"

"No, don't do that!" begged the Fox, pretending to be polite. "Listen to me, I will do you no harm!"

"Ho! Ho! You couldn't do me any harm in broad daylight at my own bungalow, where I have a telephone to call the Police Dog," laughed the rabbit. "I'm not afraid of you! What do you want?"

"I have heard so much about what a good jumper you are," said the sly and cunning Fox. "that I have come to see for myself. Are you a good jumper, Mr. Longears?"

"Of course I am," said the rabbit.

"Then," said the Fox, "let me see if you can jump over that bush, Uncle Wiggily," and the bad chap pointed to the bush behind which the Wolf was hidden. "Jump over that if you can, though I don't believe you can do it!" laughed the Fox. He thought, you see, that the bush was so far away that the bunny would fall into it instead of jumping over it. And when Uncle Wiggily fell into the bush the Wolf would get him and then the Fox could have some ear nibbles.

"Of course I can jump over that bush," laughed Uncle Wiggily. "I can make a bigger jump than that."

"Let's see you!" chuckled the sly Fox. "I think Uncle Butter is a better jumper than you."

"All right! I'll show you!" cried the rabbit. "Wait until I put on my jumping shoes." Now while the bunny was putting on his jumping shoes Nurse Jane whispered to him:

"There is some trick in this, Uncle Wiggily. The Fox is up to some trick. Here, we'll put a lot of red pepper in your jumping shoes, and if there is a bad chap hidden in that bush kick some pepper in his eyes!"

Uncle Wiggily hopped out to make his big jump while the Fox sat down, smiling and hungry, to watch. And as the bunny hopped over the bush, which he could easily do, he looked down and saw, hiding in it, the bad Wolf.

"Oh, ho! This is for you!" cried the bunny, and he shook some red pepper from his shoes down into the eyes of the Wolf.

"Wowzoopa! Wowzippa! Wowzappa!" howled the Wolf, turning somersaults. "Oh, how my eyes smart! Wowgurka!" And out of the bush he ran and the Fox after him.

"Ha! Ha! Now don't you think I can make a big jump?" cried the rabbit, but the bad chaps didn't stay to answer him. And if the tongue in the lace shoe doesn't talk in its sleep and wake up the rubber heel, I'll tell you next about Uncle Wiggily and the Bob Cat's button.

Special Suit Offering Features Tailor Sale

Five years successful merchandising and 1,400 pleased customers mark the opening of a special suit offering by A. Gelmor, tailor, 138 South Brand boulevard. Mr. Gelmor came to Glendale five years ago and opened a shop on East Broadway, where he remained one year. Growing business necessitated different quarters and he moved to his present location and says he expects to remain here for years to come. During the sale he is offering an extra pair of pants with every suit. Mr. Gelmor has hundreds of patterns to choose from and says fit and satisfaction will be guaranteed as it is on this he has built his business.

U.S.C. Musical Comedy In Final Rehearsals

"Campus Frolics," the annual musical show of the University of Southern California, is in the final rehearsals this week in preparation for its presentation in Bovard auditorium on December 12 and 13. Warner Grassell, 3145 West Pioneer drive, will be a member of the cast. College life chiefly supplies the theme of the musical comedy. The chorus will be made up of thirty-six co-eds, and the company will be composed of fifty.

Boy Scouts Guests of J. T. Edwards In Studio

Members of Troop 11, Boy Scouts, will be entertained tomorrow night at the studio of J. T. Edwards, on San Fernando road. Teddy Edwards is a member of the troop. The boys will meet at the corner of Central avenue and Broadway at 6:30 o'clock and go from there to the Edwards studio. "Hot dogs" will be served after the meeting. Scoutmaster S. C. Lowry asks a 100 per cent turnout.

Heart and Home — Health and Happiness

Diet And Health

By LULU HUNT PETERS, M. D.

ANSWERS TO CORRESPONDENTS

"Dear Doctor:—At the time I became acquainted with your writings, I weighed 152. As my height is five feet, three inches, I was about 20 pounds overweight, according to your rule. I have reduced the 20 pounds and am now 132. I am 53 years old.

"Now this is the point about which I wish to consult you: While I am very active, doing all my housework, I find I cannot eat more than 1300 calories per day without immediately gaining. To reduce I must go way under 1200—to 900 or 950 per day—and at that slowly reduce. My maintenance diet is so much under your rule. I wonder why? It scarcely seems enough for bodily repair Will you please advise me? — Mrs. L."

There are two main possibilities in your case, Mrs. L. The first one is that your ideal weight is less than 130; or just the contrary, it may be that it should be more. This variation of over or under the average for normal, is probably dependent upon the size and heaviness of the framework or the bones of the body. After 40, according to the insurance companies' findings, those who are slightly under average weight are healthier and have a longer life expectancy, so I am inclined to think that in your case, as you are 53, you are still slightly over weight. According to the data that I have gathered from my thousands of followers, a few pounds of excess fat seem to act as an invitation for more to accumulate. As I have expressed it, it acts as a leaven and causes the expansion.

Here's another thing I have found. Those who are comparatively short, even though they are active, have to go under our standard 1200 calories in order to reduce at a fair rate. Undoubtedly, reduction would take place on 1200 calories, but it would be rather slow.

There is still another conjecture in your case, Mrs. L. You may not be counting sufficient calories for your food. Of course, we can count calories only approximately anyway, but those who are reducing should give the food portions the benefit of the doubt on the high count.

We usually consider 220 C. the average maintenance number. However, we cannot pin the maintenance number on one figure, because experimental studies and clinical experiences have shown that a non-varying weight may be maintained with fairly wide daily variations in diet. We have to conclude that it is the average number for a period of time that counts. For instance, if a person's body fires burn normally (in scientific terms we say, if his metabolism is normal) they will automatically speed up and burn a little faster when more food is taken, so that there is no excess left over to form fat. I will discuss this metabolism more fully later.

If you feel perfectly well on a diet around 1300 calories, as you count it, you might consider that your maintenance, although I am positive that with your activities you will find that by the end of the month you will have lost some weight.

In Saturday's Answers to Correspondents, I am going to give a letter from a man whose experiences are an example of what I have told you.

ARTHRITIS DEFORMANS

It is not known definitely what the cause of A. D. is. Probably an infection or poison generated somewhere in the body. How about your tonsils, teeth, nasal sinues, intestinal tract, etcetera? An exclusive raw fruit or vegetable diet for a few days will be beneficial at any rate. Later milk or buttermilk in liberal amounts, as well as the raw fruits and vegetables should be taken. I will write more on this subject very soon.

Tomorrow—Answers to Mothers

My Dear Followers:—When sending for material which we offer you please remember to enclose a stamped envelope bearing your full name and address. The pamphlet on reducing and gaining is the only one for which you must enclose four cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible, not over 200 words, and type or write them legibly with ink. Please sign your name as evidence of good faith—we will not use it in any way. Remember it is impossible for me to diagnose for you or to answer you personally. I appreciate very much the beautiful letters you send me and regret it is impossible to give you individual advice. The questions you ask will be answered in the column as soon as possible; if they are of general interest. Don't forget the s.a.s.e., if you expect me to send you the information I have offered.

Copyright, 1924, George Matthew Adams.

Personal Notes

Phone Personals to Social Department, Glendale 4000

Mrs. Howard Walker and daughter and son Miss Elizabeth and Carl, spent Friday at Redondo Beach visiting Mrs. Walker's sister, Mrs. L. O. Kilham.

The friends of Carl Walker of 523 North Central avenue will be interested to learn that he is recovering from an attack of the influenza.

Mr. and Mrs. E. B. Davey and family, who have been spending the past several months at San Gabriel canyon, returned to their home at 1945 Vassar street last week.

Mr. and Mrs. J. B. Tabour and the latter's uncle, George H. Henchman of Minneapolis, Minnesota, arrived in Glendale Tuesday and will spend the winter here. The Tabour family have a residence at 1315 North Louise street.

Mrs. and Mrs. C. H. Chrisman, of 310 East Chestnut street with their guests, Rev. and Mrs. R. H. Moon of Oakland, returned Tuesday night from a trip to San Diego, where they visited with Rev. L. B. Quick, pastor of the Gospel Tabernacle at that place.

Mrs. Frank E. Budway and sons, Francis and James Robert, returned to their home in Burbank yesterday after spending ten days with her mother, Mrs. C. R. Goudie, 324 West Elk street. Mrs. Budway visited her mother while her husband was on location at Big Bear Lake.

Mrs. Alice N. Ayers of 138 North Belmont street, who fell and injured her hip four weeks ago, is reported to be getting along nicely at her home.

Mrs. W. A. Anderson, who is spending the winter at Redondo Beach, arrived Tuesday for a few days visit with her daughter, Mrs. Woodruff Bunker, 409 West Wilson avenue.

Mr. and Mrs. A. A. Allsworth of Portland, Oregon, arrived here today to spend the winter with Mr. and Mrs. C. B. Andrews of 232 North Maryland avenue. Mr. and Mrs. Allworth are parents of Mrs. Andrews.

Mr. and Mrs. Benjamin Waterfall, Mr. and Mrs. Louis Niles Waterfall of Berkeley, Mr. and Mrs. Frank Porter Stearns of Los Angeles, Mr. and Mrs. J. J. Hickman, Mr. and Mrs. Eugene Imler and daughter Adelaide, Mrs. Ellen Kenney of Glendale were Thanksgiving guests of Mrs. Adelaide H. Imler of 336 West Park avenue.

Mr. and Mrs. Frank Dixon of Omaha, Nebraska, arrived in Glendale recently and will make their home here, having purchased a residence at the corner of Pacific avenue and Pioneer drive. Mrs. Lois Robinson, sister of Mrs. Dixon and Mr. Patton located the home for the Dixon family three weeks after their arrival here.

Social .·. Clubs

Edited by KATHERINE V. SINKS

Methodist Social

Program plans for the "Howdy" social which will be given at the Central Methodist church tonight at 8 o'clock by the Aid society have been completed. Members and friends of the church are invited to attend. Mrs. Charles Evans, president of the society and Miss Josephine Cocke, arranged the program, which will be: vocal duet, Mrs. A. Hagen and Mrs. H. Moore; piano solo, Ella Louise Muhleman; vocal duet, Mrs. L. Baker and Miss Emily Kopp; violin solo, Genevieve Zimmerman; reading, Mrs. Magill; vocal duet, Dr. and Mrs. Joseph Marple; piano solo, Irma Lucas.

♣ ♣ ♣

Son Is Honored

The home of Mr. and Mrs. C. A. Haskins, 647 Waltonia drive, Montrose, was the scene of a merry gathering Tuesday night, when they entertained a company of young people at a party for their son, Gregg Haskins. The evening was pleasantly spent in playing games and dancing. Later Mrs. Haskins served refreshments of ices, cake and candy. The company included twenty-one members of the senior class of Glendale high school.

Omar Shrine News

Mrs. Warren Roberts, worthy high priestess of Omar Shrine, White Shrine of Jerusalem, announces that officers will meet Sunday afternoon at 3 o'clock at the Masonic Temple, 232 South Brand boulevard for practice. The officers will take their lunch and after the lunch community singing will be enjoyed.

Pythian Sisters

Pythian Sisters will hold a meeting at the Knights of Pythias hall, corner of South Brand boulevard and Park avenue Friday night, at which time new officers will be elected. The meeting will be held at 8 o'clock.

Chats On Beauty

By EDNA KENT FORBES

THE DUTY YOU OWE YOURSELF

I do not want to go into a detailed discussion of any particular beauty method today. I only want to firmly impress upon you this fact: that you can b ebeautiful and that you must, that it is a duty you owe to yourself—to every one who sees you, and that the way to better looks is neither complicated nor expensive.

Every woman can have thick, glossy hair, a complexion so flawless that even pallor will be becoming, good teeth, a sweet mouth, pretty eyes, perfect fingernails and a youthful, attractive figure. These, I mean, are the points that you can begin to achieve tonight; given them, wouldn't you consider yourself beautiful?

Now for a few general rules. the first being the most important. Never go to bed without having removed from your skin every particle of dirt, powder or makeup, with cold cream, soap and water, or all three.

Give your hair a good shaking and brushing and the scalp half a minute massage.

Scrub your nails with soap and hot water. Clean, remove stains, rub with cold cream and push back the cuticle. For luck, rub some of the cream into your elbows and wipe it off.

If you've anything specifically wrong, such as pimples, a brown neck, dandruff, etcetera, give yourself a special treatment for these difficulties, preferably at bedtime; if not, during the day.

You need never spend a great deal of time over yourself, you can accomplish wonders in 15-minute beauty treatments daily. But you must persist, you mustn't skip a day. You also must go about with an open eye to other people's faults, so you can learn. and to their good points, so you can imitate!

And when you've improved all you can improve (only you'll never reach that stage) remember that a gracious manner and a charming smile will cover up a multitude of physical faults.

Big Eyes—When using peroxide for bleaching purposes, it is necessary that the hair should be free from any soil or secretions from the skin. Use the bleach on the arms directly after bathing them.

E. J.—There could be no dye that would be permanent for the lashes and brows. The natural shade will always reappear as the new hair grows out from the roots.

Mrs. H.—It is not advisable to use lead in any form on the hair or skin.

A Reader—If you wear your hair in the close boyish bob your face will not appear to be too stout.

A. M.—To reduce the hips, lie on the floor at full length, clasp hands high ove ryour head and then roll from side to side until you have exercised fully without getting dizzy.

Tomorrow—Nails and the Manicure.

All inquiries addressed to Miss Forbes in care of the "Beauty Chats" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question—The Editor.

Cottage Pudding Coffee

To knit a ten-year-size slip-over sleeveless sweater with V-neck, buy four balls of shetland floss and a pair of number seven celluloid knitting needles. In the following directions, I assume that 11 stitches will measure two inches; and that seven rows will measure one inch.

Cast on 76 sts. for lower edge of back, then work in ribbing of K 1, P. 1, for three inches, followed by ten inches in stockinette stitch. End with a kntited row. Row One of Border at Armhole; K 5, P 65, K 5. Second and Every Row on Right Side Thereafter; Knit entire row. Third Row: K 6, P 64, K 6. Row Five: K 7, P 62, K 7. Continue in this way to knit one stitch more at beginning and end of every purled row, till you have ten stitches in the border at each end. Then bind off four stitches at both ends, continue borders on six stitches around entire armhole, and decrease by knitting together the two stitches nearest borders in every fourth row four times.

Next, work even for three inches, then knit five ridges in garter stitch across the entire back. Next row on wrong side, knit 20 stitches and slip them onto a stitch holder or safety pin. Bind off twenty stitches for back of neck, and on the remaining 20 stitches, knit five ridges, increasing one stitch at neck in every other ridge. Knit the six stitches nearest ends in garter stitch and the stitches between in stockinette stitch, increasing in eighth stitch from neck every fourth row, till there are five increases.

Continue to increase every fourth row at neck and increase also in eighth stitch from armhole every fourth row, till you have four increases at armhole; now make three rows even, ending last row at neck.

Break off yarn, and make the other side to correspond, ending the last row at armhole. Cast on four stitches for underarm, knit to neck and knit stitches from first side onto the same needle. Cast on four stitches for underarm. Knit two rows, with garter stitch border on ten stitches at armholes and 12 stitches at center of front. Knit one stitch less in garter stitch on borders, at armhole and one stitch less at each end of border at center of front in the next three ridges.

Discontinue borders and work in all stockinette stitch until front is as long as back before ribbing. Make ribbing as on back and bind off very loosely. Sew up underarm seams. (Note: "Stockinette Stitch" means knit one row, purl one row. "Garter Stitch" means knit every row).

Tomorrow — Requested Recipes For Fruit Cake

All inquiries addressed to Miss Kirkman, in care of the "Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So, if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question. Be sure to use YOUR full name, street number, and the name of your city and state.—The Editor.

SPORTS

BLOCKED KICK PREVENTS GLENDALE WINNING TITLE

Huntington Park and Glendale Fleaweights Play Tie Game in Class C Finals; Must Meet Again to Settle Championship

By ROSS M. RUSSELL, JR.
Of The Evening News Staff.

In a game for the class C championship of Southern California the Glendale Firecrackers battled the Huntington Park 110-pounders to a 7-7 tie yesterday on Reeder field at Huntington Park.

Frank Wykoff scored Glendale's only touchdown in the second quarter when he leaped high into the air, speared Alley Lovell's short pass, and ran thirty yards for a touchdown. The Spartans' lone tally came in the third quarter when the Firecrackers' line failed to hold and three men came through on Lovell, Wildey actually blocking the kick. In the wild scramble that followed Mainland dived for the ball but the elusive pigskin trickled out of his reach and over the goal line. Jones fell on the ball for the score.

Spartans Advance

The young Spartans marched down the field in the first of the first quarter after they got the ball when Lovell's place kick from the thirty-five-yard line was short. Al Chinn tore off twenty-two yards on a fake punt formation and a long pass, Mathews to Goodwin, netted twenty-five yards, bringing the ball to Glendale's twenty-yard line.

Bill Sheidecker stemmed the Spartan onrush by throwing Mathews for a fifteen-yard loss on an attempted end run. Huntington Park could not make yards and the Firecrackers got the ball on their own twenty-yard line on downs.

The locals returned the compliment and packed the ball right back into their opponents' territory, a twenty-five-yard sprint by Mainland and a forty-yard run around right end by Wykoff turning the trick. Lovell's place kick from the sixteen-yard line was a yard or two wide and the locals lost an excellent chance to win the game.

Glendale Scores

The locals had another try at the Spartan goal in the beginning of the second period, but, owing to the distance and the angle, Lovell again missed. Huntington Park punted to Glendale on the Spartan forty-yard mark and on the next play Wykoff went over for the touchdown. Lovell converted with a place kick.

At the start of the second half the Firecrackers had the ball in midfield, but a fumble put the Spartans on the offensive. A low punt by Al Chinn put the ball on Glendale's fifteen-yard line. Here Lovell's punt was blocked and Jones recovered the ball for Huntington Park's touchdown. Al Chinn knotted the score with a nice drop kick.

After the next kick-off George Laas recovered a Huntington Park fumble on their twenty-yard line, but the Firecrackers made only five yards in three downs and Lovell tried another place kick, which was low.

Kick Out of Danger

In the fourth quarter Glendale was in bad straits when a fifteen-yard penalty for holding placed the ball in the Spartan possession on their one-yard line, but Wykoff came through with a forty-five yard punt to the Spartans on the Glendale forty-yard mark. With but one minute to play, Frank Chinn called for a pass which Sargent managed to smother on Glendale's fifteen-yard mark. On the last play of the game Al Chinn attempted to win the game with a drop kick, but he was hurried and booted the ball into the general pile-up as the game ended.

Frank Wykoff played a wonderful game for Glendale making big gains on end runs and proving himself useful as a punter. Al Chinn and Sargent starred for the Spartans. Randall played well in the line for Glendale and managed to get down on almost every punt before either of the ends.

Must Play Again

Although nothing official has been arranged for the return match it will be played next week on a neutral field, possibly in a preliminary to the game for the Southern California heavyweight championship.

MARRIAGE REVEALED

BERKELEY, Cal., Dec. 4.—The marriage of Don Neumeyer, 22, of Alameda, Blue and Gold varsity guard on the 1923 football squad, and now assistant line coach at the University of California, to Miss Dorothy Erenstine Allen, 18, of Dixon, in Oroville, November 25, was revealed here today by friends of the young couple. Mrs. Neumeyer is a student at California.

Try Glendale Merchants first.

LAWRENCE PERRY SAYS

Special Correspondent of The Glendale Evening News, Copyright 1924.

NEW YORK, Dec. 4.—Notre Dame continued to stand out as the one important football eleven in the country that had neither been defeated nor tied when the season ended. This is an anomalous situation. So far as the writer knows it has never existed before.

The South Bend eleven, as a consequence must be rated at the top of the national list. The outfit won all its games in more than one section of the country and the last thing that may be said is that her opponents offered simple problems.

What happens when Notre Dame goes to California late this month or, for that matter what happens to Pennsylvania, will not stand in the writer's mind as material. The football season of 1924 is ended and transcontinental barnstorming journeys, while they make for sporting interest do not appeal to the writer as proving much, if anything.

In the east Yale went through her second undefeated season, but was tied by Dartmouth and the Army. Penna defeated Cornell but was tied by Penn State. Dartmouth was tied by Yale and defeated Cornell. Nothing can be done but to bracket the three teams as eastern leaders and entitled to ranking among the stronger teams of the country.

Yale of course, gained the honor for which she really prepared herself, victories over Harvard and Princeton. She is the big three champion.

In the middle west Chicago, although tied by Ohio state, Illinois and Wisconsin, was not defeated and her victories over other conference opponents entitle her to top ranking, although it is doubtful if ever a big ten team won the championship with so slender warrant. Illinois was tied by Chicago and beaten by Minnesota; she defeated Michigan and Ohio state and Iowa among other teams. Iowa beat Minnesota, Wisconsin and Michigan. A fair thing to do would be to bracket Illinois and Iowa in second place and Michigan third.

On the Pacific Coast California and Stanford must be bracketed in the position of leadership. The two played to a tie in the final game at Berkeley and whereas the Bears are tied by Washington, Stanford was tied only by California. But the Palo Altons did not meet the powerful Huskies.

Southern ratings by Zip Newman of the Birmingham News—southern conference: 1. Alabama. 2. Washington and Lee. 3. Tulane and Florida bracketed. 4. Georgia, Vanderbilt and Georgia Tech bracketed. All-Southern championship, Centre College. Southern intercollegiate athletic association. Oglethorpe (Centre, a member of the S. I. A. A. played only one game against a S. I. A. A. eleven).

Southwestern conference ratings by Sam Pace of Fort Worth Star Telegram. 1. Baylor. 2. Southern Methodist, which although undefeated was tied in four games. 3. Texas A & M. 4. Rice. 5. Oklahoma A & M. 6. Texas University. 7. Arkansas. 8. Texas Christian.

South Atlantic—Championship ratings by W. T. Christian of the Richmond News Leader. 1. Navy. 2. Georgetown. 3. Washington and Lee. 4. Virginia. 5. Wakeforest. 6. U of Carolina. 7. Virginia Poly. 8. Virginia Military. 9. Maryland. 10. William and Mary. 11. North Carolina State.

Missouri Valley ratings by Frederick T. Ware, Omaha World Herald: Nebraska, Missouri, Drake, Grinnell, Iowa State, Kansas, Kansas State, Oklahoma, Washington.

Rocky Mountain conference. Rated by Les Coates, Salt Lake City Desert News. Colorado University, Colorado Aggies, Utah University, Utah Aggies, Denver University, Colorado College, Montana State, Young University, Colorado Mines, Wyoming University.

CLEVELAND IS OUT

PALO ALTO, Cal., Dec. 4.—Norman Cleaveland, star backfield man on the Stanford eleven, will not be eligible to pla yagainst Notre Dame at Pasadena New Year's day, it became definitely known here today, following faculty action backing Coach Glenn Warner's ruling declaring Cleaveland disqualified.

Miss Eve was recently elected mayor of Stoke Newington, London.

SPORTDOM ALL OVER

By JOSEPH L. KELLEY
Of The Evening News Staff.

Jack Britton's debut in the sunny end of California's fistic maneuvers looks like the goods to the ring worms who watched Jack Tuesday night at Vernon. If boys can convince themselves that winning a decision over Sailor Vincent puts Jack in running, then it's all right. Who, by-the-bye, is Sailor Vincent—and just what kind of a fighter does Jack's win over him make Jack? No kind of fighter, if you ask us.

Funny these old-men fighters can't gracefully step down and give the younger boys a chance. Jack Britton, in the parlance of the ring worms, is an old man. He has saved his money; he is one of the few scrappers who has taken the best of care of himself and his bankroll. He doesn't need the money. Must be that fighters' urge that shoves Jack back on the rosin.

If there is one game where old men are not wanted, and shouldn't be tolerated, it's the fighting game. Duse, that venerable tragedienne, the "Divine Sarah" Bernhardt, France's greatest contribution to the theatrical stage, did their stuff until they were in the grandmother class. Good. Physical prowess and the ginger of youth weren't needed to bring out these two great actresses' punch.

We saw the great Italian tragedienne less than a month before she died. It was reported that less than an hour before she stood behind the footlights for nearly the last time oxygen had to be administered to give Duse the strength to enact her role. She went through four acts of the most intense emotional acting we have had the pleasure of seeing. She didn't look human—more like some ephemereal creature come back to earth. It was her uncanny artistry in emotional acting that thrilled. Her advanced years were forgotten.

Try and get a thrill watching an old man with six-ounce gloves covering his taped hands, the fire of youth gone from his eyes, the sting of youth from his punch. You're not thrilled—you sympathize. Who wants to pay good money to sympathize with anyone? That's for charitable organizations. You have to be a Fred Fulton to "emote" a knockout. Who wants to be Fred? Oxygen is only needed to make one stand up, not lay down.

Speaking of Vernon reminds that Fulton was among those present at the Britton comeback. Not surprising. Anyone who has the gall to "lay down" as Fred did at Culver City wouldn't stop at anything. We expect to hear of Fred challenging Dempsey soon.

This business of paying to see a reputation, and nothing else, is obsolete. Young Teddy Roosevelt traded on requtation when he bucked Al Smith in New York. Not so good. Runstar, once a great horse, tried it at Tia Juana Thanksgiving. Not so good. How many have tried it and failed?

The futility of this come-back stuff was ideally demonstrated the other night at Pioneer club in New York. Jack Sharkey, a little fellow who, three or four years back, was on the road to the banty crown, was pitted against some unknown. Every time unknown hit him Jack stopped fight and squawked "foul." Referee told him to keep fighting. Jack turned on third man in ring with gloved fists.

Sorry sight. Jack was calling Alibi Ike to his assistance. Dissipation turned the trick. Race tracks, wild women and an imaginary greatness gummed Jack's act. He's through, knows it, and wanted referee to take medicine he (Jack) refused to swallow gracefully. Jack thought his name meant more than his ability. It didn't. He was disqualified, and rightly so.

One of the few sensible suggestions offered Dempsey in many months was made recently—that he meet Tommy Gibbons under the new twelve-round ruling. Gibbons, in our opinion, if that means anything, is the cleverest boxer in the ring today, barring no one.

Gibbons, you will remember, gave Dempsey the scare of his career back in the little gold town of Shelby, Mont., they tried to put on the map on the strength of a heavyweight battle staged there. Gibbons demonstrated his right to another chance at Dempsey's crown. He's going to get it. California may not get the battle, but it's going to be staged. Dempsey can't very well pass this chance up, unless he steps down and passes the title the way Jeffries did.

This will be the greatest battle in history if it breaks. Gibbons is going to meet Kid Norfolk, the black boy, in the main event at the Chrismas benefit in New York. Kid Norfolk is a hard nut to crack. Mr. Dempsey will tell you that. The Kid was his sparring partner before the Willard battle. If Gibbons wins it means a fight with King Jack.

We'll make a prediction, and put it in blackface: Dempsey is due to lose his crown. If Gibbons gets a crack at Dempsey, Gibbons will wear the crown, unless a Fred Fulton is pulled.

RECORDS OF TWO TEAMS ARE GIVEN

Orangemen Piled Up Higher Total Score Than Did Local Dynamiters

The records of the two teams who will clash Saturday afternoon at Santa Ana to decide which school shall be represented in the finals of the Southern California Class A playoff, is shown below:

ORANGE (Orange County League)
Orange 25, Chaffey 6.
Orange 6, Santa Ana 0.
Orange 0, San Diego 0.
Orange 32, Garden Grove 0.
Orange 14, Anaheim 9.
Orange 39, Redlands 0,
Orange 30, Huntington Beach 6.
Orange 20, Tustin 0.
Orange 29, San Diego 20.
Orange 14, Sweetwater 0.

GLENDALE (Central League)
Glendale 7, Van Nuys 6.
Glendale 0, U.S.C. Frosh 7.
Glendale 25, Santa Barbara 6.
Glendale 6, Hollywood 0.
Glendale 6, Citrus 2.
Glendale 25, Monrovia 0.
Glendale 25, Alhambra 7.
Glendale 6, Covina 3.
Glendale 0, South Pasadena 7.
Glendale 6, Van Nuys 6.
Glendale 26, Colton 0.

The Orange team rolled up 209 points to their opponents' 41, while Glendale scored 132 points to their opponents' 44. The average score for each game is: Orange 20.9, opponents, 4.1; Glendale 12, opponents 4. The Orange games against San Diego and Sweetwater were in the Southern California playoff, as were the Glendale games against Van Nuys and Colton.

ASKS RETRACTION OF CROOK CHARGE

Harry Williams Demands Ban Johnson Prove His Slam on Coast Loop

By DAVIS J. WALSH
For International News Service.

HARTFORD, Conn., Dec. 4.—Delegates to the convention of the next National Association of Professional Baseball Leagues planned to conclude their business at today's session and adjourn.

They still are spending some time taking sides on the Landis-Johnson controversy. John N. Martin, president of the Southern association, came out strong for the commissioner, and Harry Williams, president of the Pacific Coast league, took another shot at Ban Johnson. The Coast league had prepared a strong resolution demanding that Johnson retract or prove alleged statements that baseball is crooked in that circuit. Johnson is alleged to have done this about the time of the late world series scandal, involving Jimmy O'Connell and Cozy Dolan.

Hornsby Trade Up

When the Coast league resolution was read to the convention, delegates suggested that it be modified, but its purport remains the same. No word has been heard from Johnson on this subject, although he has said several times that he had conclusive proof to back up his assertions.

Absence of Branch Rickey and President Sam B. Reardon has put a temporary check to talks involving a trade for Rogers Hornsby. That player's contract has expired, and he has told friends that he will demand $100,000 for a three-year period. The St. Louis Nationals cannot afford to pay any such sum. Last season they scarcely broke even financially. The Cubs would offer anything within reason, which means a huge sum, and the Giants would open the purse strings wide, in order to obtain such a valuable asset.

BOXING NOTES

At Newark, N. J.—Dave Shade, California, won unofficial decision over Phil Krug, Harrison, N. J., twelve rounds.

SCHAEFER LEADING

SAN FRANCISCO, Dec. 4.—Willie Hoppe, world's champion 18.2 balk line billiard player, today was slightly behind Jake Schaefer, former champion, as the result of yesterday's continuation of the 6400 point match begun in Los Angeles last week. Schaefer has 1600 points against Hoppe's 1,548 in the 3200 block being settled in San Francisco.

A black satin nightgown edged with black velvet was worn by Anne Boleyn of England.

WHITE SOX PLAY GILMORE SUNDAY

Local Team Now Traveling Club Since Home Was Razed by Fire

Without a home, the Glendale White Sox will become a traveling team, since the grandstand and clubhouse at the San Fernando road ball plant was destroyed by fire last Sunday. Their first traveling jaunt will take them to the new Gilmore park in Los Angeles next Sunday where Frank Kerwin's crew will meet the Gilmore Oilers. The Gilmore park is at Third and Fairfax streets.

The Oilers and White Sox met in the first game of the Southern California Winter league schedule here on November 2. The game almost ended in a riot when the White Sox came from behind in the ninth inning with the tieing run, but Umpire in Chief Bacom refused to permit Berger to stretch a long drive into a homer, sending him back to third.

The Pacific Electrics will play the St. Louis Giants at Goodyear park, and the Hollywood Merchants will invade Brookside park to meet the Pasadena team Sunday in the other scheduled Winter league contests.

SOUTH AMERICANS TO SEE BASEBALL

Giants, White Sox Will Tour Brazil After Next Season

By FORD C. FRICK
For International News Service.

NEW YORK, Dec. 4.—The Chicago White Sox and New York Giants will tour South America next year, spreading the gospel of baseball through the vast expanse of territory that stretches over this territory.

This was the news spread by John J. McGraw who is back in New York today following a six weeks' baseball tour of Europe. His trip met with enthusiasm even though it did not bring much of a financial return, he said. The missionary work in behalf of baseball must and will go on, McGraw said.

A considerable surplus has been stored away in recent years. The world's series played in the immense New York parks brought in many millions of dollars and the commissioners' receipts of gross receipts far exceeded the requirements of his office.

Surplus Seeks Outlet

This money must be disposed of in some manner and has been the subject of considerable speculation on the part of those interested. The National league has been inclined to request the cutting of a melon, but the American league heretofore thought it best to leave the money remain in a lump sum to be used in a case of emergency. When the Federal league was formed organized baseball had no large surplus and the financial burdens incident to combatting the then so-called "outlaws" fell heavily on the purses of many of the club owners.

The size of the commisisoner's pot has not been published but it must be a considerable sum as the series in recent years has earned him better than $160,000 each October.

BOWLING SCORES

Another new pin league will rattle wood in Glendale. This time it is the Bankers' league, and the Recreation alleys will be the scene of the conflict, on Thursday and Friday afternoons, games starting at 4:30 o'clock. Today's schedule calls for Pacific Southwest Glendale Avenue branch to roll against the Security Trust & Savings team No. 1, and the Pacific Southwest Brand branch No. 1 to meet the Glendale State team. Tomorrow the Pacific Southwest Brand branch No. 2 meets the Federal Trust & Savings, and Security Trust & Savings No. 2 meets the Glendale Savings.

The Hollywood Storage pin rollers won two of three games played with the Glendale Tile & Mantel team last night in a Foothill league match. The visitors took the first game, the Tilers won the second, and the third went to the Storage men. Standley of the losers was high with 217. The scores:

HOLLYWOOD STORAGE

Players—	1	2	3
McKenzie	185	186	179
Church	181	215	168
Kennedy	192	186	196
Carley	179	182	205
Meador	195	210	196
Totals	932	979	944

GLENDALE TILE & MANTEL

Players—	1	2	3
Roder	168	134	194
Standley	217	188	186
Fortunato	184	163	194
Sands	190	141	193
Brehme	211	183	161
Totals	970	809	928

Try Glendale Merchants first.

Animals which surpass man in the absolute weight of their brains are whales and elephants.

LIGHTWEIGHTS TO MEET IN FINALS

Glendale and Pasadena Will Decide Title on Local Field Tomorrow

Another lightning fast game is promised for tomorrow, when the local lightweights meet the Pasadena 130-pounders on Broadway field for the purpose of deciding the Southern California Class B title.

The Millionaires have a speedy crew that is fond of registering touchdowns in gobs. They rang up seventy-five markers against Burbank in the playoff, and sixty-eight against Anaheim in the semi-finals. In both games their attack was so fast and furious their opponents didn't have time to think about making a score or two of their own.

Coach Butterfield's bunch has waded through the playoff so far without meeting any very tough opposition, except the Spartans, whom they vanquished 10 to 7 in a hotly contested game. Butterfield's ace, Johnny Lovell, will probably be a great help against Pasadena, especialy if the game is close. Lovell is one of Butterfiield's best ball-packers, and his educated toe enables him to be good for one try out of two on place kicks when within the thirty-yard line.

Glendale Lineup

Colon Harris and Dwight Stewart will start at halves, with Porter Thompson at quarter. The Glendale line will be practically the same, with Bill Brooks and Homer Read at ends, Roland Read and Jack Sturges at tackles, McCulloch and Alvord at guard and Archie Neal at center.

The game will start promptly at 2:30. A large crowds is expected.

Officials for tomorrow's contest will be: Daugherty, referee; Whitney, umpire; Hunt, field judge; Brueckner head linesman. Season tickets are not accepted for admission at post-season games. Tickets for the contest will be sold at the field.

Baseball Magnates to Meet In Los Angeles

HARTFORD, Conn., Dec. 4.—Los Angeles will be the next meeting place of the National Association of Baseball Leagues. An invitation from Oscar Reichow of the Los Angeles club, won the meeting over bids from Atlanta, Ga., and Asheville, N. C. Catalina island, off the coast, will be actual meeting place next year, Los Angeles having used that attraction to secure the session. William Wrigley, owner of the Chicago Cubs and Los Angeles club, probably will be host to the convention inasmuch as he owns Catalina island.

BIG NEW 5-ROOMS

I have another one ready again; my houses sell because I give value, big living and dining rooms, real tile fireplace, buffet, book cases and desk. My bedrooms are large, with closets that are no cubby-holes, but real ones. Fine kitchen and bath, tiled drain board, auto. water heater, laundry in garage. Best of hardw. floors, decorations and fixtures. Lot is all fenced in. Room for a small house on one side. Street work all paid. Located at 571 W. Harvard, only 6 blocks from Brand and Broadway. My price is only $6500 and $1600 down will do. Will also take good lot worth the money and a little cash. See it any time. Owner, Glen. 2743-J. No agents please.

EAST SIDE BARGAIN

Wonderful, very large 5-room stucco and tile home near High School. Exceptionally well built for owner's home. Beautiful living and dining rooms, real fireplace, 2 large bedrooms, pass hall, wonderful kitchen, automatic heater, large double garage; also 10x20 workshop with extra toilet and basin off garage. All this for only $6500; $1500 down, $50 monthly. Take in light car or cheap lot. "Nuff sed." Apply 143 N. Glendale Ave., Glendale 420 or 688-M.

NOTICE OF FILING OF REFEREES' REPORT AND OF THE TIME AND PLACE APPOINTED FOR THE HEARING OF THE SAME.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF LOS ANGELES.
THE CITY OF GLENDALE, a municipal corporation, Plaintiff,
—vs—
A. W. WOODMANCY and ELLA WOODMANCY, his wife, et al., Defendants.

NOTICE IS HEREBY GIVEN to all persons owning or having an interest in any property included in the assessment district described in Ordinance No. 808 of the City of Glendale, State of California, adopted and approved by the Council of said City on the 28th day of June, 1923, and entitled, "An Ordinance of the Council of the City of Glendale Declaring its Intention to Order the Laying Out and Opening of Doran Street in said City"; that the Report of the Referees in the above entitled action was filed in the office of the County Clerk and Ex-Officio Clerk of said Court on the 2nd day of December, 1924; and that thereafter said Court appointed the 6th day of January, 1925, at the hour of 10:30 o'clock A. M. in Department 10 of said Court as the time and place for the hearing of said Report.

Each and every person owning or having an interest in any property in said assessment district is hereby required to intervene in the above entitled action and file in the office of said Clerk within the time required by law his exceptions in writing to said Report, if any he has, specifying the grounds upon which such exceptions are based. Said district above referred to includes those lands situated in the City of Glendale, County of Los Angeles, State of California, and particularly described as follows, to-wit:

Beginning at the intersection of the northeasterly extension of the northwesterly line of Lot 15, Block 4, Tract No. 1922, as per map recorded in Book 26, page 80, of Maps, Records of Los Angeles County, California, and the northwesterly extension of the northeasterly line of Lot 2, Tract No. 1374, as per map recorded in Book 18, page 100, of Maps, Records of said County; thence southeasterly along the northwesterly extension of the northeasterly line of said Lot 2, crossing Glendale Avenue, to the most northerly corner of said Lot 2, of said Tract No. 1374; thence southeasterly along the northeasterly lines of Lots 2 and 7 of said Tract No. 1374 to the most easterly corner of said Lot 7; thence southeasterly in a direct line across Adams Street to the southeasterly corner of Adams Street and North Adams Place; thence southwesterly along the southeasterly line of Adams Street to the southwesterly corner of Lot 9, said Tract No. 1374; thence easterly along the southerly lines of Lots 9 to 16, both inclusive, of said Tract No. 1374 to the southeasterly corner of said Lot 16; thence southeasterly in a direct line across an alley to the northeasterly corner of Lot 12, Tract No. 1026, as per map recorded in Book 17, pages 70 and 71 of Maps, Records of said County; thence southwesterly along the southeasterly line of said Lot 12 and its southwesterly extension across Piedmont Avenue to an intersection with the northerly line of Lot A, of said Tract No. 1026; thence westerly, southwesterly and southerly along the northerly, northwesterly and westerly lines of said Lot A to an intersection with the easterly extension of the southerly line of Lot 6 of said Tract No. 1026; thence westerly along said easterly extension and along the southerly line of said Lot 6 to an intersection with the easterly line of Adams Street; thence southwesterly in a direct line across Adams Street to the southeasterly corner of Lot 4 of Tract No. 4142, as per map recorded in Book 44, page 23, of Maps, Records of said County; thence westerly along the southerly line of said Lot 4 to the southwesterly corner thereof; thence northerly along the westerly line of said Lot 4 to the southeasterly corner of Lot 5 of said Tract No. 4142; thence westerly along the southerly line of Lot 5 of said Tract No. 4142 to an intersection with the southeasterly line of Glendale Avenue; thence northwesterly in a direct line across Glendale Avenue to the intersection of the northwesterly line of Glendale Avenue with a line drawn two hundred ten (210) feet southwesterly from and parallel to the southwesterly line of Doran Street; thence northwesterly along said line so drawn to its intersection with the southwesterly extension of the northwesterly line of Lot 15, Block 4, of aforesaid Tract No. 1922; thence northeasterly along last mentioned extension to the southwesterly line of Doran Street; thence northeasterly in a direct line across Doran Street to the most westerly corner of said Lot 15; thence northeasterly along the northwesterly line of said Lot 15 and its northeasterly extension to the point of beginning.

Excepting from the above described assessment district, any portion of any public street or alley that may be included therein.

Given under my hand and the Seal of the Superior Court this 2nd day of December, 1924.
L. E. LAMPTON, County Clerk,
(Seal) By ROY GOFF, Deputy.
Dec. 4-5-6-8-9, 1924.

PUBLIC NOTICE

NOTICE OF THE FILING OF THE ASSESSMENT FOR THE OPENING AND WIDENING OF FIFTH STREET IN THE CITY OF GLENDALE TOGETHER WITH THE DIAGRAM OF THE DISTRICT TO BE ASSESSED FOR SAID IMPROVEMENT.

PUBLIC NOTICE IS HEREBY GIVEN that the Street Superintendent of the City of Glendale has filed with the Clerk of the Council of the City of Glendale the assessment for the opening of Fifth Street from the westerly line of Grandview Avenue to the northwesterly line of Tract No. 4690, as per map recorded in Book 50, Page 28 of Maps, Records of Los Angeles County, California, and the widening of Fifth Street at the most southerly corner of Sonora Avenue, in the manner contemplated by Ordinance of Intention No. 722, together with the diagram of the district to be assessed therefor.

The date of the first publication of this notice is the 4th. day of December, 1924. All persons interested are hereby required to file in writing, their objections, if any they have, to the confirmation of said assessment by the Council of the City of Glendale, with the said Clerk of the Council, within thirty (30) days after the said date of the first publication of this notice.

A. J. VAN WIE
City Clerk of the City of Glendale and Clerk of the Council of the City of Glendale.
Dec. 4, 5, 6, 8, 9, 10, 11, 12, 13, 15, 1924.

NOTICE OF FILING ASSESSMENT

NOTICE IS HEREBY GIVEN, That on the 2nd. day of December, 1924, the Street Superintendent of the City of Glendale filed with the City Clerk of the City of Glendale the assessment for the improvement of portions of Kenilworth Avenue and California Avenue, more particularly described in Resolution of Intention No. 2479, passed by the Council of the City of Glendale on on the 3rd. day of July, 1924, reference to which is hereby made for a description of said improvement.

Any person interested feeling aggrieved or who has any objections to the work, assessment, diagram, or any act, determination or proceedings of the Street Superintendent or City Engineer, may, prior, to the date fixed for hearing, appeal to the City Council by briefly stating in writing the grounds of appeal.

Notice is hereby given that on the 26th. day of December, 1924, at 10 o'clock A. M. in the Council Chamber in the City of Glendale, a public hearing will be given and had when and where all persons interested in the work done or in the assessment will be heard.

Clerk's office this 2nd. day of December, 1924.

A. J. VAN WIE.
City Clerk of the City of Glendale.
Dec. 4-5, 1924.

ORDINANCE NO. 1018

AN ORDINANCE AMENDING SECTIONS 19 AND 20-A OF ORDINANCE NO. 717, PASSED DECEMBER 21, 1922, AND ENTITLED, "AN ORDINANCE REGULATING THE CONSTRUCTION, ERECTION, MAINTENANCE AND USE OF BILL-BOARDS IN THE CITY OF GLENDALE."

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF GLENDALE:

SECTION 1: That Section 19 of Ordinance No. 717, passed December 21, 1922, and entitled, "An Ordinance Regulating the Construction, Erection, Maintenance and Use of Billboards in the City of Glendale," is hereby amended to read as follows:

SECTION 19: It shall be unlawful for any person, firm or corporation to erect, construct, or to cause or permit to be erected or constructed, any billboard, advertising signboard or roof sign of a surface area of more than twelve (12) square feet within the City of Glendale, or to make any alteration to any such billboard, advertising signboard or roof sign, or to remove from one location and re-erect in another, any such billboard, advertising signboard or roof sign, without first having secured a written permit from the Superintendent of Buildings so to do.

Any person, firm or corporation desiring such permits shall file with the Superintendent of Buildings, on a blank to be furnished by said Superintendent of Buildings, an application therefor. Such application shall set forth the location on which it is proposed to erect such billboard or advertising signboard or roof sign, describing the same by lot and block, or by other description by which the same may be readily located or identified. Such application shall be accompanied by plans and specifications in duplicate of the proposed billboard or advertising signboard or roof sign, the number of square feet contained in the surface area of such board, together with such other information as the Superintendent of Buildings may require. Such application, together with the plans and specifications for such proposed billboard, advertising signboard or roof sign, shall, on its receipt by the Superintendent of Buildings, be by him referred to the City Planning Commission for its recommendation as submitted or modified as to the suitability of the proposed location thereof, and as to the plans and specifications therefor, with reference to public health and safety. Such application after being acted upon by the City Planning Commission, either adversely or favorably, together with the plans and specifications for such proposed billboard, advertising signboard or roof sign, and the recommendation of the City Planning Commission shall be transmitted by the said Planning Commission to the Council of the City of Glendale for its approval or disapproval, as submitted or modified as to the suitability of the proposed location thereof, and as to the plans and specifications therefor, with reference to public health and safety.

If the plans, specifications and statements, and the inspection as required by Section 21 of this ordinance show that the erection, construction, removal or maintenance of the proposed bill board, advertising signboard or roof sign shall be in accordance with all of the requirements of this ordinance, and the granting of such application shall be approved by the Council of the City of Glendale, said Superintendent of Buildings shall issue a permit upon the payments, by the applicant, of a fee of Two Dollars ($2.00) for each such billboard, advertising signboard or roof sign to be erected, constructed, altered or removed.

The term "alteration" shall not be construed to apply to painting of or changing of any advertising matter on any billboard or advertising signboard or roof sign; provided, however, that in the event it is desired to alter or remove and re-erect any such billboard, advertising signboard or roof sign only, the Superintendent of Buildings may, in his discretion, omit the requirements for plans and specifications, and issue a permit for the proposed work, upon the filing and approval of an application, together with a written statement satisfactory to such Superintendent of Buildings.

SECTION 2: That Section 20-A of said Ordinance No. 717 is hereby amended to read as follows:

SECTION 20-A: Every person, firm or corporation erecting, constructing, owning, operating, using or maintaining any billboard, advertising signboard or roof sign of a surface area of more than twelve (12) square feet within the City of Glendale, shall pay to the City Clerk an annual license of Twenty-Five (25) cents for each square foot or fractional part thereof of each such billboard, advertising signboard or roof sign erected, constructed, owned, operated, used or maintained by such person, firm or corporation. Said license shall be payable annually, in advance, on the first day of July of each year provided, that upon the taking effect of this ordinance, said license shall be due and payable forthwith for the fractional part of the year remaining until the next first day of July; and provided, further, that upon the erection or construction of any billboard, advertising signboard or roof sign after the first day of July of any year, said license shall forthwith become due and payable for the fractional part of the year remaining until the next first day of July. Said licenses shall be collected, paid and enforced under and in accordance with the provisions of Ordinance No. 573, entitled, "An Ordinance for licensing and regulating the carrying on of certain professions, trades, callings and occupations in the City of Glendale; prescribing the penalty for violations of this ordinance and repealing Ordinance No. 274 and all amendments thereof and repealing all other parts of ordinances in conflict herewith," passed May 17, 1922, and amendments thereof, and all the provisions of said ordinance and amendments shall apply to said licenses except as herein specifically otherwise provided.

All licenses issued under the provisions of Section 20-A of Ordinance No. 717 of the City of Glendale, entitled, "An Ordinance Regulating the Construction, Erection, Maintenance and Use of Billboards in the City of Glendale," passed December 21, 1922, as amended by Ordinance No. 972 of the City of Glendale, entitled, "An Ordinance Amending Sections 19 and 20-A of Ordinance No. 717, passed December 21, 1922, and entitled, 'An Ordinance Regulating the Construction, Erection Maintenance and Use of Billboards in the City of Glendale,'" passed July 24, 1924, shall become void upon the taking effect of this Ordinance and the holders thereof shall be entitled to a refund of the unearned portion of the license fee paid thereon.

SECTION 3: The City Clerk shall certify to the passage of this ordinance and shall cause the same to be published once in the Glendale Evening News, the official newspaper of said City, and it shall take effect and be in force on the thirtieth day after its passage.

Passed by the Council of the City of Glendale on this 2nd day of December, 1924.

SPENCER ROBINSON,
Mayor of the City of Glendale.
Attest: A. J. VAN WIE,
City Clerk of the City of Glendale.

ORDINANCE NO. 1019

AN ORDINANCE ABANDONING PROCEEDINGS FOR THE WIDENING OF RUBERTA AVENUE UNDER ORDINANCE OF INTENTION NO. 953 OF THE CITY OF GLENDALE.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF GLENDALE:

SECTION 1: That Ordinance of Intention No. 953 entitled, "An Ordinance of the Council of the City of Glendale, Declaring Its Intention to Order the Widening of Ruberta Avenue in said City," adopted and approved on the 8th day of May, 1924, is hereby rescinded and all proceedings for the widening of Ruberta Avenue from the northeasterly line of San Fernando Road to the southeasterly extension of the northeasterly line of that portion of Fourth Street lying southwesterly of the Pacific Electric Railway Right-of-way, as contemplated by said Ordinance of Intention No. 953, are hereby abandoned, and the City Attorney is hereby directed to cause to be dismissed, without prejudice, the action to condemn the land for the widening of said street.

SECTION 2: The City Clerk shall certify to the passage of this ordinance and shall cause the same to be published once in the Glendale Evening News, the official newspaper of said City, and it shall take effect and be in force upon the thirtieth day after its passage.

Adopted and approved by the Council of the City of Glendale on this 2nd day of December, 1924.

No. 134106

NOTICE OF FILING OF REFEREES' REPORT AND OF THE TIME AND PLACE APPOINTED FOR THE HEARING OF THE SAME.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF LOS ANGELES.
THE CITY OF GLENDALE, a municipal Corporation, Plaintiff,
vs.
JAMES CONNER, sometimes known as James Connor, et al. Defendants.

NOTICE IS HEREBY GIVEN to all persons owning or having an interest in any property included in the assessment district described in Ordinance of Intention No. 832 of the City of Glendale, State of California, adopted and approved by the Council of said City on the 23d day of August, 1923, and entitled, "An Ordinance of the Council of the City of Glendale Declaring its Intention to Widen Portions of Graynold Avenue and Glenwood Road in the City of Glendale," that the Report of the Referees in the above entitled action was filed in the office of the County Clerk and Ex-Officio Clerk of said Court on the 2nd day of December, 1924, and that thereafter said Court appointed the 6th day of January, 1925, at the hour of 10:30 o'clock A. M., in Department 10 of said Court as the time and place for the hearing of said Report.

Each and every person owning or having an interest in any property in said assessment district is hereby required to intervene in the above entitled action and file in the office of said Clerk within the time required by law his exceptions in writing to said Report, if any he has, specifying the grounds upon which such exceptions are based. Said district above referred to includes those lands situated in the City of Glendale, County of Los Angeles, State of California, and particularly described as follows, to-wit:

Beginning at the intersection of the southerly line of Glenwood Road with the southerly extension of the easterly line of Tract No. 6133, as per map recorded in Book 64, page 80 of Maps, Records of Los Angeles County, California; thence westerly along the southerly line of Glenwood Road to an intersection with the southerly extension of the westerly line of Idlewood Road; thence northerly along said southerly extension crossing Glenwood Road, and along the westerly line of Idlewood Road, to an intersection with the westerly extension of the northerly line of Lot 10, Hunter Subdivision of a part of the Rancho San Rafael, as per map recorded in Book 5, page 295, Miscellaneous Records of said County; thence easterly along said westerly extension to the northwesterly corner of said Lot 10; thence northerly along the westerly line of Tract No. 6179, as per map recorded in Book 64, page 15 of Maps, Records of said County, and its northerly extension, crossing Kenneth Road, to the northerly line of Kenneth Road; thence easterly along the northerly line of Kenneth Road and its easterly extension crossing Ben Lomond Drive to an intersection with the northerly extension of the easterly line of said Tract No. 6179; thence southerly along said northerly extension crossing Kenneth Road and along the easterly line of said Tract No. 6179, and along the easterly line of aforesaid Tract No. 6133 and its southerly extension, crossing Glenwood Road, to the point of beginning.

Excepting from the above described district any portion of any public street or alley that may be included therein.

Given under my hand and the Seal of the Superior Court this 2nd day of December, 1924.

L. E. LAMPTON, County Clerk.
(Seal) By ROY GOFF, Deputy.
Dec. 4-5-6-8-9, 1924.

Bridge Hostess

Wednesday Bridge club members were entertained yesterday afternoon in the home of Mrs. W. A. Persell, 1400 North Columbus avenue. Luncheon was served at 1 o'clock and later bridge was played. Christmas decorations were used as features on the luncheon table with Christmas place cards to designate the places of the guests. Mrs. W. H. Jones was awarded the prize for high score and Mrs. Charles Young received the second prize. The next meeting of the club will be at the home of Mrs. L. C. Wolfe, 809 North Central avenue on December 17. Those present were: Mesdames G. H. Bigelow, J. A. Endicott, E. F. Heisser, A. K. Jenkins, J. E. McClellan, Charles Young, L. C. Wolfe, T. J. Keleher, W. H. Jones, Kimball, of Los Angeles, F. W. Banham and the hostess.

♠ ♠ ♠

Mothers' Class

An all day meeting of the Young Mother's class of the Glendale Presbyterian church was held yesterday at the church. Most of the day was spent in preparing clothing for a Christmas box which will be sent to some Chinese children in Oakland. New waists and aprons were made. The box will be packed by the missionary committee of which Mrs. T. L. Foster is chairman, and shipped next week. The members decided to pack a Christmas box for a needy family in Glendale. Mrs. H. H. Wiebe, president of the class, directed the business meeting. Luncheon was served at noon by Mrs. Irwin, chairman of the social committee. The next meeting will be held January 7.

♠ ♠ ♠

Meet at Church

Members of the Nazarene Missionary society met at the new church building, 417 East Acacia avenue yesterday and spent the morning in cleaning up the building. They had lunch at noon and a prayer meeting was held in the afternoon with Mrs. Henry Scheideman in charge.

Hear Miss Garton

Miss Lulu Garton, state secretary of the Christian Missionary society, was the speaker at the meeting of the Home and Foreign Missionary society of the Central Christian church yesterday afternoon at the church. Miss Garton, who recently returned from attending the national convention at Cleveland, Ohio, gave a report of the convention. The jubilee missionary campaign closed at the time the convention was held and Miss Garton reported that $1,000,000 had been raised by the various missionary societies. The money will be used for fifty buildings in Christian missionary fields. Miss Margaret Frazee, of Los Angeles, who recently returned from attending the international Sunday school convention in Glasgow, Scotland, last summer was present and gave an interesting talk. The business session was directed by Mrs. Floyd Mercer, vice-president, in the absence of Mrs. R. C. Logan, president. Plans were made to send Christmas gifts to the Massey home at Long Beach. Mrs. C. A. Cole conducted the devotional service after which Mrs. Mercer sang "Help a Little." The program was in charge of Mrs. Hiram Lewis and Mrs. George T. Bohanan, leaders of the Ely Lyon division of the society. A one act play "Why?" which had been written by Mrs. Henry Greenwalt, member of the society was presented by the members of the division. Those taking part in the play were: Mrs. Hiram Lewis, as the hostess; Mrs. Bert Potter, neighbor; Mrs. Harry Greenwalt, president of the society; Mrs. George T. Bohanan, secretary of the society, and members were: Mrs. Blackhurst, Miss Margaret Frazee, Miss Lulu Garton, Mrs. Bolen, Mrs. Best, Mrs. Hedges, Mrs. Morford, Mrs. W. C. Wilder. In the play each member of the society gave an account of missionary work in foreign fields. At the close of the play the members enjoyed a radio concert which included a selection by the choir with Mrs. Melvin Musser as accompanist and a solo by Mrs. Eva Blackhurst, accompanied by Mrs. Guy Fletcher.

♠ ♠ ♠

At Canyon Club

Chapter DJ P. E. O. held a meeting yesterday afternoon at the Sunset Canyon Country club. Luncheon was served at 1 o'clock with Mrs. J. M. Eyerick acting as hostess. Mrs. O. A. Danielson, president of the chapter conducted the business meeting, when philanthropic work was discussed. Mrs. Joseph Schenck, member of the philanthropic committee had charge of the program in the absence of Mrs. Frank W. Parr, chairman of the committee. Mrs. Preston of chapter BA, Glendale, Mrs. A. E. Mack and Mrs. Charles Hubbard of chapter AT, Los Angeles were guests at the meeting. The chapter will meet with Mrs. H. C. Nicholas, 131 North Kenwood street on December 17.

♠ ♠ ♠

Bazaar Report

Tuesday Afternoon club women of the literature department, meeting yesterday afternoon at the clubhouse, were greatly pleased to hear the report that $100 had been raised at the department's variety booth at the recent club bazaar. Mrs. R. W. Bolton, curator, presided over the meeting. Miss Christine Edwards, pupil of Calmon Luboviski, entertained with violin solos. Roll call was answered with humorous quotations from Mark Twain. Later Mrs. Luella Veitch gave sketches from Mark Twain's "The Prince and the Pauper" and his autobiography. Mrs. H. C. Wilcox is arranging the department's Christmas party for Wednesday, December 17.

♠ ♠ ♠

Annual Bazaar

The Thursday Afternoon club will hold its annual bazaar tomorrow, Friday, December 5, at "Ye Market Place" on West Los Feliz road. Arrangements are about completed for the display of articles for sale by the various departments. Mrs. E. V. Bacon, chairman of ways and means, is in charge. Aprons, comforters, fancy needlework, novelties, and home-cooked food will be for sale. Final details will be completed today at the regular club meeting to be held at the home of Mrs. A. L. Bancroft, 1423 South Brand boulevard.

♠ ♠ ♠

Sunshine Club

Mrs. Margaret Ryther of Royal drive, Eagle Rock, was hostess yesterday to members of Sunshine club, Ionic court, Order of Amaranth. The time before and after luncheon was spent working on articles for the Christmas party the court is to have December 16 at the Masonic temple. The next meeting of the club will be with Mrs. D. Ripley Jackson, at her home, 1544 Virginia avenue.

♠ ♠ ♠

Hold Food Sale

The west valley group of the Women's Home Missionary society of the First Methodist church will hold a cooked food sale Saturday, December 6 at the System Dye works, 102 West Broadway. Mrs. Jahns, president of the group is in charge of the sale.

♠ ♠ ♠

Eastern Star

Glendale Chapter, No. 422, Order of Eastern Star will initiate a class of candidates at the regular meeting which will be held Saturday night at the Masonic Temple, 232 South Brand boulevard. A cordial invitation is extended to all visiting members of the order.

♠ ♠ ♠

Mr. and Mrs. James Webb of 423 East Ross street motored to Lancaster Sunday on a business trip.

Finish Quilts

An all day meeting of Electa Social club was held yesterday at the First Baptist church, corner of Wilson avenue and Louise street. Six quilts were completed for the Masonic Orphan's home at Covina. Mrs. Sarah Sloat was in charge of the work. At the business meeting in charge of Mrs. Clytelle Hewitt, president, plans were discussed for the co-operation of the club with other organizations in Glendale for the providing of Christmas cheer for the soldiers at Sawtelle. The bazaar will be held all day Wednesday, December 10 at 221 South Brand boulevard. Mrs. Hettie Lawson is general chairman.

♠ ♠ ♠

Benefit Affair

Mrs. A. J. Van Wie of 667 Salem street entertained at a benefit card party Monday afternoon for the Wilson Parent-Teacher association. Six tables of bridge and five hundred were in play during the afternoon. Mrs. R. E. Liffiton won the first prize for five hundred and Mrs. M. L. Ferguson won the first prize for bridge.

♠ ♠ ♠

Women's Law Club

Plans for philharmonic work at Christmas time will be made tomorrow at the meeting for the Glendale Parliamentary Law club at the public library. Mrs. Harry Greenwalt, president, is desirous of a large attendance. She will have charge of the study and drill.

Mr. and Mrs. W. F. MacPherson and children, Billy and Marjorie of 400 Kenneth road, arrived Tuesday from Oroville, where they spent the past week as guests of Mrs. MacPherson's parents. They report a delightful trip and enjoyable time over Thanksgiving holidays.

Dolberg says: "Your photograph may be taken evenings or Sunday by appointment. Call Glen. 2187. Photographs taken as late as Thursday, Dec. 18, will be finished for Christmas. Sit today. Our new large studios are at 106 East Broadway, second floor."—Advertisement, 12/4.

Book of Interest

Women attending the Mutual Benefit Reading circle are finding much interest in Charlotte Perkins Gilman's book "The Home." Already they have heard two chapters, "Evolution of the Home" and "Domestic Mythology." At the circle meeting yesterday the chapter read by Mrs. H. V. Henry, chairman, was ably discussed. Next week when the circle meets Mrs. Henry will read the chapter on "Present Conditions." The meeting next week will be the final meeting before Christmas. Yesterday Mrs. J. W. Mair announced that at the Grand View Reading circle meeting from 1 till 3 o'clock Friday afternoon, Harvey R. Cheesman, scout executive, will talk on "Boys." She invited all interested to attend the meeting at Grand View school.

♠ ♠ ♠

Sisterhood Meets

Mrs. M. Jacobson of 1317 East Windsor road is to be hostess at 2:30 o'clock tomorrow afternoon to the Jewish Sisterhood. Miss Eva Daniels, president, will preside. Helen Korn is to entertain with violin solos. She will be accompanied by Miss Haycock, who will also give piano numbers. Each one attending is to bring a mysterious gift for an auction, to be held during the afternoon.

♠ ♠ ♠

Honor Fathers

Plans for a "Fathers' Night" some time in January are being discussed by officers of the Doran Parent-Teacher association. At the meeting yesterday Mrs. J. C. Danford, librarian of the public library, spoke on "Children's Reading." Mrs. J. R. Coffman gave humorous readings and kindergarten children entertained.

LACE RETURNING

PARIS, Dec. 4.—Lace bids fair to have a return of its extraordinary vogue of a little while ago. Lace of all sorts, from stiff metallic to the thinnest cobweb, is used now on dance frocks, lingerie, evening cloaks and afternoon costumes.

I AM The Man

Behind Glendale's Newest and Largest Dental Office

I am new to Glendale, but **not** new to dentistry. I promise you high grade, honest work at a moderate cost.

Does Advertising Pay? Yes—BUT

It does not pay unless it is honest advertising. Adverttising educates the great masses of thinking people, telling them where to go for the best to be had.

Every satisfied patient refers at least two more patients to us for the same high class dentisry and moderae prices that they received. We specialize in high class dentistry that is artistic, strong, durable and at a price that all can afford to pay.

Our methods eliminate the discomfort and dread of the dental chair, making your visits more to be looked forward to with pleasure than fear, knowing that you will not be hurt while having your dentistry done.

REMOVABLE BRIDGES

Our removable bridge work is the most sanitary, up-to-date replacement work of the dental profession today. Heretofore, it has been too expensive for the majority of people, but we are now able to give this wonderful class of work to our patients, at a very nominal price, making a natural looking piece of work that you will be proud of.

Our Prices Are Very Moderate and will More Than Please You

Logan Denies Kerwin Holds Lease on Park

Frank Kerwin and Grant Leischner, joint owners of the Glendale White Sox, do not hold a lease on the ball park at San Fernando road, John A. Logan, cashier of the First National bank, declared today, in refuting the statement of Kerwin that the lease had not been terminaated.

"The lease was terminated last Friday by Roy Johnson, owner of the property," Mr. Logan said, "on account of non-payment of rent on the part of the two men who held the lease. Frank Kerwin's statement that he still held the lease and that it had not been terminated by the owner of the property is wrong. The bank has the lease now, and Johnson was here Friday to close up the matter.

"Johnson told Kerwin he was not to play in the park again, but Kerwin and his team used the park last Sunday against the orders of the owner. The lease was put up by Kerwin and Leischner as security for a loan of $1500, due next February."

Indian Missionary Is Speaker at Meeting

Dr. Cook, returned missionary from India, was the speaker at the meeting of the Mystic Smile, held Tuesday night at the clubrooms, 520 East Broadway. He gave a talk on the work in India, telling of the religion and the customs of the people. J. Edwin Murphy, of the Brand Boulevard nursery, gave a talk on "The Growth and Blossoming of Various Bulbs and Plants."

Rev. Henry I. Rasmus, jr., director of religious education at the First Methodist church, had charge of the devotional service. Rex C. Kelley, Y. M. C. A. executive, had charge of games. The program Tuesday night was the first of a series of monthly programs which include a speaker from out of town, talks by the club members, followed by a social half hour.

The earth receives 100,000 times more energy from the sun on the average throughout the year than that which could be developed from the coal extracted from the earth during the same period, it is estimated.

A RELIABLE COUGH REMEDY

Why experiment with unknown remedies for that cough or cold when you can secure FOLEY'S HONEY AND TAR COMPOUND? It is a safe and reliable remedy for the relief of coughs, colds, hoarseness. Equally beneficial for young and old. Mrs. Anna Cornell, Bridgeton, N. J., states: "I bought FOLEY'S HONEY AND TAR COMPOUND for my cold and find it great." Insist upon the genuine. Refuse substitutes.

Mellon Asks Sweeping Reforms in Taxation

(Continued from page 1)

lon. He declared that "immediately upon the recent publication of income tax lists the newspapers reported a stimulation in the market for tax exempt securities."

Mellon recommended repeal of the publicity clause because he said it would result in a decrease in taxes, adding:

"Publicity is wholly unnecessary from an administrative standpoint. Publicity serves the purpose of giving to business rivals and to those having some ulterior motive, information which is of value to them solely to the extent it is detrimental to the taxpayers. They gain by the taxpayer being hurt."

A change in policy and rates on the estate taxes must be adopted if the government is to retain this form of obtaining revenue, Mellon told Congress. Such taxes deprive the states of certain revenue, according to the secretary, who anticipates that the states will present their views to Congress.

Gift Tax Provision

"The gift tax provision was adopted on the floor of Congress without reference to committee," Mellon said. "In consequence it was never thoroughly studied and not tied up with the other provisions of the law."

Turning to fiscal affairs, Mellon pointed to a surplus at the end of the 1924 fiscal year of $505,000,000, somewhat higher than the estimates.

Total government expenditures in 1924 were reduced three billion dollars from the $6,482,000,000 maximum of 1920, according to the report.

The public debt, which stood at $21,250,000,000 June 30, 1924, was reduced $1,098,894,000 during the year, a total cut of $5,343,000,000 from the peak August 31, 1919. The aggregate cut reduces interest approximately $225,000,000 annually.

"Debt reduction is the best method of bringing about tax reduction," Mellon said.

Sam Seelig to Resign As Head of Company

Sam Seelig, who has been for fourteen years the directing head of the business bearing his name, has disposed of his holdings in the Sam Seelig Co., it was announced yesterday. Soon after the first of the year 1925, Seelig will resign as president and director of the companies and will retire from business, at which time W. R. H. Weldon will become associated with the management of the company.

No other changes are to be made in the personnel of the organization.

The announcement states that Seelig desires to thank the patrons of the company for the loyal support given to himself and associates in the years past.

Business Men Given Warning by President

(Continued from page 1)

great neighborhood, our common sense must tell us, if our self-interest did not, that our prosperity, our advancement, our portion of good fortune, must depend largely upon the share that shall be allotted to our neighbors.

At the last, those of us who are partners in the supreme service of building and bettering our civilization must go down, or must succeed or fail together, in our one common enterprise."

The president drew his text from the story of Joseph and the Israelites and the seven years of famine as unfolded in the book of Genesis.

Plenty and Famine

He depicted for his audience a striking analogy between conditions today and the experiences of the Hebrews. He called attention to the "seven years of plenty" that came to America during the war, and he noted the seven years that followed in its wake.

The trials of the Israelites, who, in their famine, went to the filled warehouses of Joseph, he likened to those of the American farmer in the throes of post-war depression.

"All the trials of depression the farmer has suffered will not be in vain, as it was with Israel, unless they are able to contribute to a the world a new thought, a new impulse, a new ideal," the president said.

"I recognize the necessity, if we are to better the lot of men, of large productivity and material prosperity. But we cannot think in terms of that alone. We cannot suppose that we are to be benefited by great production unless the men and women who furnish it are themselves benefited by it. We cannot neglect the human element in affairs."

The president hastened to elaborate upon his doctrine, however, that his meaning not be mistaken. He stated that he held no idealistic opinions.

"We can help only those who will help themselves," he said.

"I should never advocate the sacrificing of any part of our prosperity because of the vague hope that in following indiscriminate impulses of kindliness we might help some who are in worse condition than ourselves. Nor would I sacrifice our independence and freedom of action. I do not believe we are strong enough, or that any people ever was strong enough to accomplish any permanent good in the world through the indiscriminations of mere, unorganized, undirected generosity."

Cannot Travel Alone

"But," the president added, "we cannot hope indefinitely to maintain our country as a specially favored community, an isle of contentment lifted above the general level or the standards of humanity.

"We know that the way of assured and permanent peace is slow and difficult. We know that no nation can travel that way alone."

Benefit Card Party Aids P.-T. A. Fund

Glendale Federation, Parent-Teacher associations, added $60 to the treasury yesterday by the benefit card party given at the John Robert White, jr., home, 347 North Orange street. Attractive prizes were given by Mrs. White. Mrs. R. L. Young, vice president of the federation and chairman of finance; Mesdames C. L. Viereck, A. T. Wintersgill, Mesecher, C. H. Bird, Emil Johnson, W. R. Kugler and Dean Phillips were hostesses.

"We were most happy over the fine publicity given the affair by The Glendale Evening News," said Mrs. Young this morning. "Mention of the co-operation of The News was spoken of yesterday and the opinion expressed that much of the success of the afternoon was due to The News."

Different cities of Germany specialize in certain kinds of toys, wooden ones being made in Seiffen and vicinity, sheet iron guns and the like in Olbernhau and puppets and puppet plays in Marienberg and Zoblitz.

Coolidge's Reason for Early Morning Meals

(Continued from page 1)

were known it's the most convenient hour of the whole day for members of the congress and for the president. Ninety per cent of the members of congress eat breakfast between 7:30 and 8 o'clock. If the president were to invite them to lunch it would conflict with the meeting hour of congress which is noon and the two hours thereafter are usually the most important in the concongressional day. If the invitation were to be for dinner the president would find himself embarrassed by the number of declinations on the plea of other engagements. Senators and members of the house either have speaking dates or dinner engagements made ahead of time. Mr. Coolidge likes to get up these breakfasts on short notice and he can be sure of 100 per cent attendance if he selects the early morning hour.

Then, too, time is saved. Whole evenings would be spent after dinner in futile debate on public questions. Mr. Coolidge is not trying to tell congress his views except in official messages. There may come a time when he will need to follow up his recommendations for legislation with personal persuasion, but that is best accomplished as a rule by meeting members of congress individually or in groups of two or three.

Coolidge's Plan

What Mr. Coolidge is really trying to do is to erase the impression that because he is not a talkative individual he is aloof and cold. He wants congress to believe he is endowed with a spirit of fellowship and good will toward them so that if he essays leadership on major questions he shall not be accused of coercion and bossism.

Mr. Wilson rarely used meal hours for conference with anyone on official business and almost never invited members of congress to eat with him at the White House. He was criticized for it, though his plan was that it was the only time he found to give to the members of his family and that it helped him to relax. Presidents Taft, Roosevelt and Harding found, on the other hand, that it was a splendid opportunity to develop friendly relations with members of congress.

The Democratic members of the house and senate are looking on wondering what it is all about. One of them remarked today on how the times had changed, how if a Democratic president had repeatedly summoned only members of his party to conference he would have been called president of the Democratic party and how the emphasis on partisan administration by the party in power has come back again.

Those Invited

Mr. Coolidge, however, is inviting even the members of the senate who technically are known as Republicans but who have not been warm in their support of his proposals. Senator Norris of Nebraska thinks along the same lines as Senator La Follette on most public questions, but he was not excluded.

Senator Borah is as a rule on the opposite side of the administration, but he, too, was summoned. Mr. Coolidge is trying hard to bring his own party into harmonious relation with the White House but it does look as if Senators La Follette, Frazier, Ladd and Brookhart will have to patronize the congressional cafeteria for the president cannot ignore the recent action of the Republican members of the senate in reading the four rebels out of the party. The breakfasts are for Republicans only, those who have been good and who show signs of being good.

Oakland Pastor Heard At Missionary Meet

Rev. R. H. Moon, pastor of the Gospel Tabernacle in Oakland, delivered three sermons yesterday at the Gospel tabernacle, the meeting being the monthly session of the Christian Missionary Alliance. Rev. Moon took as his text for the sermon yesterday afternoon, Acts 12:5, which is Peter's deliverance from prison, "But prayer was made of the church unto God for him."

"Nothing is so needed by the church as prayer," said Rev. Moon. "Prayer breaks up the devil's program. Satan, now as in the days of our text, still stretches forth his hand to vex the church. Persecution drove the early church to prayer. Satan, himself, is the author of all prayerfulness. Mary, Queen of Scots, said that she feared the prayers of John Knox more than the armies of England.

"The early church was always between the devil and the deep sea and the only way out was by prayer. The prayer that brings results is the prayer that holds on in faith until the answer comes. The day of miracles has not passed. God still answers prayer. He is the supernatural God, and prayer is the mightiest force in the universe."

Club Members Prepare Dolls for Christmas

Cunning dolls to bring cheer to children's hearts at Christmas time were made yesterday at the special meeting of Glen Eyrie Social club at the Masonic temple. There were twenty-four dolls finished. The regular meeting of the club will be held Wednesday, December 17.
